BURIED IN A RAILROAD WRECK.

Of Thirteen Who Were on a Car Loaded With Machinery, and Which Was Thrown From the Track, Seven Met Instant Death.

I. T., a small station 20 miles west of Van Buren, yesterday afternoon, resulting in the death of seven men and the serious injury of six others, two of whom will die. The dead are William Fame, Charles Fame, Douglass Anderson, John Johnson, Bore Henderson, Frank Hamilton and H. A. Walton. The injured are George Cauffman, Jack Jones, James Phillips, Itohert Eubanks, Charles Pender and George Parker.

All of the dead and wounded were sent to Vian, with the exception of Walton's body, it being brought to this place, where he has relatives living. None of the trainmen were hurt. The wrecked train was a local freight from Coffeyville, Kan, to Van Buren. While the train was a local freight from 20 miles an hour the forward trucks of one of the cars near the engine broke, wrecking 15 cars loaded with walnut logs and baled hay. Will the exception of two cars in front and three cars in the rear, including the caboose, every car composing the train was ditched.

In the middle of the train was a car foaded with heavy machinery, and it was the train was test the season of constipation. Dr. Fierce's Pensant Pellets cure constipation.

fonded with heavy machinery, and it was in this ear that if men were steal-ing a ride and from which seven dead and six seriously wounded were taken by the trainmen shortly afterwards. The occupants of the wrecked car were a party of men and boys living at Vian. L. T., who were coming to Van Buren to find employment in the cotton fields.
When the machinery car left the rails it fell on its side, nearly all of the men being caught by the heavy beams. A car of logs was piled on top of the one in which the men were riding, and that any escaped instant death is but little short of a miracle.

A message was sent to Trainmaster Walsh, at this place, by the train crew. waish, at this place, by the train crow, and he immediately ordered out a wrecking crew, and, with Division Roadmaster McLood, went to the scene of the wreck, taking with them Dr. Debrill, the company's local surgeon at this place. The first thing done was to extricate the dead and wounded, and on account of the heavy locs and on chinery under which they were based. chinery under which they were buried the task was a laborious one, and if was several hours before the last of the sodies was removed from the wreck. One of the dead, whose name is un known, was found with his head much manner. Two of the dead were brought here, William and Charles Fain. William was found on one side of the track and Charles on the other, both crushed almost out-of semblance to human be these. ed to a pulp between the heavy logs his brains coming out. All the bodies
