VETERANS ASSEMBLING

For This Week's G. A. R. Encampment at Buffalo.

A QUARTER MILLION VISITORS

Will Visit the City During the Week. It Is Said, Making the Largest Encampment Ever Held-The Veterans Will Rehold a Living Shield.

Buffalo, N. Y., Aug. 33.-Buffalo is all ready for the army of veterans who are on their way here to attend the Het annual encampment of the Grand Army of the Republic. During the night undreds of veterans and their friends crived, and today they are coming in thousands. It is estimated that early 8,000 strangers were in town on aturday, and that from 15,000 to 29,000 ame in yesterday. The various railads entering Buffalo report that, in ddition to the hundreds of regular for 215 specials to arrive here by tomorw noon. Among the prominent arrivals are J. Corv Winans, chief of Commander-in-Chief Clarkson's staff; J. R. Lewis, nast junior vice com-mander, and Daniel Ross, of Witmington, Del., a candidate for junior vice commander-in-chief.

Ample arrangements have been made at the camp and elsewhere for the care of the sick. The hospital tents have been fruitless or fatal. The honor of flying the first pennant from any tent at Camp Jewett belongs to Reno Post, No. 64, of Williamsport. A Real Blood Remedy. Pa. A detachment of 11 members arrived Saturday, and was assigned to tents 27, 28 and 29. Clayton P. White.

of Pennsylvania. Colonel Winans, of Commander-in-Chief Clarkson's staff, estimates the number of visitors to Buffalo during the week at 250,000, making the largest neampment ever held. In speaking of the choice of the veterans for the next ncampment Colonel Winans said that, so far as his information went, there gates, and that was Cincinnati. There seems to be a feeling, he said, among some of the eastern people that San Francisco wants the encampment, but that is a mistake. San Francisco is preparing to make a bid in 1899. With regard to the encampment being held in Richmond, Va., he continued, there care to go there. The status of the negro is so different in the south from that in the north that it would that in the north that it would cause much unpleasantness. Notwithstanding this view, the Young Men's Busi-

ness association of Richmond has opened headquarters here, and is making an effort to secure the encampment, Colonel Winans says Pennsylvania will send the most people to the encampment, with New York second and Ohio third in attendance.

The decoration of the city with bunt-ing and electric lights is elaborate. Nearly every building in the business section is more or less lavishly bedecked. On Main street opposite St. Paul's church, the business center of the city, stands the welcome arch. It is a monster structure in the form of a monogram composed of the letters "G. A. R." The arch, or span, is formd by the legs of the letter "A," which s in white, while the "G," and "R." FINEST, . PUREST . AND . HEALTHIEST by two beautiful shields, standing or which is a golden eagle, bearing in its beak an electric device with the word "Welcome," At night 2,500 incandes-"Welcome." At night 2,500 incandes-cent lamps lliuminate the arch. In La-fayette pack are displayed 22 designs representing the famous army corps. Across Main street, looking northward from Lafayette square, stands the tri-umphal arch. The structure is built to represent a piece of solid masonry, standing high above the street. The ing of the marching columns, and on each side of the center arch are smaller arches of the same design.

BLOCKADED AT DYEA.

Many Gold Seekers Who Are Penntless and Without Shelter.

San Francisco, Aug. 23 .- A special to The Bulletin from Dyea, Alaska, tells of the pitiful condition of many of the earchers for gold who are now stopping at Dyez, unable to proceed far-ther on their journey owing to the lack

of funds or provisions.

Many of those now in Dyea are physically unable to make the trying trip, and there are many who will suffer great hardships before the winter is over. Many of those who arrived on the steamer Willamette are absolutely without shelter, seemingly having comto this cold region depending on the open hearted of the others to keep them living. Many of the people who are unable to reach Dawson this winter have two tons of provisions and no possible means of transportation. One man has over 3,000 pounds, which he is trying to pack over the White pass in lots of 75 pounds each, making short relays. Thieves have been operating extensively, and many tents, tools and much ammunition and money have been stolen. Aiready a vigilance com-mittee is spoken of, and unless the thefts cease trouble will follow.
