## The Passing of Coyle.

The result of the First Legislative district convention, reconvened on Saturday for the purpose of electing two delegates to the Republican state convention, was a grand victory for the Republican voters of the district, and for purer politics. The issue was clearly drawn the anti-Coyle forces arrayed against the Coyle followers, was horrised, but refused to make any There is comfort in the knowledge so and the former won against great comment. and the former won against great comment. ndds. It was not a question of men. but rather an uprising of the rank and file of the party against the dominering spirit of the Senator who misropresented this Senatorial district at Harrisburg.

The result of the contest is gover ally conceded to be the passing of Coyle as a factor in the politics of Schuylkiff county, and especially that portion within the boundaries of the Phirtieth Senatorial district. No one realizes this more than Coyle himself The result was forestudowed in these edimine a day or so ago, and in predisting his defeat we muraly expressed the conviction of the Republican voters. Had the contest been in the hands of the latter, the verdict would have been more emphatic. This is plainty shown in one or two instance when the voters petitioned their representatives to vote for the candi dates carrying the auti-Coyle banner. A notable instance in this respect was

the Fifth ward of Mahanoy City. The contest was a battle royal, and Ron SHERIPF, the fact that Mesors, Brill and Stranghn, with the great odds against them, came out victorious is due in a great measure to the loyal support they received at the hands of their subject to Republican rules. friends, and the freedom with which the majority of the delegates in the pon summer. convention gave expression to their

of a rebuke to the Senator from this district than a personal victory for themselves. And the rebrice is all the stronger because of the means resorted to by Coyle and his followers to save him from defeat. He long ago realized that a defeat at this time meant political oblivion, while succeses would assure him a renomination and election to the Senate. But things are different now.

Coyle is politically dead, and he has buried some of his friends with Jahn.
