STOCK AND PRODUCE MARKETS.

Bears in the Ascendency in the Dealings on Wall Street.

New York, Sept. 7.—The bear party was better defined and more aggressive in today's market than it has been for several weeks, and they got the ascendant for a time over the large bull contingent. The desire of some of the very heavy operators in the bull party to realize profits was itself a source of weakness. But the bears made most capital out of the yellow fever outbreak in Mississippi. The stocks of roads which traverse the region immediately infected, notably Louisville and Nashville, were most keenly affected. Louisville and Nashville declined at one time two points below Saturday's close and other southern roads were more or less affected, the whole market going off in sympathy and with the weight of heavy realizing sales. These incidents somewhat interfered with the plan of operations of the bulls, which was not essentially different from that pursued each day last week. Closing bids:

A Reading Engine Kills Three.

Reading, Pa., Sept. 8.—A Philadelphia and Reading wreck engine crashed into a wagon at a grade crossing at Frush Valley, a few miles above Reading, last night, and three lives were lost. The dead are: Evan Heister, aged 45 years; Warren Faust, aged 16; Leon Faust, aged 7. All were instantly killed. The boys were sons of Allen Faust, a miller of Berkley, this county, and Heister, who was in his employ, was driving them in a covered wagon, with a load of flour for delivery. The presumption is that he did not hear the approach of the engine. The bodies were horribly mangled.

Surprise Party at Wm. Penn.

The single and married folks of Wm. Penn turned out in large numbers last night to tender Thomas Sweeney a birthday surprise at his residence in the lower part of the village. When the merry invaders appeared at the house the front door was thrown open and the entire lower floor was at the mercy of the guests. Dancing was the predominating feature of the evening, the music being furnished by Hugh McGuire. Refreshments were also served. Among those who were present were the following: Misses Golden, Kate Sheridan, Maggie Horn, Maggie and Mary O'Neill, Mary Sweeney, Annie Ryan, Annie Kline, Kate McGraw, Maggie Malloy, Nellie Hanley, Mrs. Kline, Mrs. Dougherty, Mrs. Reynolds, Mrs. Kick, Mrs. Burns, Miss Maggie Dean, of Wm. Penn; Lizzie Hogan, of town, and Miss Jenaski, of Shamokin; and Messrs. James Wills, Daniel McElang, Thomas Malloy, Hugh Coyle, James Dougherty, Thomas McDonald, John Carey, Martin Dee, John C. Lewis, P. J. Mularkey, James King, William Coon, Dan Rich, William Taggart, James Burns, Phil. Dean and John Murphy.

Father McGovern, a nephew of Bishop McGovern, who has been assisting at the St. Edward's church during Rev. Father Koch's absence, severed his connections with the church and yesterday afternoon left for Emmitsburg.

MAHANOY CITY.

A Proposition Made to Tax Telegraph Poles and Hucksters.

MAHANOY CITY, Sept. 8.—At a meeting of the Borough Council last night the ordinance committee was directed to consider the advisability of taxing telegraph and electric light poles and also non-resident hucksters of green truck. It is also proposed to provide a market place on Main street, between Centre and Pine streets.

It has been decided to place the new 4 per cent. borough bonds at the disposal of town investors and not negotiate through brokers.

WOMEN ASSAULT DEPUTIES.

The Attempted Evictions at Orangeville Successfully Resisted.

Pittsburg, Sept. 8.—The efforts to evict the striking miners of the Pittsburg and Chicago Gas Coal company at Orangeville, one and a half miles from Gastonville, resulted in a riot of no mean proportions and the utter failure on the part of the company to accomplish its object.

When the 20 deputies reached Finleyville they were met by a large crowd of strikers and their friends. Each deputy was armed with a Winchester rifle and a revolver, but in spite of this the strikers, headed by a hundred Polish women, closed in on them and the deputies received rough treatment. They were gradually forced back, and finally retreated to Gastonville, where they were followed by a crowd of about 200 men and women. At Gastonville the deputies took refuge in the office of the company, where they were kept all night, during which the building was bombarded with stones and bricks, and an occasional shot was fired.

When the deputies sallied out from their besieged quarters and started to march to Orangeville in the morning each one carried his Winchester in his hands and his revolver exposed, but these had no terrors for the strikers. Headed by the same women the strikers rushed on the deputies with stones, clubs and pick handles, and blows fell thick and fast. One of the big women wrested the rifle from a deputy's hands and struck him on the head with it, inflicting serious injury. By this time a thousand men, women and children had joined the crowd.

The deputies slowly made their way to Orangeville, where they took refuge in a vacant house, closely followed by the mob, which quickly surrounded the building and theatened to burn it. Finally a conference was held, the deputies were ordered to leave town, and after a short parley decided to do so. After their departure the mob dispersed. The officials of the company say no further attempt will be made to evict the miners for the present.

Mine Strike Probably Settled.

Dubois, Pa., Sept. 8.—A settlement of the miners' strike in this region was practically effected yesterday afternoon. The committee appointed at the convention last week to conduct all negotiations looking toward a settlement met General Manager Robinson here, and before adjourning an article of agreement was signed by Mr. Robinson and the members of the committee which is mutually agreeable. The proposition will be submitted to the miners at a meeting to be held this afternoon, and if acceptable work will be resumed at all mines on the 9th. The agreement has not yet been made public, but there is hardly a possibility that it will be rejected by the miners after having been accepted by their committee. The company will pay the highest proportionate scale paid in any competitive region, and whatever scale is found to be actually settled on will be paid by the company from that date. Resumption means employment for 6,000 miners and 1,000 railroad men, and a general revival of business throughout the region.

Long Sleep Ends in Death.

Camden, N. J., Sept. 8.—Lawrence Leuitweit, who had been asleep at the Cooper hospital since last Thursday, died yesterday without waking up. His case is a puzzle to the physicians. Leuitweit was committed to the Camden jail last Thursday morning, being charged with drunkenness. Soon after being placed in a cell he fell asleep. In the evening he was seized with convulsions. The turnkey did not consider his condition alarming, and little attention was paid to him. The next day the jail officials became alarmed, and had him removed to the hospital, where unsuccessful attempts were made to awaken him. The physicians declare he was a victim of acute acid poisoning, due to excessive drinking.

The Exodus From the South.

New Orleans, Sept. 8.—But one imported case of yellow fever thus far has been developed here, and death has wiped that out. The board of health last night, through its president, Dr. Oliphant, and its president pro tem., Dr. Walmsley, declared that in spite of all reports to the contrary not one of the many who had come hither from Ocean Springs had been stricken with the dread disease. Ocean Springs is now absolutely cut off from the outside world. The railroads are carrying an unusually large number of passengers from southern cities, many leaving without waiting for their baggage.

The President's Visitors.

Somerset, Pa., Sept. 8.—A great number of people called on President McKinley at the residence of his brother, Abner, yesterday, including George W. Pullman, the Chicago millionaire, and Senator Thurston, of Nebraska. It is thought that Attorney General McKenna will be here today, and many other distinguished visitors are expected during the week. Among them are Governor Lowndes, of Maryland. A public reception is to be held this evening.

Novel Window Display.

A novel window display which is very attractive to the eye of every person admiring good taste is shown in the large Main street show window of the Famous clothing house. The most important feature is the display of the fall and winter suits and their mode of arrangement. The back ground consists of a number of screens which are tastefully covered with cheese cloth in several blending colors. Upon each screen is pinned an entire clothing outfit which would do justice to any of our young men of town. The display bespeaks much enterprise for the firm.

Dr. Andrews' Resignation Stands.

Providence, R. I., Sept. 8.—It is unofficially announced that Dr. Andrews will insist upon the acceptance of his resignation from the Brown university. This decision was arrived at after a conference yesterday afternoon between Dr. Andrews and the executive committee of the corporation. His connection with the Cosmopolitan university, it is thought, will take up too much time to permit of his devoting his attention to both universities at the same time. His decision is in spite of a letter received by him from the faculty begging him to remain.

Where Protection Rules.

The recently published statement of the bureau of statistics which has been exploited in the free trade newspapers of the country, claiming that the increase of manufacturing increased largely under the low tariff rates of the Wilson law, has led somebody to look into the general history of our foreign commerce during the past half century. The result of this investigation shows that in the past 25 years the balance of trade has been in our favor to the extent of $2,461,000,000, while in the preceding quarter of a century the balance of trade was against us to the tune of $1,400,000,000. When it is remembered that the past quarter of a century has been one of constant protection with the exception of the three unhappy years of the Wilson law, and that the preceding quarter of a century was one of mostly low tariffs, the significance of these figures will be recognized.

Strong Points Against Luetgert.

Chicago, Sept. 8.—Two strong points were scored by the prosecution in the Luetgert trial yesterday, and unless the defense is able to impeach the testimony of the witnesses their evidence is likely to have considerable weight with the jury. The two witnesses were Nicholas Faber, who testified that on the night of May 1 he saw Luetgert and his wife enter the sausage factory, and Charles Hongst, who swore that on the night of May 1 he passed the factory and heard a cry from within, apparently made by some one in pain. He was confident that the cry came from a human being.
