the Public at Large.

Many a reader of this in Wilkes-Barrs has seen the large watch sign, that hangs out at 40 North Main street. It is there to tell the people who see it that Robt. W. Haight, watchmaker, etc., can be found at that loca-tion, and perhaps you may doubt the follow ing, in which case you can always find Mr. Wright at his address ready and pleased to varify it. Watchmaking so it is called, is no doubt thought to be a comparatively easy business on the constitution of a man, but this is not the case. The constant stooping position maintained while at work brings with it many aches and pains. Such positions in time effect the action of the kidneys, and this is just what it did in the case of Mr. Haight and he began to look for a remedy that would relieve. At last he was rewarded. One day he read of Doan's Kidney Pills. Nothing was claimed for them, but that they were a kidney cure. All the ills that fiesh is heir to were not set down as being subject to their wonderous influence, and this inspired and then considered the resolution conconfidence in them. The symptoms de-scribed by kidney suffers were his symptoms. He began taking them. Three or four does brought a change, and day by day he grew better, now he says: "I am entirely over my trouble. Howe remedies I have used, but found but little relief of a temporary but found but little relief of a temporary nature. My greatest trouble was lameness and stiffness in the back, with sharp, shooting pains in the region of the kidneys. I con-sider Doan's Kidney Fills a good and ante

remedy, and I recommend them to others." No better proof of merit can be afforded than Take a blood remedy for a blood disease; the plain facts as stated by these who know by experience. Call on Mr. Haight if you loubt this.
