The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is extained. Hall's Catarith Cure is the only positive cure known to the medical frakenity. Catarith being a constitutional disease, requires a constitutional frautocent. Hall's Catarith Cure is taken internally, acting directly apost the blood and nucous surfaces of the system, thereby destroying the faintiation of the disease, and giving the patient strength by building up the constitution and assisting nature in slong its work. The properture lave so tunds faith in its curaitive powers, that they offer One Humired Boliars for any case that it fails to cure. Send for list of testinomials.

"GOLD DUST."

HIS HOUSE IN A THEE TOP.

"GOLD DUST."

The Aerial Rome of an American Settler

In Nicarugua and Its Advantages. "I had heard of old man Wildeson's house in a tree almost from the day I set foot in Nicaragua," said T. F. Drew. "Later, when business took me to Rama, on the Rama river, I not only saw it, but was a goest in it for a day and a night. Formia.

Vis the true pathway, "The Iron Mountain Route," which traverses a region of perpetual sunshine, where snew storms, blizzards or the content of the the construction of his strange acris heine. It is a three story house, built in an elo tree 60 feet from the ground. The wood of the elo tree is like iron for strongth and solidity, so the branches Oregon. Washington, Nebraska, Utah and make a safe and sufficient support for the Nevada, without change. Quick time, low structure. The house is built about the trunk, which stands in the center as th cubin. I recall a dinner there to which I was invited and unexpected guests ar rived, so that the table ordinarily used was not large enough to accommodate us all and a specially constructed table was so completely round the tree trunk. It an swered the purpose very well, except that no goest could see the one opposite to him, but we had a very enjoyable dinner all

"The house, while not precisely spa-cious, contains a kitchen, dining room, sleeping rooms and a bathroom, supplied with water from the rain caught in the treetop and stored there in a tank. The furniture is good, though simple, bain mocks, after the fashion of the country. taking the place of beds. To get up and down between the ground and the house an elevator is used, so constructed with blocks and tackle that the person using it miss himself or controls his descent by means of a rope. The house is built of jointed boards, firmly bound by a wire cable and further secured by wire strands passing about the structure.

The funeral of Hester, wife of Hon. William L. Torbert, took place this morning from malaria. It seems to answer this purpose view which it commands is superly. The owner, an old Louisiana planter, came to Rama many years ago, took up an estate and began the raising of bananas. To this he has stace added the planting and culture of the rubber tree, and from this industry he bids fair to realize a fortune.

the has prospered from the first and al-ready is well to do. One of his enterprises is an tee plant, from which he supplies buyers with ice all up and down the river. "Below his house, suspended from a limb, is his chicken house. The chickens run about on the ground through the day, picking up their living. At the end of the to the reast in this dangling bouse. A thing that struck me curiously was the sight of a 12 foot bon constrictor gliding about on the ground at the foot of the tree, climbing over the roofs of the laborers cabins, even entering thom, and in general making himself perfectly at home on

said the old man when I spoke to him about the big snake. 'He's perfectly harmless were storms, and several people have to any one, and he keeps the place clear of been killed by lightnaing. mice and moles that cat the roots of my young banam and chocolate trees. Eat chickens! Never knew him to do such a thing. Still, while they're little, I don't put temptation in his way, but keep them in a some tight coop of wire needing. " "-
