CONTRACT AWARDED.

End of the Much Mooted Electric Light Question.

THE CITIZENS' COMPANY GETS IT.

A Reduction of Five Dollars Per Light Per Annum Secured on a Contract For Three Years—Bids to Be Asked For Street Paving.

A lengthy and important meeting of the Borough Council was held last night, considerable time being devoted to the discussion of relief to fire companies, street paving and electric light. It resulted in the latter topic being definitely settled by the awarding of a three-year contract to the Citizens' Electric Light Company. The members of Council present at roll call were Messrs. McGuire, Lally, Boehm, Magsarrig, Shoemaker, James, Straughn, Neisewander, Gable, Engler, Brennan, Hand, Reese and Murphy. It was 11:30 when an adjournment was taken.

Mr. L. A. Hamberger, of the Rescoe Hook & Ladder Company, appeared and renewed the application made by the company several months ago for an increased appropriation. Mr. Hamberger stated that in addition to the expense incurred by the purchase of the chemical engine the company had the expense of an additional team and driver. The sprinkler and transfer teams, he said, do not pay. The company owns its building and makes all repairs at its own expense. Additional expense was also incurred by making alterations in the building to provide quarters for the chemical engine. Mr. Hamberger said the company was prepared to present a statement, if desired, showing the facts to be as represented.

When the matter came up in its regular order Mr. Boehm moved that the appropriation of the company be increased \$300 a year. Mr. McGuire made an argument in behalf of the Phoenix Hose Company, in which he referred to the company owning its own building, apparatus, etc., and thought some consideration should be given to it. Mr. James thought it would be cheaper to buy the chemical engine, and Mr. Engler thought so, too, adding that the increase in the appropriation would pay for the apparatus in about five years, but Mr. Neisewander said that would not help the company. What was needed, he said, was assistance in maintaining the drivers and teams. Mr. Boehm made an address in behalf of the Rescoe company and said he believed the company was entitled, above all others in the town, to an increased appropriation. It deserved special credit for being the first company in the town to secure a chemical engine. Mr. McGuire did not agree with Mr. Boehm. He said, putting it briefly, "there are others." The debate was continued for some time. Mr. Reese added an address in behalf of the company, and finally a motion by Mr. McGuire to postpone the matter, that Council accept the proposition by Mr. Hamberger to submit a statement of expenses and receipts, and the other fire companies be invited to submit statements on like condition, was adopted.

Mr. Boehm, for the roads and highway committee, reported that the repairing of the Main street paving will take longer than anticipated. Bids were received for the use of the Main street paving machine as follows: A. H. Swain, 49-40 c. per foot; G. W. Beddall & Bro., 60 c.; T. F. Redding, 55 c. The committee recommended the adoption of Mr. Swain's bid. It will be necessary for the owners of sewers to extend them across Catherine street before that street can be opened and the Chief Burgess should give them notice to do so. The bridge on West Centre street and the one near Kohlorer colliery will be recovered.

The report of the streets committee finally drifted to the application made by Swift & Co. for permission to use a part of Bowers street to enlarge its building and Mr. Neisewander made a motion that the right of way be granted. A hot debate ensued, during which the opposition to the motion maintained that Council could not grant such a privilege, especially in view of the steps it had taken in regard to the Francy property on Plum alley, and the motion was lost.

MRS. NACK'S MANY CRIMES.

Remarkable Statement by the Alleged Murderess' Husband.

HAS KILLED A SCORE OF BABES!

Nack Declares That His Wife Made a Living Through Child Murder.

Charges Several Physicians and Undertakers With Aiding Her.

New York, Sept. 3.—District Attorney Olcott made public yesterday a remarkable statement made by Herman Nack, the husband of Mrs. Augusta Nack, who, with Martin Thorn, is charged with the murder of William Guidensuppe. In the statement Nack says that his wife has been illegally killing children for a number of years. He gives the whole career of himself and his wife during their married life from 1850 to the time he left her in October, 1896.

Nack states that his wife made a living through illegal operations involving the murder of children. He said that she was a so-called midwife, but that she never had a diploma. At one time, Nack states, there were as many as six dead children preserved in some kind of spirits in bottles in his room in their house. He also states that she murdered from two to three children every year for a period of from eight to ten years.

Nack also alleges that his wife was assisted in all the details by a number of physicians. He also drags in undertakers' names, charging all of them, both physicians and undertakers, with complicity with his wife. He says that they aided her in making away with the bodies of the children.

Nack further alleges that many of the children were born dead, the result of Mrs. Nack's illegal business. The statement of Nack was got from him through the persistent efforts of Assistant District Attorney Mitchell.
