AN INSURGENT VICTORY.

An Engagement Takes Place Near Cienfuegos.

SPANIARDS ATTACK A HOSPITAL.

General Rego's Troops Charge With the Machete, and the Spaniards Retreat in Disorder—Brutalities Practiced on Defenseless Persons.

Havana, July 27.—One of the hottest engagements of the war took place on Wednesday last at Cartagena, Burros and Los Eunucos, three small villages in the middle of estates of the same names near Cienfuegos. Details have just arrived here. The Spanish forces were the battalion of Saboya, and the Cubans were led by General Alfredo Rego. About 2,000 men fought on each side.

The Spanish were going to attack a Cuban hospital near Los Eunucos, when General Rego came to its defence. After brief firing the Spanish made a dashing bayonet charge on the Cuban vanguard, and the Cubans retreated. Had it not been for General Rego's courage the fight would have ended in the utter defeat of his men and the capture of the hospital. The Spaniards reached the hospital itself, but there Rego, collecting his men again, ordered them to charge "el machete." The Cubans then poured from all sides upon the Spaniards, and in the terrible hand-to-hand fight which ensued drove their foes back in disorder. Rego's shouts to his men and the fierceness of his attack decided the victory.

General Rego declares that the Spaniards behaved bravely until the order to charge with the machetes was given to the Cubans. Then they weakened, and in their flight left in the hands of their foes 92 rifles, 700 rounds of ammunition and their killed and wounded. About 200 hats were left on the field by the fugitive soldiers. The Cuban losses, as officially declared by Rego, were 24 killed and 50 wounded by the Spanish bayonet charge. The Spanish lost 40 killed and 64 wounded.

After a sharp skirmish with some insurgents four miles from Yaguajay, Santa Clara province, a Spanish force went to the hills of Vergara, where they found the house of a pacifico named Manuel Luis. They killed Luis, his brother Matias, another pacifico named Francisco Espinosa and the wives and five children of the three men. After the bodies had been cut to pieces, the Spaniards placed them in the house and burned it.

At Sierra Naranjito, Santa Clara, a large number of pacificos was concentrated, and they were all dying from hunger last week, and were not allowed to leave the place to search food in the country. They were crowded in 44 small huts, presenting a pitiful spectacle. A Spanish column passed, and some of the poor women asked the officers for permission to seek food for their dying children. The only answer was an attack by the Spanish soldiers on the defenceless people. The unarmed men tried in vain to defend their families. In the unequal fight all were slain except six old persons. Some women and children were also massacred. The six old male survivors, 30 women and 39 children were brought as prisoners to Santa Clara. The 44 huts were burned.

What do the Children Drink?

Dont give them tea or coffee. Have you tried the new food drink called Grain-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about ¼ as much. All grocers sell it. 15c. and 25c.

Death of a Chinese Leper.

Philadelphia, July 27.—Hop Yen Lee, a Chinese leper, died at the Municipal hospital yesterday. Hop was a native of China, where he was born 41 years ago, and his claim to distinction is that he was, until his death yesterday, one of two lepers in the city. The other is a white woman, who is now the only inmate of the leprosy ward of the Municipal hospital. Hop had been there seven years, and was considered one of the best patients in the institution. He was, according to the attendants, always contented and apparently happy, and his only failing was a fondness for tobacco. He was an inveterate smoker of cigars—when he could get them.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. Only fifty cents per bottle at A. Wasley's drug store.

Mosquitoes Kill a Man.

Matawan, N. J., July 27.—Monmouth county has been visited by a plague of mosquitoes, which has made life miserable for every one. In some parts of the county, and on Raritan bay shore especially, the mosquitoes have gathered in such swarms that it is common to see men and women walking along the road swinging branches of leaves about their heads to keep the insects away. A Swedish woman left her baby in a hammock for an hour, near a field where she was picking raspberries, and found the little one dead and almost covered with mosquitoes when she returned to it.

Household Necessity.

Cascarets Candy Cathartic, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, act gently and positively on kidneys, liver and bowels, cleansing the entire system, dispel colds, cure headache, fever, habitual constipation and biliousness. Please buy and try a box of C. C. C. to-day; 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

Terrific Hailstorms in Nebraska.

Omaha, July 27.—Specials from interior points give accounts of terrific hailstorms in various sections of Nebraska last night. At Franklin the wind blew a hurricane. Several houses were unroofed and a grain elevator was destroyed. At Kearney much minor damage was done in the city. Reports from the country have not been received, so damage to crops can only be guessed at.

Cereal Coffee Drinkers BEWARE!

If you have been deceived and tried one of the cheap bran substitutes now on the market, claiming to be the original and to have great food value, and you got a pound of poorly roasted bran for your 25c and a poor, weak, sickish drink (what can you expect from bran), don't be discouraged but try GRAIN-O. It is made from solid grain, nicely browned and 2 pounds for 25c. Grain-O takes the place of coffee at ¼ the price. Get a package of your grocer to-day.

PERHAPS THIS MAY HELP YOU.

"My food does me no good," you say. Then it does you harm. There is no halting place between these extremes. Digested food alone gives health and strength. Undigested food sours, or ferments, in the stomach and becomes a poison to the whole body. It causes headache, heart palpitation, liver and kidney trouble, distress after eating, pains in the chest and sides, and the tired, languid, heavy feeling we hear so much about. When the digestion goes wrong every function of the body goes wrong. Yes, and the mind, too. Men fail in business and die poor for no other reason than this—they are weakened, dulled and stupified by dyspepsia. The lives of a host of women are blighted in the same way. You may be one of this miserable multitude. The writer of these lines was one of your number a short time ago. I tried dozens of things to get cured; just as you have done, no doubt. The thing which at last succeeded with me may succeed with you. It is a discovery of those wise and good people—the Shakers, of Mt. Lebanon, N. Y.—called the Shaker Digestive Cordial. It is not a purgative, which at best gives only transient relief. It is in itself a digested food and also a corrector of the digestive function. You can eat and digest your food while taking this cordial. It helps you at once and soon makes the stomach vigorous and healthy. It is not like any other so-called dyspepsia cures. It is prepared by the Shakers principally from herbs cultivated by them. They do not ask us to spend a dollar for a bottle while we are in the dark as to its virtues. They take that risk themselves. Almost any druggist will sell you a trial bottle for ten cents, so that you can see whether it is what they say—and adapted to your case. And isn't the mere chance of a cure worth that much?

Personally-Conducted Tours via Pennsylvania Railroad.

That the public have come to recognize the fact that the best and most convenient method of pleasure travel is that presented by the Pennsylvania Railroad Company's personally-conducted tours, is evidenced by the increasing popularity of these tours. Under this system the lowest rates are obtained, for both transportation and hotel accommodation. An experienced tourist agent and chaperon accompany each tour to look after the comfort of the passenger.

The following tours have been arranged for the season of 1897:—

To the north (including Watkins Glen, Niagara Falls, Thousand Islands, Montreal, Quebec, Au Sable Chasm, Lakes Champlain and George, Saratoga, and a daylight ride down through the Highlands of the Hudson), July 27 and August 17. Rate, $100 for the round trip from New York, Philadelphia, Baltimore, and Washington, covering all expenses of a two weeks' trip.

To Yellowstone Park on a special train of Pullman sleeping, compartment, and observation cars and dining car, allowing eight days in "Wonderland," September 2. Rate, $235 from New York, Philadelphia, Baltimore, and Washington; $230 from Pittsburg.

To Niagara Falls, excursion tickets good to return within ten days will be sold on July 22, August 5 and 19, September 4 and 16, at rate of $10 from Philadelphia, Baltimore, and Washington. These tickets include transportation only, and will permit of stop over within limit at Buffalo, Rochester, and Watkins on the return trip.

Two ten-day tours to Gettysburg, Luray Caverns, Natural Bridge, Virginia Hot Springs, Richmond, and Washington, September 28 and October 12. Rate, $65 from New York, $63 from Philadelphia.

Don't Tobacco Spit and Smoke Your Life Away.

Death of An Alpine Climber.

Paris, July 27.—A dispatch from Grenoble says that the body of young Sorrel, the Alpine climber, whose venturesome feats have attracted attention this summer, and who started on the 18th inst. to make the ascent of Mount Taillefer, has been found at the bottom of a deep crevasse with his neck broken. He had evidently lost his way in the fog. He was only 19 years old.

John Griffin, of Zanesville, O., says: "I never lived a day for thirty years without suffering agony, until a box of De Witt's Witch Hazel Salve cured my piles." For piles and rectal troubles, cuts, bruises, sprains, eczema and all skin troubles De Witt's Witch Hazel Salve is unequalled. C. H. Hagenbuch.

GOLD FEVER INCREASES

Many Going to the Rich Fields of the Frozen North.

NEW ROUTES BEING PROJECTED.

Impossibility For Hundreds of the Gold Seekers to Reach the Mining Region This Year—A Military Post to Be Established.

Port Townsend, Wash., July 27.—The steamer City of Topeka arrived yesterday from Alaska. She brings news that the Klondike fever is on the increase at Juneau, nearly every able bodied man there either having gone—or prepared to go—to the rich fields. Authentic reports direct from Dyea are that there is now as much freight piled up at the head of the inlet as the Indians can pack over the divide in the next 18 months. This amount of freight will be more than doubled when the steamers Queen and Mexico, now en route, arrive. This condition of affairs practically precludes the possibility of hundreds of the gold seekers reaching the mining region this year.

Frank F. Myers, a Juneau newspaper man, will leave in two weeks for Dawson City. He will go by the route followed by Lieutenant Schwatka, who conducted an exploring party into the Yukon valley in 1889. This route starts from Takou inlet, 30 miles south of Juneau, from Takou to Lake Teatin, a distance of 130 miles over level prairies, and the country from Lake Testin is an open valley through to Yukon river by way of the Hootinghue river. With the aid of pack horses the Takou route is by far the more preferable. It is possible that a stage line will be operated over this route. Parties who have been over both routes say that the walk of 130 miles over the level country is more easily accomplished than that of the 15 miles over the Chilcat summit. John C. Brady has taken the oath of office, and is now Alaska's governor.

There was a motley throng on board the steamship Mexico for Alaska. Conspicuous among them was Joaquin Miller, who goes to Klondike as the representative of a San Francisco journal, and besides him there were five other correspondents of California newspapers, including one lady. All professions and trades were represented among these passengers. There were miners and prospectors who have been in every mining stampede from Pike's Peak to Cassiar and Cariboo, just as eager in pursuit of the alluring metal as they were in their younger and more vigorous days. There were also 30 women, wives of miners, a number of them going to join their husbands, already at the mines.

A Military Post For Alaska.

Washington, July 27.—The secretary of war is considering a proposition that has been made to him to establish a military post in Alaska. At present the government has no troops in that vast territory, and in view of the heavy immigration now going on, and the possible danger to life and property from lawless characters, he has been urged to create an Alaskan mining post. The post will be christened "Fort Alger," and will be located near the boundary line, about 250 miles west of Klondike and 2,200 miles above the mouth of the Yukon river. It was suggested that the troops be marched over the Dyea overland route to the post, but this will be impossible, in view of the fact that the British law, like our own, would not permit the passage of foreign troops over British territory without special permission. Therefore the troops will be carried up the Yukon in a steamer to establish the post.

Mexico's Rich Gold Mines.

City of Mexico, July 27.—It is predicted here that when the gold placer mining is developed in the state of Guerero, more gold will be taken out than in the Klondike region. Some placer mining is being done with excellent results, and labor is cheap and water abundant even in the dry season. One miner, an old Californian, reports taking out $24,000 in gold in May, and his average is $15,000 per month. The Indians in Sonora, who work in a crude way in the local gold placers, only operating when in pressing need of money, get larger returns for very little labor, and an explorer who has been through the remotest regions states that Sonora will equal California in its palmiest days as a gold producer.

Alien Law Not to Be Enforced.

Ottawa, Ont., July 27.—The cabinet today decided not to attempt to enforce the alien law in the Klondike district. The subject of royalty on the gold output was discussed, but was left over until tomorrow's session. Eighty additional mounted police will be sent on, however, to maintain law and order, and the United States authorities at Washington will be asked to give the right of way through disputed territory. Two customs officers will be sent to Lake Tagish, on the British frontier, to collect customs duties.

To Alaska by Balloon.

St. Louis, July 27.—Professor Rufus G. Wells, physician and scientist, has decided to attempt a trip to Alaska by a balloon. "It is the best and quickest way to reach the gold fields of Alaska," he said, "and I propose to construct a balloon that can be propelled at a great rate of speed and can be utilized to live in after the gold fields have been reached. The balloon will cost, fully equipped, from $15,000 to $20,000."

The Iron Strike at Scottsdale.

Scottdale, Pa., July 27.—The crisis in the Scottdale Iron and Steel strike will be reached today. A batch of new men arrived yesterday, and they express a determination to go to work. The strikers' committee labored with them unsuccessfully, and when they reported the result of their interview to the idle mill men the excitement became intense. Armed deputies are on guard about the mill property, and orders have been issued to arrest any person who trespasses. Both sides seem to be preparing for a conflict which nearly everybody expects and fears. Connections were made yesterday so the boilers and furnaces can be fired with natural gas, and while the officials of the company refuse to give any information as to the time they expect to start, their actions indicate that today will be the time.

A woman's work is hard in many ways. Unless the woman is strong and healthy her work will cause her much distress and pain, and she will suffer from headaches, and backaches and side-aches, and each evening will find her utterly worn-out, sick and disgusted with life. In this condition of mind and body she cannot be a loving and amiable companion for her husband when he returns from his work weary too in body and mind.

If a woman wants to live a happy, contented, loving, helpful married life she cannot take too much care of the health and vigor of the organs distinctly feminine, for her general health and strength is largely dependent upon her special health in a womanly way. Dr. Pierce's Favorite Prescription enables a woman to be always well and strong where a woman most needs health and strength. It acts directly on the important and delicate organs involved in her wifehood and motherhood. It makes them strong and healthy. Taken during the period preceding motherhood it banishes the usual discomforts and makes baby's coming easy and comparatively painless. It insures the new-comer's health and provides an ample supply of natural nourishment. It cures all weakness and disease, and headaches, backaches, and side-aches no longer torture her in her work. Over 90,000 women have testified to the wonderful virtues of the "Favorite Prescription" over their signatures. An honest druggist will not try to force on you a substitute for the sake of a few pennies added profit.

Dr. Pierce's 1000-page "Common Sense Medical Adviser" will be sent free, paper-covered, for 21 one-cent stamps to pay cost of mailing *only*. Or cloth-bound for 31 stamps. Address, World's Dispensary Medical Association, Buffalo, N. Y.
