GRIFFITHS UNDER BAIL.
He Must Appear in the Coyle-Joyce
Libel Suit.

Special to EVENING HERALD.
POTTSVILLE, Sept. 20.—Hon. E. A. Griffiths,
of Mahanoy City, this morning appeared
before the court here and stated the reasons
for his non-appearance at court when the
Coyle-Joyce libel suit was called up for trial.
He said he was not subpoenaed as a witness.
His wife did not know where he was and
expected him to return every day. He did
not know he was wanted as a witness in
the suit. About two weeks before he left
Mahanoy City Joyce told him he might be
needed at the trial, but no subpoena was
served. The court required Mr. Griffiths to
furnish \$1,000 bail for his appearance as a
witness in the case at the next term of criminal
court, and he must not leave the county
in the meantime without consent of the
court.

John Rowe, Sr., this morning qualified as
Director of the Poor, succeeding Nari Diet-
rich, deceased.

THE FIGHT WITH FEVER
Cleaning Out a Filthy Square in New
Orleans.

DANGER IN ITALIAN QUARTER!
A Plague Spot Where Filth is Abundant,
and Where in One Instance a Goat
Occupied Quarters With the
Family—Three Deten-
tion Camps.

New Orleans, Sept. 20.—The local
fever situation has undergone little
change. At 8 o'clock last night the
record book in the board of health
office showed a total of six new cases
and one death. The official bulletin
issued last night shows two deaths,
that of the woman Santa Grattia, who
died in the hospital Saturday night,
not having been included in the official
bulletin.

This is yesterday's record: Deaths:
Joseph Glaty, an Italian, 2636 Urqu-
hart street; New cases: Rosalie Bacon,
Hilary and Burth; John Deitz, Plum-
between Cambrone and Jefferson;
Irene Terrell, Charity hospital; Wil-
liam Brandon, 633 Philip street; Nora
H. Hynds, 2147 St. Claude street; Lena
Green, colored, 1558 Camp street.

The first two cases are in the extreme
upper portion of the city, one in the
Fourth district, and one in the St.
Claude street house where the original
six cases were reported, and one in
the Williams house, where two cases
already existed. There are three cases
under investigation, and the health au-
thorities are watching the situation with
some complacency. They do not yet
anticipate an epidemic, as at its meet-
ing Saturday night the board decided
to abandon its nightly sessions and
created Dr. Oliphant master of the
campaign against the disease.

The report of Dr. Metz, the city
chemist, on the condition of the Italian
quarter moved the board to the accept-
ance yesterday of the offer of the
city of the Marine hospital as a
refuge. Dr. Metz found as many as
60 people huddled together in the Ital-
ian quarter, living in filth. In one of
the rooms a goat was found sleeping
with the family who owned it. The
woman Grattia was taken from
this quarter, and the board realized
that unless something was done at
once the block in which the woman
had lived was likely soon to become
a plague spot. It was, therefore, de-
cided to guard and thoroughly disin-
fect and fumigate the entire square,
and to remove as soon as possible most
of the families to the old Marine hos-
pital. The hundred squatters who now
occupy the latter building will be given
quarters in one of the new school-
houses in the vicinity, and the Marine
hospital buildings will be permanently
used as a refuge, until the fever is
stamped out, for the families of the
Italian quarter and those of the in-
digent sick throughout the city.

House Surgeon Bloom had a confer-
ence with President Oliphant yesterday
relative to establishing a place to
which indigent yellow fever patients
could be removed. There are usually
700 or 800 patients in the Charity hos-
pital, and it is considered highly dan-
gerous to receive yellow fever patients
at that institution.

A special train yesterday went to
Biloxi and Ocean Springs and from
there carried about 40 people to the
detention camps at Fontainebleau. Today
the camp was thrown open to all
comers. Those who are not immune
will have to stay in the camp ten days,
according to the federal law, which
Surgeon Murray as the commander of
the camp is bound to enforce. There
were no new cases reported at Ocean
Springs up to noon, but the weather
was heavy and sultry and one of the
patients was not expected to live.

Charles Zeliger, of a prominent New
Orleans family, was among those
stricken Saturday at Ocean Springs,
but his condition is not yet considered
serious. When the fever had been de-
clared epidemic and yellow he shut
himself up in his home and refused to
come forth except to go to the deten-
tion camp as soon as it was ready.
Isolation, however, did not prevent the
germs from entering his home.

The work of the New Orleans sani-
tary forces continued unabated, and
the officers employed themselves in
hunting up many old residences where
people are closely crowded and where
they live in filth. Many new places
were subjected to complete disinfect-
tion and cleaning.

TWO MEN STABBED!
Neither Suffered Injury of a Very
Serious Character.

POLES WERE BEING EJECTED!
They Were Refused Drinks and Stabbed
The Saloon Proprietor and an Assail-
ant When They Were Being
Forced From the Place.

A stabling affray occurred on West Lloyd
street late last night in which two men were
injured, but not seriously. Four Poles
entered the home of Peter Mackawicz and
demanded drink. The proprietor refused to
serve them and they were ordered out. The
men became abusive and made threats. A
young man named Grant Troutman was in
the place at the time and Mackawicz called
upon him for assistance in putting out the
intruders. A scuffle ensued and Mackawicz
was stabbed twice in the left arm, at the
elbow and wrist. The fight continued
on the pavement and Troutman was stabled
in the left cheek, the cut barely missing
cutting his nose off. Troutman was also
beaten with a piece of rock. The four Poles
made their escape.

Shortly after Policeman Ed. Kester found
four Poles lurking in the left arm, at the
corner of Gilbert and Lloyd streets.
The victim was being assaulted with a long
piece of rubber pipe loaded to form a "billy."
As the officer rushed up to the scene the vic-
tim was released and took to his heels. Chief
of Police Tusk arrived to give Kester as-
sistance and the four Poles were arrested and
placed in the lockup. No one appeared
against them this morning and they were
released after payment of fines, by Chief
Burgess Tabor. They were seen going along
West street, homeward bound, carrying un-
der their coats the boxes of soda crackers
which had been furnished them for break-
fast in the lockup. It is believed they were
the same men who created the disturbance
at Mackawicz's home, but as no one ap-
peared to prosecute they could not be held.

Dr. Stein was called to Troutman's home on
West Cherry street at one o'clock this morn-
ing and dressed the man's injuries. They are
serious, but not dangerous. Mackawicz's
injuries are of a similar character.

BEFORE THE JUSTICES.
Cases Based On Complaints of Various
Degrees.

August Vantant sued Frank Batsky be-
fore Justice Shoemaker for "striking and ab-
using him most shamefully." \$300 bail was
forfeited.

Justice Toomey disposed of the following
cases last night and this morning: Anthony
Markos was sued by Mrs. Martinkawicz.
The woman is a tenant of the accused. They
had trouble about rent and it is alleged
the landlord put the children out
of the house and then took possession of it.
It was changed with consent for \$200
bail. Later the woman's husband sued the
landlord. He alleged that he was given
three days to vacate and when he failed to
do so the landlord threatened to kill him.
\$300 bail was furnished on this charge.

Frank Kusack was sued for assault and
battery by Steve Tolosack and furnished \$300
bail.

William Matalawicz was put under bail for
trial on a charge of stealing a hat valued at
\$1.50 from Martin Casey.

Mrs. Petry Vavivinski was arrested on oath
of Mrs. Katie Lynch, the charge being
arrogance of a bucket valued at thirty cents.
The accused was committed in default of
bail. Both claimed ownership of the vessel.

FIRE THREE SHOTS.
A Woman Feloniously Assaulted, But She
Escaped Injury.

Special to EVENING HERALD.
GRANDBVILLE, Sept. 20.—A young man
named Metz, who hails from Mt. Carmel, at-
tempted Saturday night to murder Miss
Gottlinger, of this place, with whom he is
deeply in love. According to the facts
gathered Metz came to town and sought the
young woman. He found her at a place of
religious worship and, it is said, urged her
to consent to marry him. She rejected the pro-
posal and left Metz. Another young man
escorted her home. Metz followed them.
When Miss Gottlinger's home was reached her
escort took the lead to the entrance, as the
place was dark. It is alleged that at this
point Metz fired three shots from a revolver
at the young woman, but none took effect.
Metz has disappeared.

LAMP EXPLODED.
The Fire Department Called Out, But Its
Services Not Required.

At about 8:30 last night the fire department
was called to the First ward and hundreds of
people followed the trucks until it seemed
that almost the entire population of the
town had flocked to that part. At the time
the bell sounded prominent on Main street
was at high water mark and all turned their
footsteps in the direction of the fire scene.
The cause of the alarm was located on East
Raspberry alley, in a shanty at the rear of
Strolls' saloon. A lamp had exploded. When
the fire companies arrived upon the scene
they found that their services were not
required, as the bucket brigade had put out the
fire. Little damage resulted from the blaze.

POTTSVILLE, Sept. 20.—An agreement was
made between counsel and the court today
to proceed with the O'Neill libel suit to-
morrow morning. The trial will be con-
tinued all day, with the exception of the noon
recess, and again at night until the case is
finished. The misdemeanor case will then be
called up and day and night sessions will be

Held in Jail.
Lou Culbertson, the pool expert, was ar-
rested Saturday night by watchman John
Creary and kept in the lockup until last
night, when Culbertson's friends induced
Creary to take the man before a Justice for a
hearing. A charge of larceny as he was
made before Justice Toomey and the accused
furnished \$300 for trial. It appears that Cul-
bertson borrowed a revolver from Creary to
be used by Roberto in the halloo scene at
Columbia park. When his wife was fall-
ing Roberto dropped the revolver and some
unknown person picked it up. Creary now
seeks to hold Culbertson for not returning
the weapon.

showed that the report had no foundation
other than that some Hungarian employes at
the Vulcan had a disturbance amongst them-
selves this morning. The cause could not be
learned.

Cairo, Ill., Sept. 20.—Dr. Gutteras,
the yellow fever expert, who arrived
here from Mobile yesterday, has pro-
nounced the two suspicious cases at
the Marine hospital to be yellow fever
of a mild form. Owing to the prompt
measures taken there is no danger of
its spreading. There are several cases

and Drs. Gutteras and Egan will investi-
gate them. The board of health has
instituted a strict quarantine against

Hungarian Feast.
Four Hungarians on Saturday night made
the neighborhood in the vicinity of the
Greek Catholic church, hideous by indulging
in a fight in which numerous kinds of
weapons figured prominently. One of the
victims seen this morning presents a pitiable
sight. With his head half shaved and the
scalp stitched in many places, and his face cut
across the nose he was seen in a Justice's
office consulting the law on the fracas. Sev-
eral special officers who reside on both sides
of the street in close proximity where the
fight occurred could not be seen at the critical
moment.

Crushed by a Fall of Snow.
Shamokin, Pa., Sept. 20.—Michael
Drumler and Jeremiah Reiser were
caught beneath a fall of top rock while
working in Burnside mine. The former
will die from his injuries and Reiser's
condition is critical. Both of Drumler's
legs were so horribly crushed and frac-

and Reiser was badly lacerated about
the head and shoulders, one
gash in his neck almost decapitating
him, and his right thumb was cut off.
