BOARD ORGANIZES.

The members of the Mine Examining Board in this district met in the office of M. M. Burke, Esq., in the Egan building, last evening for the purpose of effecting a permanent organization and so acquaint themselves with the provisions of the new law governing with the provisions of the new law governing at the Meeting of the School Board and the Meeting of the School Board examination of miners. Mine Inspector Statu was present and offered a number of

anggestions to the Board, and explained some provisions of the new law.

An organization was effected by the election of Bavid Williams, of Wm. Penn, as president and John H. Reese, of town, securary. Thuse two officers will prepare certain questions, to be answered by applicants making application for certificates, in compliance with the recently emeted law. No certificates will be beared beared, honover, until the board. cates will be bened, however, until the board is thoroughly organized and in proper work-

Another meeting will be held on Saturday evening, when a full attendance of the mem-bers is desired.

The law allows the members \$4.00 a day compensation, for each day actually engaged to be paid from the funds in their hands.

KILLED LAST EVENING.

A Miner Meets Instant Death at Packer No. 5 Colliery.

The first fatal accident at Packer No. 5 collicry, since it resumed operations after an idleness of seven months, is that which resulted in the death of Michael Grady, shortly after six o'clock last evening. Grady was working in a gangway and had prepared to fire a shot. He placed the squib in the hole and tore off the end, shortening the squib to some extent. The signaf was given to fire and the match was applied and a discharge fee. the match was applied, and a discharge rate to let the improvements go on without sulted before Grady had time to seek a place advertising. of safety. TARIFF VOTE TO-MORROW.

Bellef That Senators Will No Longer Delay the Measure. Washington, July 22.—The senate oncluded the formal reading of the tariff conference report yesterday. The debate was spiritless in the main. Early in the day Mr. Jones, of Arkansas, made a contest against the conference committee on the ground that it had exceeded its authority in so amending the paragraph relating to printing paper as to place a retaliatory duty against the countries paying an export bounty on wood pulp. His point of order was debated at much length, and finally overruled by Vice President Hobart. This removed the only ob-stacle thus far encountered by the report.
