Friendship's Test.

A certain young lady who is plentifully endowed with the choicest gifts of nature went to a bosom friend the other day and said:

"Marion, I do wish there was some way to find out who among the young men of my acquaintance are sincere and honest in what they say to me. They are all such flatterers that I never know when to believe what they tell me and when not to. I distrust falsehood above everything, and it would please me greatly to know those among my friends who are really sincere."

"I will tell you a way," said Marion, who was a sensible, thoughtful little woman. "The next time you have a number of them coming upon you stand up and recite a dramatic poem for them and tell me what they say about it."

The young lady consented, and some time afterward, when five or six of her warmest admirers had gathered in her parlor, she offered to give them a recitation and did so.

She hadn't the slightest idea of elocution and no dramatic talent whatever, but she went through with it, and it was very, very bad, even for an amateur.

A few days later she met her friend, and she asked her how her effort was received.

"Oh," she said, "they were delighted with my recitation. Tom and Charles and Dick and Harry were perfectly entranced. They said Sarah Bernhardt couldn't have equaled it."

"Did every one praise you?" asked her friend.

"All but Mr. Watson. He sat back in his chair and never applauded at all. After I had finished he told me that he was afraid my forte was not in the dramatic line."

"And now," said her friend, "you know who is sincere and who is not."

"Yes, indeed," said the fair girl. "Your test was a complete success. I'm going to begin studying for the stage right away, and I'll never speak to that odious Mr. Watson again."—Detroit Free Press.

Announcement Picnic.

One of the largest picnics ever held at High Point park was that of the Sunday school connected with the Annunciation church town to-day. At least 1,500 children and adults went out to the park before noon to-day and many went this afternoon. Several members of the Grant Band were in attendance at the picnic. Ice cream and refreshment beverages were furnished on the grounds free of charge. The congregation of the church is sounding the praises of the pastor, Rev. H. F. O'Reilly, for his generous action in connection with the affair. It is the first picnic the Sunday school has held and the joy of the children was unbounded when Rev. O'Reilly consented to allow it to be held. The outing will have a beneficial influence in many respects. The Lithuanian band also participated in the festivities this afternoon by rendering musical selections.

New Chandeliers.

The Trinity Reformed church on West Lloyd street, has been beautified on the interior by the addition of large chandeliers and several bracket lights. The chandelier contains 24 lights, and is of the combination order, 12 electric lights and a similar number of gas lights. The trimmings are of brass and present a neat appearance. A smaller chandelier is placed in the gallery, with eight lights. Two large bracket chandeliers on each side of the church, while each vestibule is illuminated in similar manner. One advantage of the combination is that the congregation will not be without light should an accident occur to either the gas or electric light plants. They were presented to the congregation by the different societies of the church, and Rev. Robert O'Boyle, pastor of the church, can facilitate himself upon having one of the best lighted churches in the town.

JAPAN'S GOLD CURRENCY.

Preparing to Introduce the New Standard on Oct. 1.

San Francisco, Aug. 11.—The steamer Peru arrived yesterday from Yokohama via Hong Kong with the following Japanese advices:

There is no doubt whatever that from Oct. 1 next Japan will have a gold currency. A circular issued by the Specie bank announces that from that date it will pay gold for Bank of Japan notes. The Osaka mint is very busy at present minting new gold coins, 1.20 yen each being struck first. The project is to mint 10,000,000 yen worth of subsidiary coins, including 50 sen coin, within the year. In order to expedite the issuance of the new coins the usual summer vacation of officials has been dispensed with.

Train Wreckers at Work.

Phillipsburg, N. J., Aug. 11.—Train wreckers have been at work again on the Central Railroad of New Jersey, and Monday night for the fourth time in as many months their dastardly work accomplished the wreck of two fast freight trains, the blocking of the tracks until 5 o'clock in the morning and the loss of at least \$50,000. Train No. 418 was wrecked just west of White House, the engine striking a pile of ties. The engine and 14 cars were derailed and their contents scattered along the track. Engineer Shupp, of Mahanoy, remained at his post and heroically escaped with his life. Conductor Matras is reported seriously hurt. Another fast freight ran into the debris, and the engine and two cars of fish were demolished. Engineer Strubbe and Conductor Moynahan were hurt.

Ornament Wins the Derby.

Detroit, Aug. 11.—Ornament easily proved his superiority in the international derby yesterday, and won the star feature of the Detroit Jockey club's opening day at Grosse Pointe with the greatest ease. Much of the interest in the derby as a contest was taken away by the manner in which Ornament won. He took the start at the start and was never hurried, winning to a gallop in 2:36. He crossed the line three lengths in front, steady as a rock. The race was worth \$8,000, of which \$7,000 went to the first horse, \$700 to the second and \$300 to the third.

Great Damage by Hurricane.

Greensburg, Pa., Aug. 11.—A hurricane passed over the eastern part of this county about 5 o'clock yesterday morning, doing great damage in its course, which was very narrow. The roof was blown off R. M. Dutt's barn in Derry township, while Supervisor Marshall's barn, in the same township, was badly wrecked. Trees were blown down, small buildings destroyed and growing crops ruined in the path of the storm. It was the worst storm ever experienced in the eastern part of the county.
