DEMOCRATS HAVE

Old Fashioned Free Fight at the Reading Convention.

BRYANISM AND FREE SILVER ARE ENDORSED.

In the Mix-up Delegates Are Pushed Off the Stage, Thrown Out of Windows, and Revolvers Are Drawn.

The proceedings of the Democratic tate convention, held at Heading last week, have caused everyone calling himself a Democrat to blush with shame. Never before in the state were such diagraceful scenes enacted by a representative body of men. The whole proceeding indicates not only the de-plorable lack of leadership, but the complete disintegration of the Democratic party in Pennsylvania. When such grave differences of opinion exist political party that require a free fight and general knockdown to settle, it is time for the self respecting and conservative element of that party to seek guidance and acquire affiliation elsewhere. This thousands of Demorats will do this fall, and it would not surprising to see the Republican majority even greater than last year. They feel outraged that their party ders cannot seat delegates and adopt platform without engaging in a free fight and flourishing revolvers, the riot only crassing when a detachment of policemen appeared on the scane. The platform adopted endorses Bryan

and free silver, and the gold Demo-crats of the state are in a huff. They are so incensed that they discussed the advisability of placing a separate ticket in the field, but finally decided not to make an expensive and hopeless fight at this time. This means that thouands of them will quietly vote the Re-

ublican ticket. We print below from some leading paners comments on the late Demo-cratic, free silver, free fight, Bryan-Garman convention:

It Became Hopeless Lunacy.

From the Philadelphia Press. "There are Republicans who are inclined to criticise their party, but their criticisms are silenced in the face of such an exhibition as the Democratic state convention gave on Tues-day. Here met the leaders—the ac-credited spokesmen and representstives of the Democrats of Pennsylvania -and we have the result. A free fight that would have disgraced a collection of roughs in the worst ward of the sity. In fact, such a disorderly and riotcity, in tact, such a disorderly and rict-cus meeting would not have been per-mitted in Philadelphia. The police would have pulled the fighting dele-gates out of the hall as soon as they became riotous. The presence of an efficient police force in and around a convention is much objected to by some people as an interference with the rights of citizens. It does prevent free fights such as characterized the Reading convention. We have never seen that the police interfered with free speech or

free vote.
"It may be claimed that it was an unruly minority which changed the con-vention hall into a bediam and the delegates into a shouting, struggling mob. It was the triumphant majority. however, that in this year of grace re-affirmed the allegiance of the Demo-cratic party of Pennsylvania to the broken and discredited idel of free all-ver. What was folly last year with hard times and 50 cent silver dollars became nopeless lunacy with the improving times, dollar wheat and 40 cent dollars. We are firmly and unalterably op-Wanted-An Idea who can this gold standard, which has been the dihas followed upon our people since its adoption,' This rot and falsehood de ceived some voters last year. It has seen disproved by events. We had sup out it forth seriously this year. We had not yet heard from the Garman-Guffey wing of the Democratic party of

"The Democratic party has been often compared to a man riding backwards in the cars and seeing nothing until it is past. This comparison does not ap-ply to the Democratic party of Pennsylvania, as it implies some progress; but the Reading platform shows the party standing hopolessly still with its solicitous to drive out of the party all who appear to be less blind and stupid

than the rest. "It is unfortunate in some respects for the Republican party in Pennsylvania that it is denied the stimulus and discipline which an intelligent and well directed opposition party would give it. The Republican majority has been steadily increasing year by year until it has reached 300,000. There are some Republicans who think that this is big enough and that any more would be superfluous. The Reading Democratic convention did what it could to make the Republican majority go beyond even the superfluous."

Democratic Principles Vindicated. from the Philadelphia Inquirer. We read in some of the free sliver papers that claim to be Democratic that Democratic principles have been vindicated by the Reading convention.

What were the principles upheld in this somewhat interesting gathering?
First of all there was a theft of dele-erates, a pure steal. What particular Democratic principle was involved in

this thievery?
Then there was nob law. There will be some Democrats to protest that nob law is not a fundamental doctrine of

The convention went wild over the dishonest dollar. This must be a new principle, for only a year are the Democratic convention knew nothing of it.

Write Us About Your Case. THE DR. CHASE COMPANY, 1512 Chestnut Street, Philadelphia

For a year the Democratic party of Pennsylvania has been sailing down the rapids. It has reached its legitimate end at last in the dendly whirlpool, with Mr. Garman as its pilot. The party might have weathered the gales of No-vember had it only been true to itself and collected its scattered remnants for a new trial, but it never can re-cover from the wreckage which Mr. Garman has brought upon it.

Some May Have Been Anarchists.

Prom the Williamsport Ballotto.

The disgraceful scenes attending the Democratic state convention at Reading have aroused the indignation of all law abiding, conservative voters who respect decency even in politics. When men sent to represent a district in a state gathering become drunk and disstate gathering become drunk and disorderly, draw revolvers and have to be thrown bodily from the stage it is no wonder people of sensitive feelings blush with shame. The Democracy of Pennsylvania is to be pitied for some of the material that composed the membership of that convention. It was more like a gathering of the lawless and inclined some to the belief that a few anarchista successed in getting themselves elected as delegates. Let us hope that state political conventions of the future will not be attended by of the future will not be attended by such disgraceful scenss.

Too Shrewd to Be Slaughtered.

From the Philadelphia Record.

The logical candidates who should have been named for auditor general and state treasurer by the Beading convention were Garman and Guffey. They are both hustlers, as extreme in their views as the platform which was made to represent their views. They are both men of reputation and sub-stance and of engaging personality. But visionary as they are on the money question, and bold as they are in pushing forward other men to stand the hazard of the die whilst they deal the cards, they are too shrewd to lead where they bid others follow. They devolve the lendership upon Ritter and Brown. Should these gentlemen decline the honor thrust upon them the state committee should take no denial, but straightway put Garman and Guf-tey in the field.

They are the logical candidates. PRIDIN'S Celebrated Female Powders paver full growth and the property of the p

A GREAT SURPRISE IS IN STORE

KLONDIKE'S DANGERS.

Another Official Warning Sent Out From Washington.

THE SITUATION IS APPALLING.

According to the Letter of a Govern-

ment Official Now in Alaska the Mad Rush For the Gold Fields Should Be Stopped at Once.

Washington, Sept. 8.-The treasury department today made public the fol-lowing letter ruceived from a government official now in Alaska on the way to the gold fields, stating at the same time that the writer, whose name is withheld, had been 12 years in the service and was thoroughly reliable:

"I doem it my duty to write you on a subject that does not come strictly within my line of duty, as it trenches somewhat upon the functions of the treasury department. I have had a long talk with Mr. Ivey, collector of customs for Alaska, who is at present at Skaguay, three miles below here. The Skaguay trail is the most largely used overland route (though by no means the best) to the Klondike. Ivey informs me that there are now be-tween tidewater and the lake something like 4,000 people and about 2,000 horses. The commander of one of the vessels now at Skaguay states that 16 vessels are chartered to land cargoes at that place between now and Sept. 15, and that the number of pas-

sengers will average 200 to each ves-sel, making 3,300 more people who will attempt to go in this fall.

"I have talked with some of the most experienced traders and miners in this vicinity, and they are unanimous in the prediction that not over 20 per sent of this vast number will get through to Dawson before winter sets by The other some per sent of the in. The other 80 per cent will be caught on the trail, and those who survive and get back to tidewater will have to win-ter at Skaguay or return south. If the rush continues two weeks longer hundreds will inevitably perish on the

trail, which is extremely dangerous after the first of October. "The postmaster and Indian trader at this place (Mr. Heron) states that more than a thousand men have gone up the Chilcoot Pass during the past 30 days, and that 700 of them are still this side of the lake (24 miles from here). Vessels are arriving every day or two, and at the present rate of influx another thousand will enter the trail by Sept. 10. Mr. Heron is of the opinion that not more than 20 out of a hundred will get through, and he says this trail is far more dangerous than the Skaguay after the snows set in. He says if the rush continues another week the re-sultant loss of life will be appalling. I attach the greatest weight to what he says, for the reason that it is to his pecuniary interest to have as many as possible come this way, yet he advises an immediate stoppage of the stampede.

"It is difficult to suggest a way to stop this inrush of people, but Mr. Ivey intimates that if the inspection rules of the treasury department were properly enforced it would materially decrease the number of passengers on the incoming vessels. Nearly every vessel that arrives here brings twice as many passengers as the law allows it to carry, and many of them are condemned craft which have been fitted up for this trade. Mr. Ivey will no doubt at nce present the facts outlined above a the proper authorities, and I merely give them to you for your information. The situation is appalling, and it is impossible for me adequately to describe the mad rush for the gold fields. I had

no conception of its immensity until I "I have talked with several men who have recently arrived here from the Klondike, two of whom left there less than 30 days ago. They unanimously agree that, while there is a rich gold field there, the facts do not not justify the present stampede, and they say there is bound to be much suffering and actual starvation. Provisions are al-ready source and the prices of many articles absolutely prohibitory in the case of a man of ordinary means."

helpful disposition will become source. The wife that promised to be a cheerful, capable and willing helpmate surprises her husband by proving a sickly nervous, fretful and helpless invalid. This unfortunate outcome of "Love's young dream" may be prevented or remedied by resorting to the right medicine for troubles of this nature.

The right medicine is Dr. Pierce's Favorite Prescription. Over 90,000 women have said so in unsolicited letters to its discoverer Dr. R. V. Pierce, chief consulting physician to the Invalida' Hotel and Surgical Institute, at Hurfalo, N. V. The "Favorite Prescription" acts directly upon the organs that make wifehood and motherhood possible. It makes them strong and healthy. It allays inflammation and soothes pain. It relieves the strain upon the nerves. It prepares for motherhood and insures the health of the child. All medicine dealers soil it. "Luke pleasure," writes bite, Jesie Puifer, of Bullogy, Bosque Co. Texas, "in writing you again, I am in better boulth than I have been in six years. I think your medicine is the best in the world. I hope every woman who is afflicted as I was will take it. Your 'Favorite Prescription' has saved iny life. I was not able to get up when I was sick until I began to take your medicine.
