JUDGE IS JUGGED.

The Lost Creek Desperado Landed in Jail on Several Charges.
Last night Constable Joe Peters and Detective Amour went to Lost Creek in search of a notorious character known as John Judge, who was a fugitive from justice since last January, during which time he tampered with Pittsburgh and Philadelphia. The officers found him at the rear of the old store at Lost Creek. He was enjoying himself with a gang of "growler rubbers." As Judge was grabbed one of the gang interfered, but was promptly smothered. On the way to Justice Green's office Judge suddenly raised his hands-cuffed arms and suddenly struck Constable Peters a violent blow on the left shoulder. Detective Amour brought the prisoner to good behavior with a "billy." Justice Green committed Judge in default of bail on three charges, of attempted highway robbery on oath of Owen McDonald, a watchman on the Lehigh Valley railroad, threats to kill and surely on oath of Martin Murray and assault and battery and resisting an officer on oath of Joseph Peters. The McDonald charge is that Judge met the watchman on the railroad and attempted to rob him. Failing in this Judge took the watchman's hat and destroyed it. He disappeared and avoided arrest until last night. He was taken to jail this morning.

SEWERAGE THEORIES EXPLODED.

A Borough Has a Right to Make a Sewer Empty its Drainage into a Natural Stream. Even Though the Effect is to Increase Flooding.
On Friday last, the HERALD published a special dispatch from Potomac, Md., announcing that Judge Lyon, of Juniata county, had decided the famous "Flynn stone wall" case in favor of the borough. It was the intention to give the public the benefit of the decision in full on Saturday, but a delay over which the paper had no control deferred the publication until the present issue.

A resume of the opinion as filed by the court will show that the Borough Council and those who were loyal to it in this important contest have been completely vindicated. While the opinion as filed is a lengthy document, the decision itself is remarkably clear, brief and to the point. Especially is this true as to the responsibilities Mrs. Flynn assumed when she bought the property.

It should be noted that Judge Lyon decides emphatically the point which has been so strongly emphasized by the sympathizers with the stone wall movement. The learned jurist does not say that by giving the right to connect a sewer with a natural stream the borough makes that stream a system of public sewerage, and therefore assumes control and responsibility for it.

The decision is sweeping and clear in its import and the people will be justified in expecting some definite action on the part of the authorities in charge.

As to the suggestion of the court that a sewer be constructed by the borough to the sewer on Emerick street it may be said that that is merely a suggestion for economy, and that the people will be justified in expecting some definite action on the part of the authorities in charge.

THE END IS IN SIGHT!

Proposed Uniformity Agreement in the Pittsburg District.

MAY BRING PERFECT HARMONY!
A Resumption of Work Expected in All the Mines This Week as a Result of the Convention to be Held in Columbus on Wednesday.

Pittsburg, Sept. 6.—Expectations are high in coal circles over the probable resumption of work in the mines throughout the country. In anticipation of a settlement at Columbus next Wednesday another plan has been suggested by a representative of one of the largest operators which will be negotiated immediately after the men return to work. It will be formulated and submitted to the joint convention of operators and miners, which it is proposed to hold next December.

In order to come to an understanding on all questions at issue separate wage scales are to be formulated for each mine. The scale is to be provided for the rate to be paid for the entire year, and any special concessions that are to be made are to be agreed upon by the miners and operators, and so specified in the scale. The scale is to be an adjunct to the uniformity agreement which is expected to be in force. The proposition will be made by the operators in the hope of getting all the safeguards possible against a probable strike.

It is well known that there are no two mines in the entire district where the conditions are exactly alike. The uniformity agreement covers the general points, but even with it in existence some operators would be subjected to difficulties, while others would have special advantages. The scale is to cover all these points, the primary object being to avert differences, create a more friendly feeling between the employers and employees and restore perfect harmony throughout the district.

Philip Stambaugh, a cousin of President McKinley, and a partner of the firm of Osborne, Sauger & Co., was in Pittsburg yesterday afternoon. He said the men formerly employed in the Eolipine mine on the Wheeling division of the Baltimore and Ohio railroad would be asked to go to work at once at the 66 cent rate. He was not prepared to say how many men would go to work.

David Van Eman, manager of the Pittsburg and Chicago Gas Coal company's mines at Snowden and Gastonville, announced more than a week ago that he would resume work in his mines this morning. Notices were served on all the men in the company houses to vacate, and the ten-day limit expired this morning. None of the men went to work. Manager Van Eman could not be seen, but it is generally supposed that no effort will be made to resume until after the Columbus convention.

There was a report at Turtle Creek yesterday that agents of the Cleveland and New York Gas Coal company were working among the foreign strikers, endeavoring to get them to return to work at the 64 cent rate. On the promise that half of their wages would be paid in advance, the company would be paid on Sept. 25 and the other half on Oct. 25. Steps were at once taken to effect this move. If the men were to return to work, and the campers' missionaries report that none of the men will go back to work until the strike is settled.

Denouncing Samuel Gompers.
Pittsburg, Sept. 6.—The United Labor League of Western Pennsylvania, at a largely attended meeting last night, broke into revolt against Samuel Gompers, president of the American Federation of Labor, and various charges were made. The trouble originated in expressions made by Gompers in reference to the recent convention of labor leaders in St. Louis. He is credited with making unkind remarks about the gathering, and casting reflections on those who were foremost in the meeting. Gompers had a few defenders in the meeting, and at one time there was danger of a free fight.

Theft of Porter Arrested.
Toronto, Sept. 6.—Thomas Vassick Hawkins, colored, was arrested here Saturday night. Hawkins was formerly porter in the tax collector's office at Washington. On Aug. 31 he disappeared with some \$9,000. On Saturday he was located in a small boarding house on Bond street. When searched at Police headquarters \$9,334 was found on him. Hawkins appeared to be quite startled when told of the amount of money taken from him, saying that he had never counted it, and had no idea the amount was so large.

Hickory's Case.
Our free lunch to-night will consist of vegetable soup, Hamburger steak and potato salad to-morrow morning.

Democratic Candidates Meet.
The Democratic candidates, with County Chairman Marr and Secretary M. P. McLaughlin, were in executive session at Democratic headquarters in Potomac for several hours on Saturday. An informal talk was had over the coming campaign. The executive committee will be named at a session to be held some time this week. Chairman Marr will not open the campaign in earnest until after the September term of criminal court. Republican County Chairman Shay will also commence active business after the present session of court.

Smith's Cafe.
