THE RESOLUTIONS.

Adopted by the Republican County Convention Yesterday.

The following resolutions were adopted by

the Republican county convention held yes-terday in Pottsville :

terday in Pottsville:

The Espublican party of Schuylkill county, in convention assembled, hereby affirm their unwavering allegiance to the traditions, principles and purposes of the great Espublican party as set forth in the National Platform adopted at St. Louis last year, and point with pride to the splendid record of the party which has illuminated the page of American bistory with many forms achievement. with pride to the splendid record of the party which has illuminated the page of American history with many famous achievements and has been a potent force in the development of American institutions and liberty. Much as we repoles in what our party has adopted the continuance of Republican supremacy will confer blessing and benefits on the people that cannot be numbered and as the party of American ideas and great men it has always stood up for the highest form of civilization and independence. Its existence has been collected with our progress and prosperity and although it has been little more than five months since the party was again intrusted with power, an era of confidence and good times has begun that will remain as long as the Republican Administration exists. It has redouned its pledges and promises to the American people in the prompt enactment of the Dingley bill, that enacres protection to the laborer and industries of this county and will supply a surplus for the government instead of a deficit. The result of Democratic legislation and the cause of general distress, consternation and bankrupicy. The prompt action of the House of Representatives on the Monetary Commission bill is an assurance that the money question will be settled by the party is power to the satisfaction and great good of the nation.

We favor stringent and effective laws prohibiting the quignation of foreign parpers criminals, illiferate and all other undesired.

We favor stringent and effective have pro-hibiting the enigration of foreign paupers, criminals, illiferate and all other undesir-able classes, who have invaded our shores and threatened not only our national ex-istence but the homes and firesides of Amer-ican free men. We call upon our United States Senators and Representatives in Congress to do their utmost to secure the passage of such laws and condemn the act of the Democratic President who vetoed the bill that provided a safeguard against dan-gerous foreign emigration.

differences existing between employer and employe will soon be reached. Labor should always receive its proportionate share from the profit of the indinstry in which is it employed and legislation should be enacted to reach this cut.

We commit ourselves to an honest and capable administration of public affairs and denounce every and any form of corruption in office. Some of the practices known to be carried on by public officials and have their origin in Democratic rule, and it is our determined purpose to enadicate the evils not already wiped out.

We athlare to the stand which our party has taken in favor of a non-partisan judiciary, as the term of the judge of the Court of Common Pleas of this judicial district will expire with the classe of the present year, and we recognize in him an honest and impartial judge, who has always discharged the responsible duties of his high office faithfully, efficiently and with marked ability. We recommend that the party give him an unanimous nomination and their united support for re-election.

We heartily endorse the administration of that great champion of labor and the working income in the annuls of American history.

We sunderse the administration of Governor Daniel H. Hastings and the course of our United States Senators, Hon. Matthow Stanley Quay and Hon. Bols Penrose and the Hon. Churies N. Brumin, our representative in Cangress.

We condule with the family of the late David D Phillim who was a lifelong active in Cangress.
