BALLOT LAW CHANGES.
 Several Important Amendments Made by the Legislature.

The amendments to the Baker ballot law, made at the last session of the Legislature, change sections 3, 8, 9, 11 and are in substance as follows:

1. That the filing of an affidavit with the prothonotary of the county by five citizens representing a political organization that they have adopted a certain name or appellation gives the organization the right to the use of the name upon the official ballot.
 2. Prohibiting the duplication by nomination papers of the name or appellation of any party convention primary or caucus representing a political party which at the last election polled 2 per cent. of the total votes cast.
 3. Requiring that certificates of nomination and nomination papers for presidential electors, members of Congress and state officers, including Judges, Senators and Representatives shall be filed with the Secretary of the Commonwealth forty-two and thirty-five days respectively before the election, instead of thirty-five and twenty-eight days, as now.
 4. In case objections are filed to certificates of nomination and nomination papers for presidential electors and state officers the Court of Common Pleas must hear and decide upon the objections at least 10 days before the election, instead of at the discretion of the court as now.

5. Upon the official ballots the name of any candidate shall not appear more than once by nomination papers.
 The law in all other respects remains as at present. As amended, however, in the number of preventing the stealing of a party name by irresponsible or bogus organizations, if a bogus organization were to file its affidavit with the prothonotary, first the real organization would be compelled to adopt a new name to set on the ballot at all. One of the changes will tend to reduce the size of the ballot. The present system of voting an entire ticket by placing a cross mark in the circle at the top of the column is retained. The amendment to section 9 renders it impossible for two or more organizations to nominate or endorse the same candidate and get his name printed in their respective party columns.

Miners to Organize.
 About the middle of next month one of the largest conventions held in the anthracite region will convene at Pottsville, under the auspices of the United Mine Workers of America. A thorough canvass of the region will soon be inaugurated for the purpose of forming local in every mining village and town in this and adjacent counties. The organization has been encouraged by the passage of twelve bills favorable to miners through the Legislature, and subsequently signed by the Governor. These bills are all endorsed by the organization and John Falley, president of Anthracite District No. 1, was an active lobbyist at the State Capitol and watched closely the discussion of these measures and their final passage. All of these bills are beneficial not only to the miners but the residents generally of the hard coal region.

Deaths Recorded.
 From George Manney and wife to John H. Davis, premises in North Union township; from George M. Knoll and wife to C. M. Knoll, premises in Pottsville; from P. & R. H. K. Co. to Wm. H. Dixon, premises in North Manheim township; from the Hill Mountain Manufacturing Company to James R. McAtee, premises in Port Clinton; from John A. Lanck, administrator, to J. T. Krumer, premises in Pottsville; from Henry H. Leshar and wife to the School District of Edinburg, premises in Edinburg; from wife to James Collins, premises in Mahanoy City; from John Geit and wife to Edward Gottlin, premises in Mahanoy City; from Hurlietta Deibert and to Carlo Finarelli, premises in Landingville; from Frederick Krell by last to Catherine E. Bitner, premises in Tanawana.

Further Investigations.
 The Taxpayers' Association continue their investigation into the administration of county affairs at the court house. As J. Shortall, former clerk of the courts, was at the court house yesterday and announced that he was engaged to assist in an investigation of the business administration of the county. Mr. Shortall was in the committee rooms' office where he was given every opportunity to prosecute his work. He intimated that as the business of the county was transacted in the commissioners' office it would not be because of his to investigate any other office on the hill. He was reluctant in making any statement for publication further than to say that he would submit his report to Mr. Berner, agent for the Taxpayers' Association.

More Appropriations.
 Among the bills signed by Governor Hearings today was the appropriation for the State Hospital at Fountain Springs, \$70,000. Other bills signed were: Relating to municipal claims and liens and proceedings thereon, appropriating \$25,547.45 to the Home for Training in Speech of D at Children before day of school age, Philadelphia, appropriating \$107,930 to the Pennsylvania State Locomotive Hospital, Harrisburg.

The Beer Glass Again.
 In passing a saloon at the corner of Centre and Enock streets, late Saturday night, Anthony Sotignus was struck by a flying beer glass which bounded out through the door way. The glass inflicted an ugly gash on the head which required four stitches to stop the flow of blood. Pieces of glass were also removed from the scalp. His wound was dressed by Dr. J. Pierce Roberts.

 "Yardley dunned a crier worth ninety-seven cents to the minister, and put a tag on it marked \$16."
 "Yes?"

 Joseph Harwillis and Mary Potechey, both of McAdoo.

MAHANAY CITY.

The municipal dog catchers here strenuously deny the assertion made in a local newspaper that they got out of town to catch canines. They say the lady in Gilberton, who accuses one of them of going through that village with a dog on his back ought to have known better, that the dog contained coal and not dogs. They propose to submit their integrity to a searching investigation.

THE RACE TRACK.
 The Philadelphia Record of to-day contains the following about the Grand Circuit races at the Cleveland Driving Park yesterday: In the 2:17 class pacing Passing Belle was a hot favorite, with Walnut Lad holding second place in the estimation of the pool buyers. After the first heat Passing Belle won for 90 against 10 for the field, and evened her match over heat after a game of the bottom pitted their faith on Hamill's horse. The race was hotly contested by Passing Belle and Mabel P., but the former landed it in the fifth heat. In the race there were nine entries, "Allen," John A. Pittman's chestnut colt being among the number. The horse was injured in some manner and stated and was withdrawn in the third heat, and the extent of his injuries are not known. The race was for a purse of \$2500, and the best time made was 2:04.
Man and Wife Arrested.
 A laughable one-act farce, an exact reproduction of a fistic encounter which took place between three residents of Turkey Run, was enacted in the court of Justice Shoenmaker last evening. It terminated in a law suit in which Mrs. Maggie Zukowski swore out a warrant for the arrest of Frank Walczewicz and his wife, Benedicta. The plaintiff says that they both pounced upon her. Like raving lions, knocked her down and beat her shamefully. They were each put under \$500 bail.
To Build.
 Rumors were afloat to-day that the Columbia Brewing Company is preparing to make extensive improvements to their property on West Oak street, running from Pear alley to Jardin street. The purpose of the rumor is that the erection of a large four story brick stable will be begun.
