THE SOUTHERN SCOURGE

It Is Not So Violent as First Reports Indicated.

FEW CASES OF YELLOW FEVER.

New Orleans, However, Has Adopted Vigorous Measures to Prevent Importations From the Coast Towns. Dr. Guiteras' Report.

New Orleans, Sept. 10.-There is no change in the fever situation. Two or three suspicious cases were reported yesterday to the board of health, a material falling off from Wednesday, when there were 27. These were investigated, with the usual result.

Or. Oliphant and his corps now re-

I became alarmed study for more than one hundred years. It is one of their pseuliar industries. Their lives have been devoted to it.

Their latest and greatest achievement is the Shaker Digestive Cordial. It is not of fored as cure for all disease. It does not pretend to be, but one disease it will cure, and that is indigestion.

Sufferers who resort to its use have not long to wait to see the result. The effect is almost immediate. The first dose usually gives relief and if continued a permanent cure will follow.

It not only contains already digested food, but the digests food as well, thus toning up the general system. An interesting pamphlet is now being issued by the Shakers and contains already by the Shakers and contains already the tentore of the mark the place where the desiroyer had held full away.

I became alarmed and consulted a growth and is corps now resistent and its corps now in the consult that of preventing any more important that of preventing any more the coast towns, Bloza and serious preventing any more important that o

In Dr. Guiteras' opinion the prevail-ing fever is not yellow fever, but there are isolated cases of that dread dis-ease. Last evening Dr. Guiteras pro-nounced the case of Ernst Beanges,

now sick, as yellow fever.

Late last evening the three cases heretofore reported as existing at Blloxi were confirmed as yellow fever by Drs. Murray and Gant, after a careful investigation. They are thoroughly isolated.

The sensational report given out that there were seven additional cases yes torday in Blioxi is pronounced to be without foundation. A late disputch brings the information that a lad by the name of Theo, Sanchez, in Biloxi, shows a decided case of yellow fever. No communication is allowed with the inmates of the house.

Dr. Salamanson and Dr. Kelley yes-terday examined nine cases of fever at Moss Point. They declared that there is no case of yellow fever in that town, nor even a suspicious case.

Dr. Seeley, who has been nursing patients at Ocean Springs, has been stricken with yellow fever at his home at Perkinton, Miss. The case has been officially confirmed, and Dr. H. S. Guiley, of Meridian, state health officer has gone to Perkinton to take charge

of the town and establish quarantine. DR. GUITERAS! REPORT.

An Epidemic of Dengue and Few Cases of Yellow Fever.

Washington, Sept. 10.—Dr. John Gul-teras, the yellow fever expert, tele-graphed to Surgeon General Wyman as

ollows from Ocean Springs, Miss.: "Of three suspicious cases reported to e, one confirms yellow fever by aume, one contirms yellow fever by au-topsy, another by subsequent course, and the third case is not yellow fever. Today I have diagnosed another case of yellow fever. We have, then, two cases in a sick list of 40. There have been here a few cases of yellow fever in the midst of a widespread epidemic f dengue.

The detention camp equipment ship-ped from Waynesville, Ga., has arrived in the vicinity of Ocean Springs, and Surgeon Murray has been instructed by Dr. Wyman to select a site. Its lo-cation has not been definitely determined, the surgeon general having under consideration a place recommended by

surgeon general to ascertain the correctness of the reports that yellow jack has developed at other points in Missiestppi.

A GREAT SURPRISE IS IN STORE for those who will go to-day and get a package of GRAIN-O. It takes the place of coffee at about 1 thic cost. It is a food drink, full of health, and can be given to the children as well as the adult with great benefit. It is made of pure grains and looks and tastes like the fibrest grades of Mocha or Java coffee. It satisfies everyone. A cap of Grain-O is better for the system than a tonic, because its benefit is permanent. What coffee breaks down Grain-O builds up. Ask your grocer for Grain-O. A5c. and 25c.
