REPUBLICAN STATE TICKET. FOR TREASURER, JAMES S. BRADON, Of Westminster.

REPUBLICAN COUNTY TICKET. FOR JUDGE, HON. O. P. BISHOP, Of Potomac.

FOR CLERK, HENRY S. ALDRICH, Of Orangeburg.

FOR POOR DIRECTOR, JOHN ROSE, Sr., Of Tremont.

FOR JURY COMMISSIONER, JOHN ANNECK, Of Mahanoy City.

It now takes two ounces of fine silver to pay for a bushel of wheat. One year ago one ounce of silver was equivalent in the markets of the world to just about one bushel of wheat.

The old Democratic "gag" about increased prices under the new tariff law is not being heard this time—the reason is that the average Democrat knows that protests against protection are not longer popular with the people of this country.

The death of Judge Weidmann creates a vacancy on the Bench and much speculation is being indulged in as to his successor.

The decision of Judge Lyon, of Juniata county, in dismissing the bill for an injunction to restrain the borough from destroying or removing the wall on the Flynn property in the First ward, which decision was given in yesterday's HERALD, will be gratifying news to the people of Shenandoah, and especially those who have suffered from the nuisance created by Flynn.

The decision is an important one not only to Shenandoah, but to every municipality in the state as well. The counsel for the borough gave the subject much consideration previous to advising the Borough Council to take steps to remove the nuisance, and the decision rendered in their favor shows very plainly that their opinions were based upon sound law.

Especially is the outcome of the case gratifying to Borough Solicitor Pomeroy and his friends. During the long period since he has acted in the capacity of legal adviser for the Borough Council, every written opinion he has submitted to that body has been sustained by the court. There have been instances, it is true, where the Council has been indicted for the costs, but in none of these cases has the Borough Council followed the written opinion of the Solicitor. For this reason the members of the Borough Council have much cause for congratulation.

Borough Solicitor Pomeroy and his legal associate in the case, A. W. Selanick, Esq., are entitled to all the credit due them, and even those who doubted the advisability of their legal contentions must now admit the soundness of the borough's legal position.

In proceeding against Flynn, the borough found itself between two fires. They not only had to combat the former's attorneys, but the Board of Health assumed a position entirely foreign to the purposes for which it was created. It not only refused to take action looking to the abatement of the nuisance but gave out a lengthy and garbled report of the case, said to have been written by an attorney, at a time when testimony was being taken, and which had a tendency to prejudice the court against the position as assumed by the borough.

It is impossible to say at this time what steps will be taken looking to the abatement of the nuisance by removing the wall. The Borough Council will do nothing in the matter

until it has had an opportunity to confer with the Solicitor. It is probable that the Board of Health may be asked to take action, in view of the fact that they are given greater power in sanitary matters than the borough authorities possess. They surely cannot further refuse, in view of the decision just rendered and the suffering to which the people of the affected district have been subjected.

While the decision of the court is against Flynn, that in itself does not abate the nuisance. It must be followed by some decisive steps, and at once. The people of the First ward have not only suffered great pecuniary loss, but the health of that portion of the community has been and is still endangered. Under these circumstances action cannot be taken too soon.

Sick Headache. Neuralgia and Extreme Nervousness. EVER since I was sixteen years old I have suffered from Sick Headache, Neuralgia and Extreme Nervousness. I suffered from sick headache and extreme nervousness and dizziness. In time these diseases developed. I was treated by several doctors with no relief. Severe palpitation with pain in left breast, shortness of breath, and smothering spells made me most miserable. I procured Dr. Miles' Restorative Nervine and New Heart Cure and took them alternately as directed. Improvement began at once and increased so rapidly that inside of six months I increased thirty six pounds in weight. All pain in the heart is gone, and the nervousness has wholly left me.

MR. LOW'S ACCEPTANCE. Will Make the Bid For Mayor of Greater New York.

North East Harbor, N. Y., Sept. 4.—Mr. Low has signified his acceptance of the nomination as mayor of greater New York, tendered him by the borough committees of the Citizens' union.

As soon as I can I shall prepare a letter formally accepting the nomination for mayor of New York offered me by the Citizens' union, acting on behalf of its own membership of 35,000 citizens, and also on behalf of 100,000 other citizens, who, without regard to party affiliations, have expressed ever their own signatures the desire that I should be nominated and elected.

In my view, the nomination has thus been virtually already made by the people. No patriot under such circumstances, could decline to stand unless he was prepared to discourage, even in local matters, all spontaneous movements by the people outside of the limitations of party.

I am not so vain as to believe that the unexpressed expression of popular confidence is in any overwhelming sense a personal tribute only. I think it rather means that the people are deeply moved by the desire that, when the great city begins its new career, it shall do so with a mandate from the voters to the officials of the city that the welfare of the city, not of any party, is to be their first concern.
