We make a specialty of Gasoline, 60c in five gallon lots delivered. Mica and U. S. axle grease.

Also Headlight Oil, 150 Fire Test.

ROBERT YEAGER

Well known inventor from Boston, July 21—James F. Batesch, inventor of the fire extinguisher bearing his name, and a well known lecturer, died yesterday at his home in Dorchester, aged 53 years. He had filed several state patents.

NUGGETS OF NEWS.

The postoffice department has established free delivery service at Ocean Grove, N. J. France will strengthen her navy, a credit being voted by the chamber by a big majority and without debate. Miss Jean Ingelow, the distinguished poet and novelist, is dead at London. She was in her seventy-seventh year. Mrs. Drake walked out of a third story window in New York Monday night, but an awning saved her from serious injury. M. Zimorietz, Russian ambassador at Stockholm, has succeeded Count de Neidhoff at Constantinople, who in turn goes to Rome. British and Russian steamers are going to search the Siberian coast for Mr. Andree, who started on July 11 to cross the Pole by balloon. Cashier Henry Taylor, of Monroe & Co., New York, was sentenced yesterday to two and a half years at Sing Sing for embezzlement. Hugh McCandless, a farmer near Sharon, Pa., and his family were shocked by lightning Monday, and two of them are in a serious condition.

PITHY POINTS.

Happenings Throughout the Country Chronological for Handy Reference.

The funeral of the late Patrick Malone, of Mt. Carbon, will take place tomorrow morning. The park at Mahanoy City on Saturday afternoon will be the scene of a hot and base ball between the teams of Frackville and Jackson. There is bitter rivalry between these clubs. A deed was filed with the Recorder from Samuel Bower, administrator, to Frederick Emerich, premises in Rush township. The Commissioners have received a blank form for the alien tax return. It was sent from the State Department. Several Post, G. A. R., of Mahanoy City, will hold a camp fire beginning Thursday, August 21st. Col. P. J. Mounghan, of Girardville, has just been notified that he has been appointed Inspector at Large of the 15th District of the G. A. R.

The Pottsville Council refused to give the policemen a week's vacation with pay. A letter from Darby McDonald, the Mt. Carmel pugilist, now in San Francisco, states that he has contracted the gold fever and will leave for the new fields in Alaska. John Metcalf, who was injured at the Gibraltar crossing, by being run down by a coal train, is improving rapidly and expects to be at work in a few weeks. The Mahanoy township school board has not yet made its appointment of teachers for the coming year. The large grain elevator now being erected by Hoppes Bros., at Mahanoy City, is rapidly nearing completion.

The M. E. Sunday school, of Mahanoy Place, will hold their annual picnic on Saturday, July 31, at Lakeside. The Mahanoy Cornet Band will accompany them. Delano is taking care of some of the fresh air fund children from New York. The Phoenix Fire Company will hold their annual picnic at Columbia Park on August 17.

William Davison, formerly mine foreman at the Springdale colliery has accepted a position as inside foreman at the Seaman colliery, near Malvernville. Dr. E. D. Longacre has assumed charge of the Commercial Hotel stables.

"After suffering from dyspepsia for three years, I decided to try Burdock Blood Bitters. Two bottles cured me entirely." Mrs. G. C. Taberg, Oneida County, New York.

The People's Opportunity. From Pottsville Republican. Charles T. Straughn, of the Shenandoah Evening Herald, and genial George Brill, assistant train dispatcher of the L. V. railroad at Delano, are full-fledged candidates for delegates to the Republican State Convention. They will be opposed by that pair of heavies whose unsavory record is written in the proceedings of the late Legislature. Senator Coyle and Sergeant-at-Arms Wyatt. The latter will have the "blues" at their backs, as we have had to believe that the honest Republicans of the Thirtieth District will take advantage of this opportunity to express their contempt for these two "great" political "pretenders" by relegating them to private life and electing Messrs. Straughn and Brill, who are gentlemen with clean hands and clear heads, as well as Republicans who cannot be trifled with by local porthouse politicians or swayed by state "bosses." We may be mistaken, but for the good of the Republican party, and the sake of public decency, we hope not. There is much to be done by the coming convention, but what is done should be done by men whose actions will not bring disgrace, and perhaps defeat, upon the party.

Normal Schools Are Out. The State Normal schools will each have to get along with \$5000 less than they asked for in the next two years. Yesterday their representatives appeared before the Governor to show cause why they should get \$40,000 each, and they brought facts and figures to the front to prove that they couldn't possibly take less. The Governor intimated that they might not get anything, and they finally compromised by agreeing to take \$35,000, thus saving \$40,000 to the state that will be given to the smaller charities.

Initiation. The degree team of Wyoming Council, No. 30, Degree of Pochontas, of the Independent Order of Red Men, of Pottsville, will be in attendance at the initiation of the Junata Council, No. 31, at Logan's hall this evening. The meeting will be called to order at 7 p. m. Three new members will be initiated into the secrets of this order. An urgent request is extended to all members to be present as this will be a rare treat for all.

Thousands are suffering excruciating misery from that plague of the night, itching piles, and say nothing about it through a sense of delicacy. Instant relief in Doan's Ointment. It never fails.

Marriage Licenses. Arthur H. Moore and Lina Rohrbach, both of Tipton. Walter Pottzeiger and Annie Heider, both of Tower City. Harry Macherer and Kate Teter, both of Duchesville. George Miller and Sallie Parnell, both of Gordon.

George Leonhardt, of Girardville, and Katie Metzinger, of Mahanoy City.

Appointed General Agent. James J. Kelley, of St. Clair, county president of the A. O. H., has been appointed general agent in the counties of Sayre, Hill, Northumberland, Columbia and Carbon for the Iowa Life Insurance Company, and entered upon his duties on the 15th inst. The Iowa company's plan of insurance has been adopted by the State officers of the A. O. H., to whom the matter was referred at the last State convention, when the question of insurance among the members was strongly urged.

The Corner-Stone Found. The corner-stone of the old capitol building was found and will be opened by Governor Hastings. The stone was in the northwest corner of the building. It will be turned over by Contractor Korke to the board of public buildings and grounds to be stored away in the state library with other relics.

Letters Granted. Letters testamentary were granted Samuel Lovewain on the estate of Solomon Lovewain, late of Tamaqua, deceased, also to E. Malone, on the estate of Patrick Malone, late of Mt. Carbon, deceased. Letters of administration were granted to Elizabeth Staller on the estate of Levi Staller, late of Schuylkill Haven, deceased; also to Angelina Heckerl on the estate of Fred. Heckerl, late of Tower City, deceased.

Tamaqua's Electric Road. Work on the Tamaqua & Lansford Electric railway is being pushed to completion. The company secured the right to cross the tracks of the P. & E. and Jersey Central companies. Compliments are expected, however, with the Tamaqua Council. The company has failed to furnish a bond guaranteeing to pave between and eighteen inches on either side of the tracks. The Council also refuses to accept the T. rail in the borough limits, which the company want to put down.

Received a Flattering Offer. John O'Donnell, formerly of Tipton but now editor of the Mahanoy City American, has received a flattering offer from the Philadelphia Evening Telegraph to take a position in the business department of that paper. Mr. O'Donnell is yet undecided about accepting.

BABIES MUST EAT

Lactated Food by Far Best Summer Diet.

Children Fed on it Keep on Steadily Growing.

Gives Strength to Overcome All Bowel Disorders.

Diet That Excludes Every Chance of Diarrhoea.

Infants "Not Doing Well" Soon Improve on It.

Babies must not stop eating greedily and steadily because of hot weather. If they do, mothers should take alarm. Any interruption because of heat, loss of appetite or indigestion, should compel the immediate attention of mothers to baby's food. There is where the trouble lies.

Every day of retarded growth is a lasting setback in the child's development. A diet that does not show a gain in weight and size is lost and cannot be made up, on each day and night during these early years has its own allotted growth to answer for.

Summer and winter alike a healthy baby should show a decided gain, week by week.

During these important first few years, when the child is rapidly developing, no pains should be spared to secure food of absolute purity and sufficiently nourishing to make sure of complete and healthy growth.

The purest, most nutritious and the most easily assimilated infant diet is lactated food. A poorly fed baby may sometimes increase in weight and grow fat, but the flesh is flabby, the blood poor and thin, the skin white and the temper irritable. These are often the first symptoms of "rickets." By feeding the little one upon lactated food, which is declared by physicians to be the most perfect substitute for pure and healthful mother's milk, those symptoms are readily avoided.

Too many infants are literally starved because the mother's food does not agree with them, and some mothers are obstinately foolish enough to cling to breast milk when they perceive its insufficiency.

When infants throw up their milk or when they are not keeping up their strength, especially during hot weather, it is plain there is trouble with the food. Children "not doing well" when fed with this splendid nutriment gradually cry less and less; their sleep becomes sound by night, and by day they are bright and noisy and happy. Such is the great difference between babies that are nourished by lactated food and those that are poorly, because improperly, fed.

Lactated food has saved thousands of infant lives from cholera infantum, colic and fatal diarrhoea. Physicians prescribe lactated food to be kept always on hand and used at once upon the first indication of looseness, loss of strength, or if baby is not eating well and growing on its present diet.

Lactated food is easily within the means of the humblest home in the land. It is just now a necessity in every family, where there are young children.

YESTERDAY'S BASEBALL GAMES.

National League. At Chicago—Philadelphia, 9; Chicago, 2. At Louisville—Washington, 6; Louisville, 4. At Cleveland—Cleveland, 7; Baltimore, 2. At Pittsburg—First game: Pittsburg, 4; Brooklyn, 1. Second game: Pittsburg, 3; Brooklyn, 6. At Cincinnati—First game: Boston, 9; Cincinnati, 1. Second game: Cincinnati, 12; Boston, 1.

Eastern League. At Springfield—Springfield, 11; Buffalo, 1. Atlantic League. At Lancaster—Lancaster, 13; Reading, 4. At Hartford—Hartford, 9; Norfolk, 6. At Newark—Newark, 5; Richmond, 5.

Phonographic Appeal Fruitless. Harrisburg, July 21.—Governor Hastings has refused to recapture Peter Wassall, alias "Terrible Pete," who is to be hanged tomorrow at Wilkesbarre. Wassall talked into an Edison phonograph in the Wilkesbarre jail Monday, and yesterday afternoon the cylinder was brought to Harrisburg by the prisoner's counsel. After listening to the statement, in which Wassall accuses his brother-in-law of the crime of which he was convicted, the governor declined to interfere with the sentence of the court.

Vin, Sugar and Victory—these are the characteristics of De Witt's Little Early Balm, biliousness and all stomach and liver troubles. C. H. Hagenboch.

WILLIAMS WINS.

Awarded His Full Amount at the Arbitration This Morning.

The arbitration in the case of William P. Williams, the plumber, against B. G. Hess, was heard in the law office of M. M. Burke, this morning. The suit arises out of a dispute over the payment of the price of the contract to fit out two rooms with bath tubs in the house owned by the defendant. A balance of \$75 was still due Mr. Williams, who was awarded the full amount this morning. The arbitrators were Messrs. John A. Kelly, James Grant and E. W. Shoemaker, Esq. The plaintiff was represented by M. M. Burke, Esq., and the defendant by T. B. Boddell, Esq. Rumor has it that Mr. Hess will now resort to appeal.

Received a Flattering Offer. John O'Donnell, formerly of Tipton but now editor of the Mahanoy City American, has received a flattering offer from the Philadelphia Evening Telegraph to take a position in the business department of that paper. Mr. O'Donnell is yet undecided about accepting.

WELL QUALIFIED.

Mine Inspector Stein Urged for Chief of the Bureau of Mines.

The numerous friends of Mine Inspector William Stein are very desirous that he be appointed Chief of the Bureau of Mines, being well satisfied that he would discharge the duties of that important office to the satisfaction of all concerned. The announcement in last evening's Herald that the position would likely be tendered him by Governor Hastings, who has the appointing power, caused many expressions of approval, and was the principal topic of conversation among those engaged in and about the mines as well as those in other walks of life. Mr. Stein has, since emigrating to America, exhibited that spirit of liberality which is characteristic of the Scotchman. Being a close observer of mining matters, he is in every particular well fitted to fill the responsible position of Chief of Mines and Mining. He has had an extensive and varied experience in both the bituminous and anthracite mines, and is consequently familiar with all the systems of mining in connection with these coal deposits.

Mr. Stein is now serving his third term as Mine Inspector of the Sixth District, and has been instrumental in improving the condition of the collieries in his district and has the confidence of the workmen, officials and operators to the extent that they would be pleased to see him appointed to this new position.

We are informed that Mr. Stein has been engaged as a miner in the bituminous mines of Scotland for twenty years, and was for two years in a mining engineer's office in Glasgow studying mine surveying. In the anthracite mines of Pennsylvania he has been actively engaged for the past twenty-six years in various capacities.

If the position is offered him Mr. Stein will likely accede to the desire of his friends and accept, and the Herald with others would be pleased to congratulate him in his new field of responsibility.

When bilious or colic, eat a Cascares candy cathartic, cure guaranteed, 10c, 25c.

MAHANAOY CITY.

Items From the Big Town Over the Mountain Chronicled.

MAHANAOY CITY, July 21.—Francis Wernick, formerly of town, but now a Philadelphia police, is visiting friends here.

Jacob Swift, a Shamokin constable, arrived here yesterday with a warrant for the arrest of Michael and Andrew Urean, who skipped from Shamokin after defending a Polish stockkeeper of \$25. They were given a hearing before Squire May and settled the case by paying cost, part of the bill and giving security for the balance.

Charles Semillita, of West South alley, brought suit against four of his countrymen for assault and battery. The former was badly used up. The usual disposition was made of the case.

Thomas Bainbridge and Thomas Morrell, two respected residents of More, the latter a colored man, were before Squire May last evening charged by Anthony Moreovich with the larceny of \$2. It is claimed the money was taken while the men were in conversation at the More's store. There was no sufficient evidence and the men were discharged.

For the past several weeks a number of people have been engaged in cracking stone on the mountain with a view to selling the same to Wallace & Jones, the paving contractors. The stone crackers demand the same price paid last year, 90 cents a ton delivered and 30 cents a ton at the pile. The contractors refuse to pay more than 85 cents a ton delivered. Some of the men have cracked as much as forty tons.

About 9 o'clock last evening, Irvin Brecker, aged 16 years, climbed a telegraph pole, and when about twenty feet from the ground, attempted to reach a tree by a limb, when the latter broke and the boy fell to the ground, landing on his head and shoulders. He was picked up unconscious and is injured internally. He may not recover.

Burning, itching skin diseases instantly relieved by De Witt's Witch Hazel Salve, un-equalled for cuts, bruises, burns. It heals without leaving a scar. C. H. Hagenboch.

Complaint Against American Steamers.

Ottawa, Ont., July 21.—The Hibernian and Ontario Navigation company have complained to the minister of customs that American steamers are reported to be carrying excursions between Canadian points, contrary to law. The steamers evade the law by merely calling at an American port en route, thus giving the coloring of international trade to the proceedings. It is probable that the practice, which has been largely patronized by church picnics, and which extends all over the St. Lawrence, even down to Montreal, will be suppressed.

Infernal Machine For Edhem Pasha.

Suda Pesh, July 21.—The Postmaster Lloyd says that Edhem Pasha, commander in chief of the Turkish forces in Thessaly, was the recipient yesterday of an infernal machine, which exploded while it was being opened, severely wounding Edhem Pasha's arm.

DEAD STUCK FOR BUGS.

Kills Roaches, Flies, Mosquitoes and Bedbugs. Non-poisonous; won't stain; large bottles, at drug-gists and grocery stores, 25 cents.

PERSONAL MENTION.

Charles Jones left town yesterday afternoon for Martins Ferry, Ohio, where he will permanently locate. Mr. and Mrs. Morris Warm left this morning for Hamburg to visit friends. William Fowler, of St. Clair, was warmly received by his many friends here last evening.

William Walker, the victim of the accident at Wm. Penn colliery on Monday, is improving very nicely. Miss Margaret Boddell has gone to York Carbon and Tamaqua to visit friends. Grant Dodson, of Green Point, Long Island City, is visiting his brother, Howard Dodson, on North Main street.

William Butler, of West Lloyd street, is still lying in a critical condition. Mrs. Ralph Oliver, of North Main street, whose life was despaired of, is now improving. Joseph Boddell, of Tamaqua, transacted business in town yesterday.

Miss Lillie Boddell, of Wm. Penn, passed through town this morning on her way to Pottsville to visit friends. Mrs. Joseph Oliver, of North Main street, whose life was despaired of, is now improving. Joseph Boddell, of Tamaqua, transacted business in town yesterday.

At the home of the bride in Lost Creek at noon today, Miss Sadie Reese and William Jones were united in the holy bonds of matrimony. The wedding was strictly private, only a few of the immediate relatives of the contracting parties being in attendance. The bride is a daughter of the late Joseph Reese, who for many years was inside foreman at Packer No. 2 colliery. She lately resigned her position as a school teacher in West Mahanoy township. The groom is at present employed as a fire boss at Packer colliery No. 2. Rev. T. Maxwell Morrison, pastor of the Presbyterian church, of town, officiated. An elegant wedding dinner was served. Miss Florence Reese, sister of the bride, was the bridesmaid, and Mr. James Scott supported the groom. The couple left this afternoon on an extended wedding tour. Besides those present from the immediate neighborhood, were noted: B. H. Jones, Misses Katie and Emma Jones, Mr. and Mrs. J. W. Scott, Mr. William Scott, of Tamaqua; Mrs. John Reese, of Ohio; Mrs. T. W. Spurr and daughter, and Mrs. Knouquet, of Milwaukee, Wis.

Speedy Justice in Virginia.

Richmond, Va., July 21.—Joe Pife, a negro who attempted an insult upon Mrs. Marko, of this city, on Thursday morning last, and on that afternoon attempted the same crime upon Miss Russell, of Norfolk, who was visiting in a suburb of Richmond, was tried in the hustings court yesterday. A verdict of guilty, with the death penalty, was returned by the jury, and Pife was sentenced to hang on Aug. 24.

Reorganizing China's Fighting Force.

London, July 21.—The Daily Mail's Berlin correspondent says that China is about to reorganize her army on the lines of the German military, and that orders for rifles have been placed in Germany. A new Chinese fleet is to be constructed, half of the contracts for the new vessels going to England and half to Germany. The Armstrongs will supply the guns for the new fleet.
