THE MINERS' STRIKE.

Another Demonstration at Canonsburg Last Night.

DEPUTY SHERIFFS ORDERED OUT.

Dots and Other Leaders Are in West Virginia and Expect a Crisis Soon. The Kansas Miners May Be Asked to Join the Strike.

Pittsburg, July 25.—Sixty deputy sheriffs have been ordered out and are at the Union station awaiting orders to move. Their destination is kept a profound secret, but it is supposed they are to be sent to the mines of the New York and Cleveland Gas Coal company in anticipation of any raid that may be made. But as the strikers' officials declare that the contemplated march has been abandoned no conflict is expected. Another march on Canonsburg was begun last night. A big meeting at 3 o'clock yesterday afternoon. They were informed that the Allison mine intended to resume work in the morning and a very short time it was decided to make another tramp across the country and reinforce the 100 strikers that have been on guard.

They will remain until tomorrow morning. There was a great hurrying to and fro in all the mining settlements and a very short time it was decided to make another tramp across the country and reinforce the 100 strikers that have been on guard. They will remain until tomorrow morning. There was a great hurrying to and fro in all the mining settlements and a very short time it was decided to make another tramp across the country and reinforce the 100 strikers that have been on guard.

The whole country side along the line of march turned out to witness the sight. They reached the Allison mine at about 10 o'clock, and made the best of their way to the mine. They were met by the strikers and the Allison mine was closed. The strikers were informed that the Allison mine intended to resume work in the morning and a very short time it was decided to make another tramp across the country and reinforce the 100 strikers that have been on guard.

A Child's Recovery

FROM PARALYSIS AND SIX YEARS OF CONVULSIONS.

Little Fannie Adams, of Umatilla, Cured of a Dreadful Malady A Cure of Unusual Interest—A Reporter Investigates.

From the Lake Region, Seattle, Wash.

For some time past the Lake Region has been receiving reports from Umatilla, Fla., of an almost miraculous cure that had been effected in the case of Fannie Adams, a daughter of J. J. Adams, of that place, and last Saturday a representative of this paper made a trip to Umatilla for the purpose of determining the authenticity of the same.

The family live a short distance from the village, where it was found that the people were cognizant of the cure which had been effected, and were rejoicing with the family in their new found happiness. The father, A. J. Adams, is a hard-working, successful farmer from east Tennessee, and the family came to Florida four years ago in the hope that a change of climate would be of benefit to their afflicted child. Much of their earnings have gone for doctor's bills, whose services proved unavailing. The representative was greeted by Mrs. Adams, from whom he gained the story of her great trial.

Fannie, the youngest child, was born in east Tennessee, and was seven years old on the third day of February, 1897. When ten months old she was stricken with paralysis, which affected the entire left side. This stroke of paralysis was followed by convulsions, and from the time little Fannie was ten months old until February, 1897, there was not a single day or a night that she did not have spasms of the most distressing nature. Not a single convulsion, but it always three or four, and sometimes as high as ten in one day.

The family was all broken down with care, and Mrs. Adams states that for one year she did not go into her kitchen to attend her household work. All the fingers of the right hand of the little girl are enlarged and misshapen, caused by her biting them during the fearful suffering. The case baffled the skill of the best physicians, and they were fain to say that they could not determine the cause, or prescribe a remedy to aid the afflicted child.

It was a strange thing in that household for little Fannie has recently been released from her six years of agony, which brings the light of happiness to the faces of the parents. In January, this year, Mrs. Adams, who had purchased some of Dr. Williams' Pink Pills for Pale People for her fourteen-year-old daughter, determined to try their effect upon little Fannie. After three or four doses, she noted an improvement, and she then held the father what she had done. He at once went to the village and bought another box, and up to this time six boxes have been used. The first pills, Mrs. Adams was given in January, the latter part of her afflicted child. Much of their earnings have gone for doctor's bills, whose services proved unavailing. The representative was greeted by Mrs. Adams, from whom he gained the story of her great trial.
