FOR JURY COMMISSIONER, JOHN ANSTOCK, Of Mahanoy City.

The exact nature of the alliance between France and Russia is still unknown, but one clearly ascertained fact is that the Czar goes to France when he desires to borrow money.

The yellow fever, despite the extraordinary sanitary precautions of the health authorities in the South, appears to be gaining steady headway. Everything indicates a still wider spread of the disease.

COXLEY insists that he is a bigger man in the Ohio campaign than the Washington millionaire who is the Populistic candidate for Senator. But Coxley may have misapprehended the size of that bar!

The present cold snap has caused the prudent housewife to scan the advertising columns of the daily papers for fall bargains. Those who avail themselves of the HERALD's columns—both seller and buyer—will be handsomely rewarded.

MOONSHINEERS will have a hard time hereafter if it is true that revenue officers are wearing coats of armor impregnable to bullets. The report that an officer in Kentucky turned eighteen bullets without a scratch is calculated to discourage the moonshine industry.

We are indebted to Mine Inspector William Stein, of the Sixth Anthracite District, for a copy of the Reports of Inspectors of Coal Mines for 1896, just issued. The reports contain valuable and interesting information to employes in and about the mines, especially that of Inspector Stein covering his district for the past twelve months.

NEITHER the blandishments nor the bluffs of the leaders of the Silver-croft party can effect your Uncle "Hod" Boies. He still stands like a stone against the free and unlimited coinage of silver at 16 to 1, which he says is now impracticable by reason of recent developments, although he enthusiastically supported the theory a year ago.

THERE are many admirers of the national game in Shenandoah, and the result of each day's contests on the diamond is received with much interest by the rooters of the respective teams. Boston baked beans and Baltimore crabs, on account of the small difference of percentage between these two teams, are the delicacies indulged in most by the Shenandoah cranks.

THERE is every indication that the authorities of Luzerne county will determine, by legal process, the responsibility of the terrible slaughter of human lives at Lattimer, District Attorney Fell has secured the issuance of warrants for the arrest of Sheriff Martin and his eighty deputies, and the prosecution will now proceed in the proper way. The accused will no doubt be given a fair and impartial trial, and if they are guilty of any offense, will have to pay the penalty.

CHAIRMAN JONES is right in his intimation that the indorsement of the Chicago platform by the New York Democrats would be bad politics. In fact, as a matter of politics, the indorsement of that platform by anybody, in any state, at any time, would be bad, and our Democratic friends in this state now realize the error of their way at the late Reading convention. The kicks and cuffs which Jones' friend Bryan got last November from the people for indorsing that platform are an eloquent admonition in the future to let it alone. If the people had the work to do now they would hit Bryan harder.

THE LUETGERT TRIAL

The Prisoner's Counsel Promises Some Startling Developments.

Chicago, Sept. 22.—The direct evidence in the Luetgert case is in, and the state has rested. The last witness of the prosecution was Mrs. Louise Miller Johnson, who testified that upon one occasion she saw Luetgert in a rage chase his wife out of the house. The sausage maker, the witness said, was armed with a revolver. He called his wife names and threatened to shoot, but did not. When she left the stand State Attorney Demoss said: "If the court please, the state rests."

There was a general movement in the crowded room as the spectators glanced toward Luetgert and his counsel. Luetgert leaned forward and whispered to ex-Judge Vincent. The latter arose and made a formal motion that the case be taken from the jury on the ground that the state had failed to make out a case. Judge Tutbill promptly overruled this motion without argument. Then ex-Judge Vincent stated that owing to the lateness of the hour he would like to postpone his opening address to the jury until today. There was no objection to this, and an adjournment was taken.

It required just 20 days for the presentation of the evidence of the prosecution. Ex-Judge Vincent said last night that the defense would present its side of the case in just half that time. "My address to the jury in opening will be short and direct to the point," he said. "We deny the murder—the corpus delicti has not been proved, as the law requires, and this fact cannot be assumed nor inferred from such testimony as has been presented here. We will explain away all the evidence brought out here by the police department after months of investigation and manipulation. I do not care to give out in full our defense until we get started, but I promise some startling developments before we are through."

Unfortunate Attempts Sulfide.

Williamsport, Pa., Sept. 22.—Lientenant R. G. Nichols, of the regular army, made an unsuccessful attempt to commit suicide on a Pennsylvania train going east at an early hour yesterday morning. Hill was a passenger on the Pullman car from Buffalo to Washington, where he resides. Hill, after cutting a slash in his wrist, leaped from the toilet room of the train. His escape from instant death seems miraculous, as the train was running nearly 40 miles an hour when he jumped off. Hill had been drinking heavily, and it is said that several snuffboxes had contained his nitro. Hill is now in the Williamsport hospital, and resting comfortably.

Dr. Fowler's Ext. of Wild Strawberry has been used for forty years and has never yet failed to cure a case of diarrhea, dysentery, or summer complaint in any of its various forms.

Ex-Auditor Moore Finds Influence. Lincoln, Neb., Sept. 22.—Insisting that under the statutes he had committed no crime Eugene Moore, ex-state auditor of public accounts, yesterday pleaded not guilty to embezzling funds to the extent of \$230,328. Moore's contention is that the money, which consisted of a full year's salary, should under the law have been paid to the state treasurer instead of to himself, and that he is responsible only to the insurance companies by which the money was paid. His action was due to an understanding between attorneys for the prosecution and the defense, and the case will go to the supreme court, whatever the decision of the lower court may be.

Convention Postponed. Harrisburg, Sept. 22.—The annual convention of the Democratic societies of Pennsylvania, to be held at Wilkesbarre on Sept. 28, has been called off owing to the disturbed condition of affairs in that locality. A meeting of the executive committee of the societies was held yesterday afternoon at state headquarters in this city, at which a resolution to that effect was adopted. A committee was appointed to fix the time and place of holding the convention.

SCRANTON TALK.

About the Little Wonder-Worker—A Personal Interview of Interest.

Our representative called on Mrs. Richard T. Roberts at 424 Thirteenth street, and her conversation is given below in a sample of the Scranton talk that is going on about the little wonder-worker.

"Mrs. Roberts I am told you have been a sufferer from kidney complaint, how long did you have it?"

"For ten years at least."

"Can you tell what brought it on?"

"I can't just say how it came, I first noticed a slight pain in the small of my back which gradually grew worse."

"And of late years your trouble has increased?"

"Yes it was very bad at times. I had a dull pain in the small of my back with an occasional pain in the abdomen and groin."

"Was the bladder affected?"

"Yes, I thought so as during passage of urine an awful scalding and burning sensation existed while there was a soreness in the abdomen as well."

"Was the passage of urine unusual?"

"Indeed it was sometimes excessive and sometimes scanty, if I caught cold I was always worse."

"Were there any other symptoms?"

PRISONER'S PLAN FAILED.

The Search-Light Prevented a Daring Escape From Prison.

Trenton, Sept. 22.—John Meyers made a daring but unsuccessful attempt to escape from the New Jersey state prison early in the morning. Meyers, by clever work, escaped from his cell to the roof of the wing in which he was located. He got as far as the roof of the portico over the main entrance, where he was captured, as a result of an alarm given by one of the deputies in the watch tower. Meyers had been planning to escape for a long time. He was located in one of the old wings, which have no steel bars. With the assistance of a knife he dug a hole in the wall of his cell near the top and climbed through this to the attic, where, with a saw which he made from a knife, he cut through the ceiling. Meyers said afterwards that he had worked all night, and that he would have made his escape before morning had it not been for the searchlight used every half hour for making a survey of the roofs and yard of the prison. When not in use the light pointed directly on the roof through which Meyers cut a hole behind a chimney. For a space of deceiving the watchman Meyers put in his bed the bricks taken from the wall, and with a lot of brush which he had soaked in water he made the image of a man on the roof, so that when the watchman passed he would think Meyers was in bed. The prisoner had also fixed himself up with a pair of trousers made of his bed clothing, and a 25 foot rope, which he made from a blanket.

Meyers was sentenced to seven years in November, 1891, from Union county, for breaking and entering.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE. Unhealthily urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often by mistake attributed to female weakness or womb trouble of some sort. The error is easily made and may be easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy is soon realized. If you need a medicine you should have the best. At drug stores fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention EVENING HERALD and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

Tours to the South.

Two very attractive early Autumn tours will be run by the Pennsylvania Railroad Company, leaving New York and Philadelphia September 28 and October 12.

It is hardly necessary to say that these contingents planned with the utmost care, and that all arrangements are adjusted so as to afford the best possible means of visiting each place to the best advantage.

The tours each cover a period of eleven days, and include the battlefields of Gettysburg, picturesque Blue Mountains, Lury Claviers, the Natural Bridge, Virginia Hot Springs, the cities of Richmond and Washington, and Mt. Vernon.

The round-trip rate, including all necessary expenses, is \$65 from New York, \$65 from Philadelphia, and proportionate rates from other points.

Each tour will be in charge of one of the company's tourist agents. He will be assisted by an experienced lady as Chaperon, whose special charge will be ladies unaccompanied by male escort.

Special trains of parlor cars are provided for the exclusive use of each party, in which the entire round trip from New York is made.

For detailed Itinerary apply to Ticket Agents or to Tourist Agent, 116 Broadway, New York, or Geo. W. Boyd, Assistant General Passenger Agent, Broad Street Station, Philadelphia, Pa.

"I burned my fingers very badly. The pain was intense. Dr. Thomas' Electric Oil brought relief in three minutes. It was almost instant. I never saw anything like it." Amelia Swartz, Sandersville, O.

For Mayor of Baltimore.

Baltimore, Sept. 22.—Henry Williams was nominated for mayor on the first ballot by the Democratic city convention held here last night. This is the second time Mr. Williams has been selected as the standard bearer of the Democracy in a municipal campaign, he having been defeated for mayor in 1885, along with the entire state and local ticket. At that time, however, he ran many thousand ballots ahead of the party vote.

Cooper Defeats Hald and Gardner. Albany, N. Y., Sept. 22.—Tom Cooper carried off honors in the mile race for \$1,000 with Eddie Hald and Arthur Gardner, held under the auspices of the Albany County Wheelmen in this city yesterday. It took three heats to decide the race, Hald winning the first heat by an open length in thirty-six seconds, Cooper took the second heat in 2:28 and the third in 2:36. Gardner was second in both heats.

Death of Solicitor Felson. Wilmington, N. C., Sept. 22.—Hon. Walter F. Felson, solicitor of the state department at Washington, died this morning at 1:25 o'clock at the home of his brother-in-law, Dr. J. E. Mathews, in this city, aged 42 years.

Engineer and Fireman Killed. Melba, Ga., Sept. 22.—A terrible head end collision occurred near Helena on the Georgia and Alabama railroad yesterday. Engineer J. D. Young and his fireman were killed. Conductor G. R. Boyd was badly hurt.

NUGGETS OF NEWS.

Something to Know.

It may be worth catching to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerves, cleanses the stomach, stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters cures indigestion, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at A. Wadley's drug store.

Colored Postmaster Indisposed. Washington, Sept. 22.—The case of Postmaster Loftin, of Hogsansville, Ga., who was shot and slightly wounded some days ago, came up for consideration in the cabinet meeting yesterday. The report of the agent sent to Hogsansville by the postoffice department to make an investigation was presented by Postmaster General Gary and discussed by the cabinet.

The report showed that the postmaster was not at all dismayed by the course events have taken, and was fully determined not to yield up his position because of the prejudice against him on account of his color. No action was taken for the present, the president hoping that the cabinet judgment of the people of Hogsansville will prevail and the new appointee be permitted to continue the duties of his position without molestation.

King Leopold Traveling Incognito. Las Palmas, Canary Islands, Sept. 22.—King Leopold of Belgium has arrived here, incognito, on board the royal yacht. It is given out here that his majesty came to Las Palmas in order to bid farewell to the Belgian Congo expedition, which is now on its way to the Congo Free State, but it is currently believed that the king is going to visit the Congo territory.

WEST INDIA HURRICANE

Flats Florida, With Resulting Loss of Life and Property.

Jacksonville, Fla., Sept. 22.—Florida was visited by a West India hurricane yesterday. The path in Jacksonville has been almost continuous for the past 26 hours, but it was not until yesterday that wind accompanied it. The maximum velocity here has been between 30 and 40 miles, accompanied by sharp gusts. In Tampa the rainfall was more than six inches, while here it has been half that amount. Fears are entertained for the safety of the schooner H. W. Dacey, W. H. Skinner and J. H. Cannon, which left on Monday with cargoes of lumber. The center of the storm on the east coast appears to have passed over Titusville and Cocoa, about 160 miles south of this city, at 10 o'clock, and 15 inches of rain fell, and washouts are reported on the railroads. At the latter place several buildings were demolished and several fishermen probably lost their lives.

At Ferdinandina great fears are entertained of serious damage to the entire water front. The schooner J. C. Woodhull has smashed into her dock about 11 feet. The steamer Roe Hampton broke her cable and rammed another vessel lying just ahead of her. The Miami party at the station here was blown high and dry upon shore and the pilot boat V. Francis Elizabeth parted her moorings and was blown upon Three Islands beach.

A pile driver and a lighter loaded with piles, bridges several wood boats, have been wrecked and sunk, some in the rivers and others blown into the marsh. A captain and his wife from a wood boat, names unknown, were drowned in their boat. Many small boats were wrecked.

The President Eastward Bound. Washington, Sept. 22.—President McKinley and party left the city last night via the Pennsylvania railroad for Adams, Mass., where they will be the guests of Hon. W. B. Plunkett. Accompanied by Mrs. McKinley and Miss Mabel McKinley, the president arrived at the station a few minutes before 9 o'clock, and went immediately to the special train in waiting, where they joined Secretary and Mrs. Alger, Attorney General and Miss McKenna, and Executive Clerk Cortelyou, who had arrived a short while before. Secretary Wilson and Hon. H. C. Kibb were at the station, and remained chatting with the president until the time of departure.

Buckley's Arises Alive. The best alive in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, letter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or is so required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by A. Wadley.

One Dead, Two Seriously Injured. Titusville, Pa., Sept. 22.—A collision of freight trains occurred on the Erie and Pittsburgh railroad near the block bridge at New Castle. The dead and injured are: Chris Kautzer, fireman of Erie, Pa., killed; Mack Palmer, engineer, badly scalded and leg broken, may die; James Grover, brakeman, broken leg, badly cut and burned; unknown tramp, terribly cut about the head, will die. The trains were going at full speed, and ten cars were demolished.

WHAT DO THE CHILDREN DRINK?

Don't give them tea or coffee. Have you tried the new food drink called Grain-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about 1/4 as much. All grocers sell it. 15c and 25c.

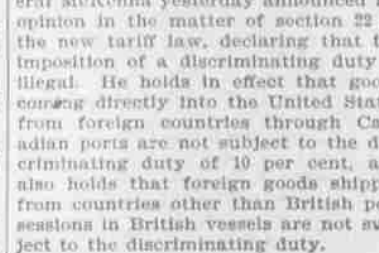

Disseminating Duty Begins. Washington, Sept. 22.—Attorney General McKenna yesterday announced his opinion in the matter of section 22 of the new tariff law, declaring that the imposition of a discriminating duty is illegal. He holds in effect that goods coming directly into the United States from foreign countries through Canadian ports are not subject to the discriminating duty of 10 per cent, and also holds that foreign goods shipped from countries other than British possessions in British vessels are not subject to the discriminating duty.

Burdock Blood Bitters is nature's true remedy for constipation and kindred ills. It acts directly on the bowels, the liver, the skin, and while cleansing the blood imparts strength to the digestive organs.

Frost Damage in Ohio. Cincinnati, Sept. 22.—Reports from all parts of the Ohio valley indicate that the frost did much damage on Monday night, especially to tobacco and to late corn. The frost was general in southern Ohio and Indiana and northern Kentucky. The quarantine against fever was raised here yesterday on account of the frost.

Neuralgia of the Heart

Vanquished by Dr. Miles' Remedies.

Mrs. Sidley, of Torrington, Conn., suffered from just such a complication of diseases as the extensive experience and investigations of Dr. Miles have proven, result from impairment of the nervous system. Mr. Jas. B. Sidley writes Oct. 25, 1895: "My wife was taken sick with neuralgia of the heart, nervous exhaustion and liver trouble. Although attended by two physicians she grew worse, until she was at death's door. I then began giving her Dr. Miles' Restorative Nervine and Dr. Miles' New Heart Cure, and she improved so wonderfully from the first that I at once dismissed the physicians. She now eats and sleeps well and does her own housework. We have recommended your remedies to a great many in our city, and every one has been very much benefited by them. Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first to heal, and if not cured, to refund the money. Book on Heart and Nervous System free to all applicants. DR.
