## THE LABOR CONFERENCE

Cathering of Leaders to Combat "Government by Injunction."

PRESIDENT BATCHFORD'S PLAN.

The Miners' Leader Would Have the Provident Call an Extra Session of Congress to Act on the Matter of Injunctions.

St. Louis, Aug. 3t.—The conference of labor leaders was called to order resterday by Chairman Steinbers, of the total committee of arrangements, and W. B. Prescott, president of the Inter-national Typographical union, was chosen temporary chairman. After the appointment of a committee on crentials a recess was taken. The committee made its report immediately upon the assembling of the conference for its afternoon session. It was shown that 85 delegates, representing the following organizations, were present; Ubited Mine Workers of American, Social Democracy, American Feder-ation of Labor, Stonemakers' Interna-tional union, Brotherhood of Painters and Decorators, Brotherhood of Bottle Blowers, Building Trades Council of St. Louis, Patriots of America, Inter-national Brotherhood of Track Foremen, Single Tax League, Central Labor Council of Cincinnati, International Typographical union, People's party of Kansas and the Industrial Order of

The temporary organization was then made permanent, and the chairman read the call for the convention. On motion, the chairman then named as the committee "on resolutions and plan of action" W. C. Pearce, of the miners; W. D. Mahon, of the street raliway men; Victor Herger, of Milwaukee, who represents the Social Democracy, in whose favor Mr. Debs declined; G. C. Clemons, of Topeka, representing the Populists, and James R. Sovereign.

Mr. Ratchford then took the floor. He went over the miners' strike from its inception to the present day, and dwelt particularly upon government by injunction. He pleaded for prompt action, and coming to the point of his argument, advocated a special sessi of congress as the best, and in fact the only relief. "I believe," said Mr. Ratchford, "a special session of congress is necessary to define the rights of the people of the country-if they I believe, if sufficient time were given, the president of the United States will call a special sesson of congross to act on the matter of injunctions, and find means of relief from the existing troubles in the labor world. In case of refusal," sald Mr. Ratchford, impressively, after an outburst of cheering had subsided, "It will then be time to consider more extreme measures. I am in favor, if the president refuses to call congress together, of a complete paralysis of business. I believe then in a sympathetic strike."

Mr. Pat O'Neill, of Rich Hill, Mo., who said he represented 1,500 unorganized "picks," favored a labor revolution. He was a socialist, he said, and believed in the miners taking things in their own hands if necessary. His flery harangue pleased the audience greatly. Mr. Ratchford took exception to Mr. Carson's statement that the Illinois miners had lost their strike. He said the miners were winning their strike, and furthermore, his men were not askthe miners were winning their strike, and furthermore, his men were not asking the convention for aid. They wanted this gathering to eradicate, if possible, the power of injunction. Cleveland, Aug. 31.-A prominent coal operator in the Pittsburg district said last night that the miners' atrike would probably be settled, temporarily at least, within the next 48 hours. The operators have been quietly negotiating with the miners' officials since the adjournment of the Pittsburg conference, and a settlement is believed to be close at hand.
