Ture number of bleveles in town and the carelessness of many riders anggests the necessity for the adoption of rules governing the use of these vehicles on the streets. Rarely is one to be seen with a lantern and many collisions have been narrowly avoided. The necessity for an ordinance regulating bleyeling is apparent and one should be adopted.

Poor's Manual of Railroads is just issued and gives the increase in railway mileage last year as 1788 miles, a very small increase. Compared with the preceding year the tons of freight moved on all railroads in the country increased 2.4 per cent, and the number of passengers carried was 1.01 per cent, greater. The earnings from freight increased 3.58 per cent., from passengers 1.68 per cent., and from miscellaneous sources 2,52 per cent. The share capital increased 3.7 per cent., while the funded debt decreased 3.17 per cent., the changes being due to reorganizations.

DALY's Fifth Avenue company of actors, undertook an open-air performance of "As You Like It" at Stratford-on-Avon Thursday, in aid of the Shakespeare Memorial Fund. The play was performed on the sward in front of the memorial building without artificial staging. As Charles declaimed "I am heartily giad I came hither" rain poured down and the performance had to be transferred to the theatre, and it is reported to have | been a comical sight to see the actors in their costumes reinforced by over coats, umbrellas, etc., but not dis-

I think not. This tax, as we have seen, is imposed at the rate of 3 cents per day for each day each of such foreign-born unnaturalized male persons may be employed.

"The tax is of an unusual character and is directed against and confined to a particular class of persons. Evidently the act is intended to hinder the employment of foreign-born, unnaturalizad male persons over 21 years of age. The act is hostile to and discriminates against such persons. It interposes to the pursuit by them of their lawful avocations obstacles to which others under like circumstances are not subjected. Now the equal protection of the laws declared by the Fourteenth Amendment to the constitution se cares to each person within the juris diction of a state exemption from any burdens or charges other than such as are equally laid upon all others under like circumstances.

"It is idle to suggest that the case in hand is one of proper legislative classification. A valid classification for the purposes of taxation must have a just and reasonable basis, which is lacking here. Gulf, Colorado & Santa Fe Railroad vs. Ellis. 165 U. S., 150, 165, Mr. Justice Brewer, in delivering the opinion of the court there, said: 'It is apparent that the mere fact of classification is not sufficient to relieve a statute from the reach of the equality clause of the fourteenth amendment, and that in all cases it must appear not only that a classification has been made, but also that it is one based upon some reasonable ground-some differ ence which bears a just and proper relation to the attempted classification-and is not a mere arbitrary

WHAT DO THE CHILDREN DRINK?

Dont give them ten or coffee. Have you tried the new food drink called Grain-O? It is lelicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Gmin-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about ‡ as much. All grocers sell it. 15c and 25c.
