Taking Thought For the Morrow.

The drive we owe our children is not con-tined to a good bringing up, and the be-questling to them of an benerable name. We owe them a sturdy constitution. It is a crime to start a child in life with inherited weakness, but meet of us, seeing all around the evidence of disregard of this dety in others, are inclined to ferget the urgoncy of it. In living for our children, we live for correction also, and in guarding against the development of disease we from a tragged oldings for our sives and the bloomings of our children. Our lives are trying to servens strength, and most people see themselves efficient in a Nature has provided the remedies that will keep you well and strong, but only a great and patestaking specialist can tell you what they are and just which pres you meed. To those who feed their health slipping away, and who have been unable to secure rollef, the world-famous physisian, Dr. Greene, discoverer of the great Nervers, offers consultation free of all charge. The office is at 33 West 18th street. New York City, and you may call on his there will be alsolutely no charge for his ex-periment advice. He will know instantly
