THE Sultan will comply when the six powers agree, which makes the outlook quite indefinite.

JAPAN's latest reply on the subject of Hawaii is said to be "quite stiff." It is an effective way to hurry up annexation.

THE delegation of gold miners from Klondike returned to civilization under a good stage manager from all accounts.

THOSE are great gold stories that come from Alaska, but people generally are resigned to an overproduction of the yellow metal.

BROOKLYN estimates from a new directory that its population is 3,356,000. It is the largest city that has ever given up its identity.

SECRETARY SHERMAN's sealing letter to England might have been more suave in language, but the facts as he states them still stand.

A FEMINIST is a man who can not keep step with American progress, and he is speedily invited to go off into a corner to do his grumbling.

A TRAIN on the New York Central R. R. last week ran 148 miles in 137 minutes. This means for one thing that the grade crossing ought to go.

IT is reported that Dr. Swallow will be nominated by the Democrats for State Treasurer, with a view to making ex-Governor Pattison their gubernatorial nominee next year.

TAMAQA people are apparently against an improved water system, and they will likely live to regret their own folly. The people of that slow town voted against an increased indebtedness for the improved condition of the water supply.

THE Car threatens to march an army across the Turkish boundary unless the Sultan stops quibbling about terms of peace with Greece. Once in motion the Russian troops would be apt to make a frontier the Sultan will not admit.

THE report from the Treasury Department that it cannot begin to meet the demand for one, two and five dollar bills is a tip to the business men. The small notes are beginning to fly; and those who shall gun for them with the best of weapons—the long range gun of publicity—will bag the larger share of the game.

RUD tape was recently illustrated in Paris. A pensioned policeman who had not drawn his allowance for two quarters presented the usual certificate that he had not died since the last payment. The money for the last quarter was paid, and then he was compelled to get a certificate covering the previous six months.

THE proposition to change Memorial Day so that it may fall on the last Sunday in May, instead of on the 30th, is being discussed in Grand Army circles. The reason assigned is the growing disposition to make the day one for games and pleasures and losing sight of its more solemn significance. The change to Sunday would add to the solemnity of the occasion.

THE advice of Secretary of the Treasury Lyman J. Gage, to a young college graduate desiring to enter practical life is worthy of attention. He says: "The young man should look around him and put his hand to the first honest work that offers, and then watch for the opportunities of life." The young man who shall act on this line is sure to succeed; but those who wait until the opportunities come around are pretty certain to waste their time and patience.

THE year ago ex-United States Senator J. Donald Cameron visited the Klondike region on a pleasure trip. The miners were then taking \$400,000 a year in gold nuggets out of the side of a mountain. The Senator corroborates what has been said about the severity of the climate, and thinks a man should have an iron constitution and enough money to see him through a season before he risks a trip to new fields.

AND now Alaska comes to the front with probably the greatest known gold mines in the world. Still, things are going badly for the silver advocates and the calamity shriekers. Even before these great discoveries in Alaska, there was reason to believe that this year's gold production would surpass that of any year in the history of the world, while the prospect of high prices abroad for our good crops warrants the belief that other parts of the world will be sending in their gold for our grain during the coming year.

FINAL TARIFF VOTE TODAY.
Senator Morgan Introduces the Resolution to End the Debate.
Washington, July 24.—The final vote on the tariff conference report will be taken in the senate at 3 o'clock this afternoon. An unanimous agreement to the report was reached in the senate late yesterday afternoon, after an exciting and dramatic debate. The proposition for the final vote came most unexpectedly from Democratic sources, the senior senator from Alabama, Mr. Morgan, presenting it. It was greeted with shouts of "Good! Good!" from senators on the Republican side, who for the first time saw the path clear for the final enactment of the tariff bill. Mr. Morgan's proposition was coupled with one that the senate meet at 10 o'clock today in order that speeches may be heard before the vote is taken. This was accepted as a whole, and the agreement was formally announced. Mr. Morgan expressed profound reluctance in submitting the proposition, but said he recognized the right of the majority to register their will.

The agreement was preceded by the anticipated personal colloquy that has occurred during the consideration of the tariff bill. Senators Foraker, of Ohio, and Allen, of Nebraska, joined issue over Mr. Allen's charges of fraud in the Ohio elections of last year. It led to such epithets as "baldie" and a pointed reference to the methods of court "specification."

Congress will probably adjourn its extra session tonight. This opinion is held by most congressmen, and unless an unexpected obstacle presents itself the opinion will be verified. It is intended that the house shall first adopt a resolution of adjournment, and then adjourn for the day. It is expected that the senate will adjourn for the day, and the house will adjourn for the day.

Even in the most severe cases of sprain or bruise, cut or burn, Thomson's Electric Oil gives almost instant relief. It is the ideal family liniment.

Wholesale Distillers Convicted, Tuesday, July 24.—The trial of 11 women and two men charged with wholesale poisoning was concluded here yesterday. Sentences were pronounced upon six of the prisoners. Four of them were condemned to death, one to a term of life, and one to a term of six years' imprisonment.

A FEMINIST is a man who can not keep step with American progress, and he is speedily invited to go off into a corner to do his grumbling.

DINGLEY TARIFF ENFORCED.
Governor Finney Says It Is Framed to Protect the Wealthy.
Detroit, Mich., July 24.—The Evening News publishes an interview with Governor Finney in which the governor denounces the pending tariff bill. He says that it is framed to protect the wealthy and to increase the duties on many of the commodities that are of interest to the people. He asserts that the tariff bill will cost the people millions of dollars.

WANT TO DO.
There is comfort in the knowledge as often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the kidneys, liver, bladder and every part of the urinary passages. It cures the ability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and uremic conditions that beset the aged, and are compelled to get up many times during the night. The mild and the extraordinary effects of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet sent free by mail. Mention EVENING HERALD and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

HOW TO FIND OUT.
Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

What do the Children Drink?
Don't give them tea or coffee. Have you tried the new drink called Grain-Go? It is delicious and nourishing and takes the place of coffee. The more Grain-Go you give the children the more health you distribute through their systems. Grain-Go is made of pure grains and when properly prepared tastes like the choice grades of coffee but costs about as much. All grocers sell it.

STOCK AND PRODUCE MARKETS.
The Grainers Advance in Price, Notwithstanding a Decline in Wheat.
New York, July 24.—Discussion as to the probability of increased earnings by the grainers in the present year is being given for the day. It was argued, however, that when the farmers were enriched by the good prices expected for their products, they would expend a portion of the proceeds that transportation channels would be benefited by a heavy return traffic as well as a large volume of tonnage to meet the demands of Europe and South America. Sugar fell 1/4, only on an effort to have it appear that the sugar schedule had inadequately protected the company, and that the company was to suffer from increased competition. Closing bids: Lard, 11.30; Tallow, 11.30; Hides, 11.30; Wool, 11.30; Leather, 11.30; Rice, 11.30; Coffee, 11.30; Tea, 11.30; Spices, 11.30; Oil, 11.30; Sugar, 11.30; Flour, 11.30; Corn, 11.30; Wheat, 11.30; Oats, 11.30; Hay, 11.30; Straw, 11.30; Beans, 11.30; Peas, 11.30; Potatoes, 11.30; Apples, 11.30; Pears, 11.30; Oranges, 11.30; Lemons, 11.30; Raisins, 11.30; Prunes, 11.30; Dates, 11.30; Figs, 11.30; Almonds, 11.30; Walnuts, 11.30; Chestnuts, 11.30; Pecans, 11.30; Cashews, 11.30; Pistachios, 11.30; Macadamias, 11.30; Brazil Nuts, 11.30; Almonds, 11.30; Walnuts, 11.30; Chestnuts, 11.30; Pecans, 11.30; Cashews, 11.30; Pistachios, 11.30; Macadamias, 11.30; Brazil Nuts, 11.30.

THE B. & O. IN COURT.
Two Inclusions by the Associated Victories for the Receivers.

The receivers of the Baltimore and Ohio Railroad Company were taken in the United States circuit court here yesterday, both resulting in what appears to be a victory for the receivers. The most important of these was the granting of permission to the receivers to issue another batch of certificates, amounting to \$2,500,000, for the purpose of adding to the present equipment of the road by the purchase of new locomotives and rolling stock. The other, on the face of it, would seem to be a setback for the receivers, in that it gives to certain of the bondholders the right to sue in the courts of Indiana, Illinois and Ohio for that portion of the system known as the "Chicago division," and permits them to secure separate receivers for that section of the road if the state courts deem such a step advisable.

The receivers, however, still hold a big trump card for the order permitting suits in state courts expressly stipulated that the new receivers, if appointed, shall not attempt to take actual possession of the Chicago branch without having first applied to the United States court in this city for permission to do so. This practically leaves the matter of a separate receiver to be fought out in a court which has already shown itself favorable to the present management and, at least, prevents the immediate disintegration of the system.

Georgia's Fair Authors
Tells Why She Uses Dr. Miles' Restorative Remedies.
Mrs. J. E. Harwell, one of the state of Georgia, writes: "It is with pleasure that I express my gratitude for the wonderful benefits I have received from Dr. Miles' Restorative Remedies, especially the Nervine, the Nerve and Liver Pills, New Heart Cure and Anti-Pain Pills. Actual experience has taught me their great worth. No family should be without them. They have fully restored me from a complication of disorders chiefly affecting the heart, nervous system and kidneys. When I travel I always take one of your Anti-Pain Pills before entering the cars and thus prevent swimming of the head and nausea, to which I have been subject for several years. Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerve sent free to all applicants." DR. MILES MEDICAL CO., Elkhart, Ind.
