LENGTHY COUNCIL SESSION

More Hoses For the Fire Companies. Sanitary and Water.
An eleven o'clock session of the Borough Council was held last night. It was not as exciting as the last one. It looked at one time, when the electric light question was touched upon, that the closing incidents of the last meeting of Council would be rehearsed, but better judgment prevailed. The Councilmen in attendance at the meeting were Messrs. Mathews, Lally, Coakley, Boehm, Magargle, Shoemaker, Straughn, James Niswender, Engler, Gable, Brennan, Reese and Hand.

Messrs Hoffman, Broxton and Jones appeared in behalf of themselves and Messrs. Dees, Smith and Baird and asked permission to connect sewers with the borough sewer on Strawberry alley and the permission was granted on condition that the parties sign an agreement not to connect water closets.

It was decided to place a double crossing at the corner of West and Centre streets, leading from the schoolhouse.

Mr. Mathews stated that the creek at the eastern end of the town was filling up with coal dirt, and also under the bridge, causing the creek to overflow to the great damage of residents in the vicinity. He moved that the street committee be instructed to clean out the creek.

Considerable discussion followed and when called upon for an opinion Borough solicitor Follen confirmed the opinion expressed by some members that the creek was on the property of the P. & R. C. & I. Co. and the borough had no right to go upon the land and clean out the creek. The bridge he said, in line with the street was the public highway and the creek remained private property.

Mr. Mathews stated that the duplicate for 1907 had been written and amounted to \$31,030.47. He also stated that Council could not legally exonerate real estate from taxes. A motion to reconsider the exonerations for 1905 was left over until next meeting pending further information as to exonerations of real estate.

Mr. Mathews moved that a motion made by Mr. Gable at a subsequent meeting to allow Tax Collector Scanlan a rebate of \$500 to help him defray the expense of collecting hire and other expenses in collecting taxes, be taken up for consideration, but the motion was left pending an opinion on the question from the Solicitor as to Council's right to allow it.

The report of the fire apparatus committee included bids for hose and the following contracts were awarded: Eureka hose, 500 feet at 90 cents per foot; rubber hose, 500 feet at \$1.00 per foot; Keystone hose, 500 feet at 80 cents per foot.

Mr. Lally again brought up the electric light question and moved that the motion awarding the contract be reconsidered. The motion was lost. Mr. Lally then stated that since the passage of the law of 1893 no legislation passed by Council had been submitted to the Chief Burgess for his sanction, or rejection. For this reason, he claimed, the electric light contract was void.

Solicitor Pomeroy said that, under the law referred to, only ordinances and resolutions in the nature of ordinances were referred to the Chief Burgess as stated, but that the official has nothing to do with contracts or the deliberations of Council, except so far as they apply to ordinances, or resolutions in the nature of ordinances. Mr. Lally disagreed with the Solicitor, but the latter said Mr. Lally was wrong in his views of the law.

Mr. John McGarry's claim for damages for injuries sustained by a fall due to an alleged defective pavement on West Coal street was brought up by Mr. Coakley's motion that \$500 be paid to the claimant. The matter was referred to the law committee in conjunction with the Solicitor for further investigation.

Mr. Coakley stated that the Flynn case had been settled, but the Health Officer could not get anybody to tear down the stone wall. Some of the parties affected, he said, would like to put in a caveat and have Council contribute \$100 to help the work, in extending the course of the stream.

Mr. McGuire moved that the borough appropriate the amount for the purpose of running the stream through the Conry, Graham, O'Neill and other lots facing on Centre street.

Messrs. James, Gable and Hand contended that if Council should make such an appropriation it would make itself a party to diverting the channel of the stream and make itself responsible for any future trouble. Mr. Boehm held to the same opinion, and thought Council should take no further action in the matter.

Chairman Straughn took part in the discussion and said there was not another town in the state where one man could defy a population of 18,000. Mr. McGuire's motion received but four votes and was defeated.

The scarcity of the water supply was again discussed, resulting in a decision that the water committee consider the matter and ascertain the cost of two streams in the valley, and also the cost of a 90 and 60 million gallon reservoir to be placed at Brandenville.

The Eight Judges.
The cozy office of M. M. Burke, Esq., has been adorned by the addition of a beautiful picture and frame containing the portraits of eight Judges of the United States Supreme Court, and bears the date of 1897. Several of the Judges appear in their court garb, while others are represented in citizen dress.

Two Voyages to The Clouds.
Should the weather be favorable to-morrow Columbia park will again resemble one man of humanity to witness the two balloon ascensions. Workmen were busily engaged to-day in digging trenches to convey the hot air from the furnaces to the balloon and making other preparations. The first ascension will take place at 10 o'clock in the morning and will be made by Mons. Roberto, who appeared here on Labor Day under the auspices of the Independent Social club. He will appear in their behalf again to-morrow. The second ascension takes place at 4 o'clock in the afternoon. Miss Roberto, the queen of the air, will ascend to the clouds and descend by means of a parachute. These two events will be followed by a picnic in the park. The Schappe orchestra has been engaged to furnish music.

ALMOST A CENTENARIAN.

An Old and Venerable Citizen of Zion's Grove Passes Away.
Lorenz Singler, an old and venerable citizen of Zion's Grove, passed peacefully away on his farm at that place yesterday. Mr. Singler had oftentimes taken pride in his age, and had almost reached the centenary mark. He had attained the remarkable age of 99 years and enjoyed good health until a few weeks ago. Almost every citizen throughout the Catawissa valley was acquainted with the deceased. His acquaintances in this town will also be surprised to learn of his death. He had been a resident of Zion's Grove for 30 years, and lived on the same farm all that period. He is survived by the following sons: John, of Slaton; Joseph, Anthony and Jacob, of Nuremberg; Stephen and William, of Zion's Grove; Benjamin, of Butler; Samuel, of Gowen; and Walter, of Tombshook. Three daughters, Mrs. Henry Humble, of Ringtown; Mrs. Schell, of Nuremberg; and Mrs. Mary Dickson, of Hazleton, survive. The funeral will take place from the family residence next Monday morning at 10 o'clock. Services in the Mt. Zion church with interment in the parish cemetery.

THE THREE CENT TAX.

The P. & R. C. & I. Co. Will No Longer Collect the Alien Tax.
The P. & R. C. & I. Co. has ceased to collect the three cent alien tax. Orders were issued and posted at all the company's colonies in this vicinity to-day to that effect. The collections ceased on September 1st.
This is in line with the step taken by the other corporations throughout the state, since Judge Acteson, of Pittsburg, declared the three cent tax law unconstitutional. If his decision is sustained by the Supreme Court the tax collected previous to the 1st of September will be refunded to the men from whom wages it was deducted.
All moneys already withheld in obedience to the law will be held by the company until a final determination of the legal questions involved shall be reached. The notice further says: "The law which required us, upon notice from the tax collector, to retain from the pay of alien workmen sums sufficient to pay the taxes assessed against them, is pronounced by our counsel to be undoubtedly unconstitutional. This tax we will continue to collect."
