FORGERY CASE SETTLED.

Surrender of the Bogus Deed and Costs Paid.

A few days ago the HERALD published an account of a suit brought before Justice Toomey in which Mike Chubinsky charged four men with forging his name to a deed to some property located in Austria. The men charged were Joseph Kowal, Antonio Kluback, John Scarbols and Michael Kotelak. Scarbols is at present in Buffalo, N. Y., and was not arrested with the others, who put on a bold front and gave bail before Justice Toomey to-morrow night, for further hearing. They weakened, however, and last night made settlement of the case by paying the costs and surrendering the alleged bogus deed to the prosecutor. When the complaint was made it was alleged that the prosecutor had agreed to sell the property in Austria to one of the defendants, but he subsequently repented of the bargain and offered to return the forfeit money paid him. This was refused, and, it is alleged, the defendants arranged a plan to take the property without consulting the owner. In pursuance of the plan Chubinsky's name was forged to a deed and a man was taken before Justice Shoemaker to acknowledge the execution. It is presumed that the defendants preferred settling the case before Justice Shoemaker's return from Baltimore, lest the latter might also enter a prosecution for the trick played on him.

Tramp Crippled. TAMAGUA, Aug. 26.—John McCullough, a tramp, giving his home as "nowhere" had his right arm cut off while trying to board a P. & E. freight train at Reynolds, near this place, at about 12 o'clock last night. McCullough was caught with a gang and it was concluded to send him to the hospital at the midnight train. All boarded the train safely except McCullough. He was sent to the miners' hospital at Fountain Springs.

Soliciting the patronage of my customers and the public at large at the new place, I remain

STRIKING OPERATORS

A Split in the Ranks of Pittsburgh District Mine Owners.

PRESIDENT DOLAN ARRESTED! The Leader of the Pittsburgh District Mine Workers Led a Party of Marching Strikers and Was Stopped by Deputies.

Pittsburgh, Aug. 25.—The coal operators have made a decided change in front since Tuesday. Internal dissensions, mixed with fear on the part of some, caused a split in their forces and a change of base. On its face the move looked to many like a temporary surrender to the United Mine Workers of America. This, however, is denied in most emphatic terms by the most prominent lake shippers, who say they are going to start their mines and supply the demand from the north-west and not stand idly by and let a large volume of business go to operators of other states.

They publicly state that they are willing to wait for a week or ten days before a decided movement is made. They claim that this will give them ample time to get the lake trade. Some of the operators in the meeting were frank enough to state that the situation at the present time in all branches of labor is critical, and that they have no desire to make any move that would cast odium on the operators of the Pittsburgh district.

It was under these conditions that the operators went into session yesterday. There were many who had not signed the agreement to share their portion towards the expense that might accrue in the effort to start the mines, and they were the loudest in the appeals to hold aloof to await developments.

It was proposed that notices be printed in various languages, embracing briefly the position of the operators, and also a final notice to the miners that the mines were ready to be operated as soon as the men expressed a desire to go to work. This proposal was voted down, and the many of the operators had resented from, and stand they had taken. A motion to discharge all committees and adjourn sine die was made and prevailed. In the afternoon another meeting of the most prominent and largest lake shippers was held. The session was short, and as a result a notice was issued by the press committee declaring that the adjournment puts affairs into the hands of the committee appointed under the Cleveland agreement, and that this committee is vested with discretionary power to act.

All efforts to find out who composed this special committee were futile. The press committee, after repeated entreaties, refused to divulge the names of the committeemen. J. B. Zerbe, who presided at the meeting, was emphatic in asserting that operators who had originally gone into the compact at Cleveland to break the strike had not changed their intentions. In the course of an interview he said:

"I wish to say, and say it in all sincerity, that the operators who originally made the move toward starting their mines have not changed their intentions. It is true that the organization that has been in session for the last few days has been virtually abandoned. The old organization, the one that was originally formed with Peter M. Hitchcock as chairman, C. M. Baine as secretary and J. C. Dymart as treasurer, has not been abandoned, and will continue the work on lines originally mapped out when this resumption is to take place. I am not prepared, nor am I at liberty, to state."

The Cleveland operators left for their homes last night, and it is probable that another meeting will be held in Cleveland within the next few days. Patrick Dolan, district president of the United Mine Workers of America, was arrested in Washington county yesterday afternoon while leading a body of marchers past the Allison mine of Cook & Sons, near McGovern Station. Ever since the strike started the miners have been making daily marches from their camp to the mine. From the mine to the railroad there is a tramway, under which runs the public road. Yesterday, with a band at their head, about 400 marchers tramped along the pike and passed under the tramway. On their return they were stopped by deputy sheriffs and told that they could not pass under the tramway. The marchers became enraged, and for a time it looked as if there would be serious trouble. The marchers decided to remain where they were, and communicated with President Dolan by telegraph.

Dolan arrived shortly after 4 o'clock and told them he would accompany the march. The band, with Dolan at its head and the marchers following, then started. When Dolan reached the tramway he was told by the deputy sheriffs that he could go no further, and when he wanted to know the reason why he was told that such a move was a violation of the law and the injunction. This Dolan denied, and the arrest followed. He was taken to Washington on the first train. The marchers were allowed to return to their camp un molested.

Assuming a Threatening Aspect. Dubois, Pa., Aug. 26.—The strike situation in this district is assuming a threatening aspect, although many of the miners are apparently disheartened at the outlook. The joint meeting of the Rochester, London and Sandy Lick men yesterday was tumultuous. The English speaking miners favored conservative action, but the foreigners were determined to strike, and being in a majority they carried their point when it came to a vote. Reports from Reynoldsville are that all the miners there have been discharged, and that a march on Eleonora, near Big Run, is contemplated. Men who attempted to work Tuesday at London mine were driven back by the foreigners with clubs.

THE P. O. S. OF A.

Conclusion of the State Camp's Session at Reading.

The State Camp of the P. O. S. of A. adjourned yesterday afternoon after one of the most successful conventions in its history. York was selected as the next place of meeting. The session opened with the important state camp ritual, after which the Committee on Resolutions presented their report, showing that the following had been elected: President, A. J. Colburn, Jr., Scranton; Vice President, A. N. Leshar, Berwick; master of forms, Dr. Cameron Shultz, Danville; treasurer, Irvin S. Smith, Reading; secretary, William Weand, Philadelphia; state guard, Harry Johnson, Chester; inspector, J. Oscar Long, Reading; conductor, Herman A. Miller, Easton; building trustee, Henry T. Koehler, Scranton; W. M. Matlack, Malvern; E. P. Van Reed, Reading; Clara M. Taylor, Huntingdon.

The following recommendations contained in the State President's address were adopted after considerable discussion: That a committee be appointed to consider the advisability of selling the present State Camp building in Philadelphia; that the State Camp officers shall be increased by adding the local law committee; that steps be taken for revising the laws; that steps be taken for securing the adoption of more stringent rules in regard to the naturalization of aliens; that the financial secretary and treasurer of each camp be required to give bonds; that the appropriation for organization work be increased; that power be given for prosecuting unbecoming officers, and that camps be enjoined to have their property insured against loss by fire.

This morning the National Camp was opened by National President Kilton. It will be in session two days. The city was crowded this morning and it is expected at least eight thousand members of the P. O. S. of A. will be in the parade.

Judge Dunn said the bill was in the same form as those formerly filed, except in one slight particular. Judge Craig stated if the contestant desired he could argue the exceptions further at some future time.

Locust Gap colliery was the scene of wild excitement on Tuesday when the trouble of the holding engines were accidentally thrown open during the absence of the engineer. Instantly they were going at full speed and the mine wagons came thundering up the slope. The noise attracted all the employes to the scene and they crowded around the engine house. This proved almost a fatal move, for some of them as the wagons were pulled over the sheaves by the runaway engines and they crashed through the roof of the engine house, smashing the engines and wrecking the engine house. The flying debris and escaping steam injured several of the bystanders, but none seriously.

DOINGS AT HARRISBURG

Beacom For State Treasurer and McVickly For Auditor General.

HARMONY IS REIGNING SUPREME! Results of the Contents on Delegate Elections—The One From Shenandoah Falls Flat—Straughn Holds His Seat Against Wyatt.

Special to EVENING HERALD. HARRISBURG, Aug. 26.—Harmony reigned at the Republican state convention here, notwithstanding the encounter between Senator Penrose and Dave Martin yesterday, during which there was a hot debate. James S. Bescom, of Westmoreland, has been nominated for State Treasurer, and Major L. G. McCauley, the one-armed soldier, for Auditor General. James Blair, of Pottsville, voted for Crawford, of Allegheny, but the rest of the Schuylkill delegation voted for Bescom.

No little interest was manifested here over the attempt of Hon. Joseph Wyatt, of Shenandoah, to get the seat in the convention held by Charles T. Straughn, also of Shenandoah, which ended in a dismal failure, as Mr. Straughn was armed with ample proof that he was the regular elected delegate and that Wyatt did not have all the votes he claimed. Mr. Straughn also clearly demonstrated that he was entitled to one more vote than he was credited with at the convention in Mahanoy City.

The committee on contested seats was in session from 4 to 9 p. m. yesterday. Senator W. H. Andrews presided. There was a contest in the First Legislative district, of Schuylkill, between Charles T. Straughn and Joseph Wyatt; one in Somerset; one in Luzerne, and three in Philadelphia. The Schuylkill contest was the last heard. Senator Coyle was on hand to help Wyatt in his claim, but his much-boasted power failed to make itself felt and his running mate was left on the home stretch. It was ten o'clock last night when the sub-committee reported to the general committee that Mr. Straughn was entitled to his seat in the convention and Mr. Wyatt had no claim and the full committee adopted the report unanimously. Coyle made a hard fight for Wyatt, but all the Schuylkill delegates and state committeemen appeared for Straughn and signed the selection in his favor.

The following agreement on committees was also reached last night: Twenty-ninth District—Col. Thomas H. Ricker and Daniel Messer, State Committeemen; W. J. Whitehouse, Committee on Resolutions, and John F. Finney, Committee on Credentials and vice president.

Thirtieth District—Ephraim Barlow, of Mahanoy City, and Charles F. Allen, Tamagua, State Committeemen; C. T. Straughn, Committee on Resolutions; George Bell, Committee on Credentials and Harry Kantner, vice president.

Neiswander's, Cor. Main and Coal Sts. Clam soup, free, to-night. Hot lunch to-morrow morning. Meals served at all hours.

To Abolish a Disorderly Camp. Pittsburg, Aug. 25.—The camp of negro railroad laborers at Unity, near the striking miners' camp at Plum Creek, which has a record for lawlessness unequaled in this state, is to be broken up. During the past month there have been several murders and a score or more shooting scares at the camp. Tuesday night three men were shot, and on Sunday one man was killed and four dangerously injured. Tuesday was pay day, and it also marked the arrival of 100 colored women of the worst character at the negro camp. With the advent of these women and lots of bad liquor all records for lawlessness and disorder at the camp were broken, and the wildest excitement ensued.

New York's New Police Chief. New York, Aug. 26.—Chief of Police Peter Conroy was retired yesterday by the police commissioners on his own application. He will receive a pension of \$3,000 a year. He is succeeded by Acting Inspector John McCullough. Conroy's retirement has long been expected, as there has been friction between him and the members of the police board. His friends, however, urged him to remain, in the expectation that he would secure the appointment as chief of the greater New York police after Jan. 1.
