Force Intact.

Contrary to the supposition entertained by many, the meetings that are being held at Hazloton with a view to a reorganication of the Coal & Iron police force have no bearing on the C. & I. police force in the Mahanoy district. In connection with the newspaper reports of the moetings it has been stated that there will very likely be an increase in the force. This has caused some men in this district to entertain hopes that they may be selected for the increase, but they are only wasting their thoughts.
