BOARD OF HEALTH.

A Reorganization Last Night and all Officers Elected.

The local Board of Health met last night for reorganization. The Council chamber being engaged for a meeting of the fire trustees the Board was permitted to meet in the parlour of the Columbia House Company and before the close of the session a resolution of thanks to the company for its courtesy was adopted.

The meeting was attended by President Spalding, Messrs. Morrison, Malone and Holman, Secretary Curtin, Health Officer Conry, and also Christ Schmidt, the newly appointed member. The latter presented his credentials and was duly sworn in by President Spalding.

There was no contest in the election of officers, the Board being unanimous in the sentiment that all the old officers should be re-elected. M. D. Malone was made temporary chairman after the old Board adjourned and J. W. Curtin temporary secretary.

Mr. Holman then nominated Dr. Spalding for re-election as president of the Board. The doctor stated that he was not anxious to be president, and was not unmindful of the good feeling on the part of the Board. He had served four years in the office and was sincere in asking Mr. Holman to accept the place, but did not shrink his duty should the Board desire to retain him in the position.

Mr. Holman said he did not wish the office and President Spalding was elected unanimously. John W. Curtin was re-elected secretary and Hon. Patrick Conry Health Officer by a similar vote.

After the election President Spalding stated that he had tried to do his duty in the past and would continue on that line, although he had learned that to do so it was absolutely necessary to become subject to criticism at times. Nevertheless he felt in his own conscience that whatever he had done was right and would continue, as in the past, performing his duty as his best judgment dictated.

Messrs. Curtin and Conry thanked the Board for their re-election, after which President Spalding announced the appointment of the following committees:

Rules and Regulations—Malone, Holman and Schmidt. EPIDEMICS—Morrison, Schmidt and Spalding. NUISANCES—Holman, Malone and Schmidt. PRINTING—Malone, Holman and Morrison.

Necrology—Spalding, Schmidt and Malone. ACCOUNTS AND SALARIES—Holman, Morrison and Malone. The Board then adjourned and, upon invitation of the Health Officer and Secretary, proceeded to Platt's cafe and regaled themselves with lemon soda and cigars.

An Excellent Entertainment. The first appearance of Miss Bernice Castello in Shenandoah, at All Saints' church last evening, so far as the talented young dramatic reader is concerned, met with every expectation. Those present were thoroughly delighted with the entertainment, and gave the recitations close attention. The presentation of "The Song that Reached his Heart," with violin accompaniment, was simply grand, while the garden scene from "Romeo and Juliet" was rendered with much dramatic power. Her imitations of a man, woman and child were excellent, as the gifted reader possesses a sweet yet powerful voice. The entertainment was a most enjoyable one, and the audience departed well pleased.

Smith & Bellis Restaurant. Purse of pea, free, to-night. Colliery Improvement. The P. & C. & I. Co. has commenced the sinking of a new shaft at the Strickland colliery, Shamokin, which will rank with the largest. It is to be about 400 feet in depth and 15 by 15 feet wide and will, it is expected, be finished in about 6 months. It will be divided into two compartments to be used as an air shaft and the other for hoisting the mine should it be necessary.

Died at the Hospital. John Deipster, the young man who was crushed about the abdomen yesterday by a loaded cart passing over him on the rock bank of the Hanamont colliery, died at the Miners' hospital last night. The remains were sent to the home of the parents at Girardville.

Caught by a Car. Paul Kuzlowski, of East Lloyd street, was squeezed between a car and timber in the Maple Hill mines yesterday and dangerously injured about the hips and abdomen. He was taken to the Miners' hospital.

Funeral of Miss Connors. The funeral of Miss Mary A. Connors, who died suddenly at the home of her sister, Mrs. Michael Martin, on West Centre street, on Saturday, took place this morning. Services were held in the Amoson church, where High mass was celebrated. The remains were taken to Pottsville for interment.

No Scarcity of Cars Now. The Philadelphia & Reading Coal & Iron Company's collieries resumed yesterday. So far the scarcity of cars experienced last week has been overcome. There is now plenty of cars at the collieries and the indications for a full week's work are very promising.

Eisenhower's Health is Poor. Theodore Eisenhower, the condemned murderer of Schmidt, was not in very good health for some days, but he is said to be much better now. Eisenhower has the good will of all the inmates of the prison. He is no bother at any time and always has a pleasant word for everybody.

Held For Assault. Joseph Miller was put under \$500 bail by Justice Shoemaker this morning on a charge of assault and battery preferred by Mrs. Honora Rierdon, who alleged that Albert pushed, threatened and used vile language towards her. The accused pleaded not guilty.

Will Retain the Pulver. The Hazleton Plata-Speaker is authority for the statement that the directors of the Lehigh Valley Coal Company have not decided to do away with their coal and iron police as was talked of. They will, however, re-organize the force and make several changes at an early date.

Gottshall May Die. Detective Levi Robb, of Mahanoy Plains, this morning went to Grier City and placed George Daubers under arrest for shooting Frank Gottshall, at Lakeside, last Saturday night. Justice Middleton, of Mahanoy, committed Daubers to jail as Gottshall lies in a critical condition at his home in Mahanoy Plains.

Log Mashed. Harry Mickey, a driver residing at Yatesville, had his left leg mashed by a dumper running over it on a dirt bank of the Knickerbocker colliery this morning. He was sent to the Miners' hospital.

TORTURED A SUSPECT

Remarkable Case Heard Before Justice Shoemaker Last Night.

BRUTALITY TO FORCE CONFESSION

The Victim Bound, Gagged and Suspended From a Nail in a Wall While His Tormentors Applied Lighted Matches to His Feet.

One of the most remarkable cases of atrocious conduct ever called before the Justices in this town was heard last night by Justice Shoemaker, who says it eclipses everything else in his experience. It brings to one's mind the awful systems of torture resorted to in ancient times to extort confessions from the hapless inmates of the Spanish prisons.

Lukasz Soudex, Andrew Petchak and Wladislaw Fredina, Slavs, bound in a house near the Shenandoah City colliery. Several days ago Fredina missed thirty dollars from his trunk and his suspicious fell upon Soudex. When accused the latter stoutly affirmed his innocence. Fredina still adhered to his theories and he and Petchak frequently discussed methods by which they might secure evidence upon which to base a warrant for the arrest of Soudex. They finally concluded that the only way by which they could accomplish their purpose was to torture the suspected man until he confessed.

Soudex evening Soudex was sitting on his bed reading a book which he brought with him when he came from his native land. Suddenly his two roommates, Fredina and Petchak, sprung upon him, pinioned his arms while the other forced a gag into his mouth. Soudex was then bound hand and foot, after which he was suspended with a piece of rope under his arms from a nail in the wall of the room. But this was only half the work the fiendish sealants had in view. With their victim in proper position they proceeded with a torture that almost drove the unfortunate victim crazy with pain. Procuring matches they lit one by one, holding the flames close to the soles of Soudex's feet.

They repeated the affliction until the feet were badly burned and later, occasionally removing the gag from his mouth, they sufficiently allowed him to speak, but not to make an outcry. Each time the gag was removed Soudex was asked if he would confess that he had stolen the money and tell where he placed it. Soudex reiterated his innocence and refused to be bribed. While the devilish work was going on another boarder entered the room. He hastily retired to secure help for the tortured man. Andrew Koszar, a special officer, was called and he went to the house, to his sorrow.

As he entered the place Fredina and his brother, Joseph Fredina, poured upon him and administered an unmerciful beating. Koszar was only too glad to get out of the house alive and did not take pains to see whether the tortured man was relieved.

Yesterday afternoon the facts in the case were laid before Justice Shoemaker and he prepared warrants upon which Andrew Petchak and Wladislaw and Joseph Fredina were arrested last night. The first named two were put under bail for trial at court on complaint of Soudex and the Fredinas were held for trial for beating Koszar, the special officer. Soudex has almost recovered from the treatment he received, but still walks as if stepping on unburned spikes.

UNFORTUNATE JACOB.

Robbed and Beaten and Deserted by His Wife. Jacob Laos, a Pole residing in Smith's row on South Main street, declares he has found the means to be relieved.

Which he figures seems to justify his conclusion. Up to Sunday last Jacob and his wife lived in peace and happiness. They were industrious and thrifty, and despite the hard times the husband succeeded in laying away a little money for a rainy day. An evil spirit seems to have suddenly seized his wife, however, and now Jacob is in sore trouble, pain—and a law suit.

On Sunday, according to Jacob, his wife broke open his trunk and stole \$100 from it. He discovered the theft and followed the wife to the home of a neighbor named Zallinski. The wife refused to return the money, or go home. It is charged that Jacob attempted to force her to do one or the other, but Mrs. Lizie Zallinski interfered. Jacob punched the latter on the nose and shoulder, and this started a general fight. William and Joseph Zallinski and John Szadick, connected upon the unfortunate Jacob, and after administering a severe beating, threw the victim down a stairway. It is claimed that the unfortunate man landed upon his head at the foot of the stairway and remained there unconscious for fully five minutes.

The fracas ended at this point. When Jacob revived he went home for reflection, and incidentally, also for some court plaster, which led him to the conclusion that his only hope for consolation was in a law suit. Last night he appealed to Justice Toomey and William and Joe Zallinski and John Szadick were created on charges of assault and battery. They pleaded in justification that Jacob came to their house and created a disturbance, but each was put under \$300 bail for trial at court. Mrs. Zallinski then preferred a charge of assault and battery against Jacob, and he was put under \$300 bail.

After the hearings before the Justice were concluded Jacob sought his wife again, but learned that she left town yesterday morning. It is believed she has gone to Troy, N. Y. Jacob can't follow her, as his bondsman will insist that he remain here until the suits are tried at the September term of court. Should the husband make an attempt to leave town the bail will be surrendered and Jacob will have to go to jail until the trials come up. Verily Jacob is badly handicapped.

Foster and His Weather Say. My last bulletin gave forecast of the storm wave to cross the continent from 29th to Aug. 3d. A cool wave will cross the west of Rockies country about August 8, great central valleys August 9th, and eastern states August 10th.

Foot Crushed. George Warwick, of East Centre street, and employed as a driver at Maple Hill colliery, fell on a dirt bank track at the colliery this morning and a car crushed his left foot. He was sent to the Miners' hospital.

Probable Double Murder by a Miner. Greensburg, Pa., Aug. 3.—Mike Morrenski, a Slavish miner at United, a small mining village on the Sewickley branch, shot and mortally wounded John Siewenski and his wife. Some time ago Morrenski bought a watch from Siewenski for \$10, paying \$5 on it, and promising to pay the balance on next pay day. He failed, however, to make good his word. On Saturday evening Mrs. Siewenski met him and demanded the pay for the watch. He at once handed back the watch, when she returned the \$5 he had paid for it. Sunday evening Morrenski went to the Siewenski residence and opened fire upon them, with the above result. He then fled, and thus far has evaded arrest. The wounded persons are still living, but with little hope of recovery.

Child Drenk Embalming Fluid. Scranton, Pa., Aug. 3.—A 17-month-old child, a son of Mr. and Mrs. Adam Yoppe, met death in a peculiar manner at Throop, four miles north of this city. An uncle had died of a wasting disease and it was necessary to embalm the body. An undertaker, after treating the remains, left the embalming fluid in a cup beneath the board on which the corpse lay and instructed the family to occasionally apply the solution to a cloth on the dead man's face. The little child was permitted to play about the room containing the corpse and drank the fluid from the cup. Several physicians could not save its life.

Bishop O'Hara in a Runaway Accident. Scranton, Pa., Aug. 2.—Right Rev. Bishop William O'Hara, of the Scranton Catholic diocese, narrowly escaped death in a runaway accident yesterday. The bishop, who is 82 years old, accompanied by Rev. Michael Loftus, of the St. Peter's Cathedral parish, was en route to visit a sick priest. Going down Marion street hill the horse became unmanageable and ran three blocks. The carriage grazed a trolley car and collided with a telegraph pole and was demolished. Bishop O'Hara escaped with a slight scalp wound.

STRIKING MINERS!

Exhibit Excellent Behavior and Are Law Abiding.

A CRISIS IS NEAR AT HAND!

A Large Number of the Men Who Attended the Great Mass Meeting Were Nearly Dead From Hunger—Sheriff Levy Telegraphs the Governor.

Pittsburg, Aug. 3.—The striking miners have broken all records, both as to members attending their mass meetings and the excellent order and law abiding behavior they have exhibited. Too much praise cannot be given the strikers for this latter condition. They have been subject to the control of leaders who, according to former experience, have so forcibly instilled into the minds of their followers the stupidity of law breaking that the peaceful attitude and actions of the strikers have been a source of wonder to all the prophets, who have from day to day predicted their complete defeat. It is conceded by all that in former times, under similar circumstances, riot and bloodshed would have resulted long ago from the conditions under which the miners have been placed during this strike. It is the hope of all well wishers of the strikers that this peaceful attitude will continue throughout, and until the contest is settled definitely.

The mass meeting of miners at the McCrea school house yesterday was the greatest during the strike and probably the largest gathering of the kind ever seen in Allegheny county. More than 5,000 striking miners were gathered. Sixteen hundred miners came from Turtle Creek, and when they came in sight there was much cheering. They came down to the camp at the school house with banners waving in the breeze. A few minutes after the arrival of the Turtle Creek miners the speakers arrived in a carriage. They were M. P. Carrick, president of the Painters' union; W. A. Carney, vice president of the Amalgamated association; Mrs. M. G. Jones, of Chicago; and M. J. Coughlan, of the Painters' union.

It was announced that but 29 men were at work yesterday in the Plum Creek mines, while only two or three were in the Sandy Creek mine. The policy of the miners is to form camps at these mines, as well as at the Oak Hill, and maintain large parties on guard. President Dolan announced that he could get land from private parties on which to pitch his camps. The feeding in the camp was one of triumph. The miners claim that they are on the high road to success.

A large number of the men who attended the meeting were nearly dead from hunger. Some of them had eaten nothing since 4 o'clock Sunday, and the commissary wagon had not yet arrived on the local gridiron.

The condition can be said to be critical. Both sides feel that there is a crisis near at hand. The officials of the New York and Cleveland Gas Coal company give out the statement that their forces have been increased in the Turtle Creek and Sandy Creek mines. The hearing of Patrick Dolan will be held this afternoon before Judge Semple, of Turtle Creek. The miners' officials have retained attorneys and the case will be fought to the bitter end.

Whatever the immediate culmination of the strike situation may be in this district it is evident Sheriff Levy considers the time a critical one. Last night he telegraphed Governor Hastner fully concerning the conditions existing here, with the evident purpose of having the governor prepared for any emergency that may arise in the near future. It is learned that the governor has been so impressed with the gravity of the case that he has telegraphed the attorney general, and has prepared for any requisition that may be made on him for troops. The only surface occasion for this precaution is the fact that last night an immense procession of miners and citizens, headed by Burgess Teats, of Turtle Creek, marched through the streets of the borough and back again to Camp Determination.

The Rose Did Not Work. St. Louis, Aug. 3.—A great effort was made yesterday to stampede the striking miners back to work at and around Belleville, Ill., but it was a dismal failure. At all of the mines south of the town and several in other directions fires were lighted, great clouds of black smoke poured from numerous stacks, whistles were blown long and loud, but the rise did not work for only six men out of the several hundred strikers living around about went into the mine.
