WINDKIDNAPED BOY FOUND.

Little John Conway Was Stolen by His Own Uncle.

A CONFEDERATE SOAPS ARREST

After placing the boy in the hands of Newspaper Men, and Demanding a Promised Ransom, He Fled on the Rescuers and Fled.

Albany, N. Y., Aug. 20.—Five-year-old John Conway, who has been at the mercy of kidnappers since Monday, was returned to his parents yesterday through the efforts of private detectives and reporters. The child was abducted by his uncle, Joseph Hardy, and H. G. Blake. Hardy was being pined under arrest, but Blake escaped from his captors and is being pursued by a squad of police.

Beware Of Mercury!

Mr. Henry Roth, of 1848 South 9th Street, St. Louis, was given the usual mercurial treatment for contagious blood poison. He was twice pronounced cured, but the disease returned each time, and he was seized with rheumatic pains, and red pimples and sores covered his body.

"I was in a horrible fix," he says, "and the more treatment I received, the worse I seemed to get. A New York specialist said he could cure me, but his treatment did me no good. I was told that I was suffering from 'Mercury' and that I was being treated with 'Mercury'."

What ever, I was still full of pain, my left arm was useless so that I was unable to do even the lightest work. This was my condition when I began to take S. S. S., and a few bottles convinced me that I was being benefited. I continued the medicine, and one dozen bottles cured me sound and well. My system was under the effects of mercury, and I would soon have been a complete wreck but for S. S. S.

S. S. S. (guaranteed purely vegetable) is the only cure for real blood diseases. The mercurial treatment of the doctors always does more harm than good. Beware of mercury. Books on the disease and its treatment mailed free to any address by Swift Specific Co., Atlanta, Ga.

BILIOUS PILLOUSNESS

WHY SOME BILIOUS PEOPLE TAKE PILLS AND OTHERS DON'T.

Biliousness is much misunderstood. To many people here it, that is worth understanding, the more so as it is easy enough, if you begin right.

Liver secretes a fluid called bile. Bile goes to the intestines, where it performs important work in digestion. Sometimes bile passages in liver get clogged. This is biliousness.

"Billiousness" is the idea that by taking a pill which stimulates the liver, we may cure biliousness. It is only an idea.

Bile-taking relieves but does not cure it. The cure can only come through the stomach.

Billiousness is caused by the poison of undigested food, irritating the liver. To cure biliousness, these poisons must be got out of the stomach. The only way to do this is with Shaker Digestive Cordial.

Shaker Digestive Cordial is a pleasant, tonic aid to digestion, prepared from roots, herbs and wine by the Shakers of Monks Lebanon. It helps the stomach to digest its food, and sweeps out of the system all dangerous poisons.

In this way it cures biliousness, headache, nausea, dizziness, bad taste, stomach-ache, fever, flatulence, constipation, loss of appetite, etc., when other remedies only give temporary relief.

All druggists. Ten cents for a trial bottle. Write for interesting book to The Shakers, 30 Reade Street, New York.

FATAL DUST EXPLOSIONS

In the Elevator of the Davenport Glucose Works.

FOUR KILLED AND TWO INJURED.

A Crowded Grand Stand at the Cycling Races at Hutchinson, Kan., Gives Way, Throwing Five Hundred to the Ground—Many Injured.

Davenport, Ia., Aug. 20.—The elevator of the Davenport Glucose works was the scene of two terrific dust explosions yesterday, as a result of which four lives were lost and two persons seriously injured. The dead are: John Hans, 53, from top of building, 60 feet; John Hans, fell from top of elevator; William Wolf, caught by falling wall; Paula Wolf, caught by falling wall. The injured are: Frank Stabina, caught by falling walls and injured on the head and legs; Henry Holm, injured on the head and face.

The first explosion threw down the south wall of the building and a considerable portion of its side walls. The second added horror to the situation by throwing down the fire escape, Hasp, Hamm and Holm were in the cupola on the building at the time. Holm escaped to an adjoining roof. The others ran for the fire escape and were unable to retrace their steps. They were gradually crowded to the edge of the roof, where they stood 60 feet above the battling firemen and anxious crowd of spectators.

Hans dropped to the pile of brick and debris beneath him and was killed. Hamm endured his agonizing situation for some time, but finally leaped into space and his body was crushed by the fall. Wolf and his daughter lived to be carried to Mercy hospital, where they died soon after. The property loss is small and fully insured.

PROFESSIONAL CARDS.

D. W. H. YINGST, VETERINARY SURGEON. Graduate and Late Resident House Surgeon University State of N. Y. Headquarters—Hotel Franny, Shenandoah. THREE YEAR COURSE.
