# AN AUTHORIZED DUEL

Austria's Emperor Encouraged Premier Baden to Fight. THE PREMIER BADLY WOUNDED.

Shot in the Arm, and It May Be Necessary to Have the Member Amputated—The Premier the Challenging Party.

Vienna, Sept. 27.—The fierce political agitation in the Austrian house recently had almost a tragic climax Saturday, when Count Casimir Baden, Austria's prime minister, was shot in the arm by Dr. Wolff, the German Nationalist leader and member of the Reichsrath.

The meeting on the field of honor was the direct result of a personal altercation between the premier and Dr. Wolff, during which the latter threatened Count Baden on a blackguard, and accused him of rascality.

The combatants selected pistols as the weapons, and the meeting took place in a secluded suburban section, attended by seconds and doctors, after the accustomed regulations observed in such cases.

One bullet from the weapon of Dr. Wolff struck the premier in the arm, the ball plowing its way through the limb and passing out above the wrist. The surgeon, a physician who had immediately arrived on the field, and after the premier's wound had been dressed the dueling party hastened from the scene.

The wound does not prevent the count from transacting business, but it is said that his arm may have to be amputated.

The emperor has telegraphed expressions of warmest sympathy, and has requested hourly information concerning the condition of the wounded man. The duel has caused the wildest agitation throughout Austria. It arose out of the riotous scenes at the opening of the Reichsrath, when Count Baden, with arms crossed and head on his breast, listened unmoved by the clamor and scolding of the German party.

His attitude was most irritating. The whole left formed a threatening group around him, conspicuous among them being the great lean face of Wolff, as he pressed forward and thrust his fist into Count Baden's face, saying: "If this is your policy, it is miserable, the cheek!" Some declare that Dr. Wolff called him a "Polish pig." He was pulled back by his colleagues, but continued uttering menaces.

Early on Friday Count Baden sent his seconds to Dr. Wolff, who accepted the challenge. The premier sent a telegram to the emperor asking permission to fight the duel, and at the same time tendering his resignation. In reply he received not only permission to fight, but also the imperial approval.

Count Baden then made his will, after which he spent the evening at the Jockey club and a pleasure resort. His wife and family knew nothing about the affair until the duel was over.

The combatants met at the military club, near Count Baden's residence, where the German party, commanded by the Vienna garrison, and Colonel Resch, a former adjutant of the emperor, Dr. Wolff's seconds were two German deputies. The conditions of the duel were three shots at 25 paces. At the first discharge the premier's ball struck the ground 15 paces from his antagonist. The latter's ball struck Count Baden in the right arm. He staggered back to his chair, and was then taken home, where the bullet was extracted.

It is thought that as the premier has set the example with the emperor's approval, there will be a serious epidemic of duelling. The Arbeiter Zeitung points out that Count Baden is liable to imprisonment for from one to five years.

Dr. Fowler's Ext. of Wild Strawberry has been used for forty years and has never failed to cure a case of diarrhoea, dysentery, or summer complaint in any of its various forms.

Port Townsend, Wash., Sept. 27.—Stemship City of Seattle arrived today at 10:30 a. m. The steamship was captained by Dr. Wadley, who brought 315 passengers, 192 men and 18 women, who were unable to cross the White Pass, and who preferred to return to civilization, as many of them termed it, to seeking death by exposure at Skagway.

Very little additional news relative to the avalanche at Sheep Camp was brought by the Seattle.

There is nothing so good as Dr. King's New Discovery for Coughs, Colds and Hoarseness. It is the best remedy for all these ailments, and it is guaranteed to cure them. For sale at Kirlin's drug store, Shenandoah, Pa.

Murder and suicide at Skagway. Victoria, B. C., Sept. 27.—The steamship City of Seattle brought the news of a murder and suicide at Skagway. On the night of the 21st George Buchanan, foreman of the Skagway Day Improvement company, shot and killed Mrs. Stella Konath, the proprietress of a lodging house and restaurant, and then killed himself. He was madly jealous of her. Buchanan was about 24 years of age. Mrs. Konath was a widow, about 26 years of age.

Did You Ever Try Electric Bitters as a remedy for your troubles? If not, get a bottle now and get relief. This medicine has been found to be peculiarly adapted to the relief and cure of all Female Complaints, exerting wonderful direct influence in giving strength and tone to the organs. If you have Loss of Appetite, Constipation, Headache, Fainting Spells, Nervousness, Sleeplessness, Excitability, or are troubled with Dizziness, Electric Bitters is the medicine you need. Health and strength are guaranteed by its use. Large bottles only fifty cents at A. Wadley's drug store.

# MORE EVIDENCE

Before the Public—A Scranton Store-keeper Testifies.

Scranton is greatly interested in the home testimony that is being brought forward in favor of the "little conqueror." Our representative investigated another case in that of Mr. Daniel Mohr, who has a little store at 328 Summer Avenue, Hyde Park, Mr. Mohr is a fine, muscular, well-built man, who looks as though no burden that any ordinary back is called upon to bear would prove too great for him and still a few months ago he could not lift a bushel of potatoes for a customer.

A woman's work is hard in many ways. Unless the woman is strong and healthy her work will cause her much headache and pain, and she will suffer from backaches and side-aches, and even vomiting and fainting spells. In this condition of mind and body she cannot be a loving and amiable companion for her husband when he returns from his work weary too in body and mind.

If a woman wants to live a happy, contented, loving, helpful married life she cannot take too much care of her health and vigor of the organs distinctly feminine, for her general health and strength is largely dependent upon her special health in a womanly way. Dr. Pierce's Favorite Prescription enables a woman to be always well and strong where a woman most needs health and strength. It acts directly on the important and delicate organs involved in her husband and motherhood. It makes them strong and healthy. Taken during the period preceding motherhood it banishes the usual discomforts and makes baby's coming easy and comparatively painless. It insures the new-comer's health and provides an ample supply of natural nourishment. It cures all weakness and disease, and headache, backache, and side-aches no longer torture her in her work. Over 9,000 women have testified to the wonderful virtues of the "Favorite Prescription" over their signatures. An honest druggist will not try to force on you a substitute for the sake of a few pennies added profit.

Dr. Pierce's 100-page "Common Sense Medical Adviser" will be sent free, paper-covered, for 21 one-cent stamps to pay cost of mailing only. For cloth-bound, \$1 stamps. Address: Women's Dispensary Medical Association, Buffalo, N. Y.

# FREE MEDICAL BOOK FOR MEN

How to Restore Lost Manhood and Perfect the System. This great work, plainly written by a high medical authority, shows how many vigor can be regained and obstacles to marriage removed. It is a book every man who suffers from nervous debility caused by overwork, young manhood, or late marriage, should read. It is a book that will cure you of nervousness, impotency, and all other ailments. It is absolutely free. Write for it to the Medical Department, 1234 Broadway, N. Y.

# THE GOLD AND SILVER OUTFIT

Washington's Gold Field Is Comparatively Easy to Reach. RICH FIND IN BALD MOUNTAIN.

The Vein Varies From Three to Five Feet in Thickness, and Can Be Traced Half a Mile—It Is Free Milling Quartz and Carries Silver and Copper.

Seattle, Sept. 27.—The first authentic news concerning Washington's new Elmore near Mount Baker, and how to get there, is brought to Seattle by E. W. Saportas, who with Frank Crydo and Gus Wagner, experienced miners of Dawson City, went to the scene of the latest excitement a week ago. According to Mr. Saportas the route is passable, and not very difficult until within five miles of the find. The last five miles, however, present obstacles that would forever discourage any one not an experienced prospector and mountaineer.

There was no prospecting and no mining in the Bald Mountain region until the discovery of the gold, silver and copper veins. The veins are located in the Bald Mountain region, and are of considerable thickness. The gold is found in the Bald Mountain region, and is of considerable thickness. The silver and copper veins are also of considerable thickness.

The gold discoveries in the mountains of Whatcom county are beyond any doubt the richest in the annals of the Pacific coast, or even in Alaska. So say the most experienced prospectors whom I have accompanied to the scene of the richest find.

The recent find in Bald mountain, situated in the northeast portion of Whatcom county, northeast of Mount Baker. The mineral range runs north-west and southeast, and today is located for 40 miles. There is no telling how much farther it extends.

The vein in five claims—Lone Jack, Bennie, Sidney, Lulu and Whist, and varies from three to five feet in thickness. It runs under a layer of porphyry ledge in a serpentine manner, and carries gold, silver and copper. The vein can be traced half a mile. The cropping is under solid porphyry.

The gold is known as wire gold, and can be seen with the naked eye, and picked out with the fingers. That great quantities of it exist there is no doubt. The formation of the range in which the find is located does not look to be very rich in minerals. If there is any placer mining it has not yet been demonstrated to be a paying proposition.

# IT IS EASY TO TELL.

People who fail to look after their health are like the carpenter who neglects to sharpen his tools. People are not apt to get anxious about their health soon enough. If you are "not quite well" or "half sick" have you ever thought that your kidneys may be the cause of your troubles? It is easy to tell by looking at your urine for twenty-four hours. A sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Frequent desire to urinate, scanty supply, pain or dull ache in the back is also convincing proof that the kidneys and bladder are out of order.

There is satisfaction in knowing that the great remedy Dr. Kilmor's Swamp-Root, fulfills every wish in relieving sick or diseased kidneys and all forms of bladder and urinary troubles. Not only does Swamp-Root give new life and activity to the kidneys—the cause of trouble, but by treating the kidneys it acts as a tonic for the entire constitution. If you need a medicine take Swamp-Root—it cures. Sold by druggists, price fifty cents and one dollar, or by sending your address and the name of this paper to Dr. Kilmor & Co., Birmingham, N. Y., you may have a sample bottle of this great discovery sent to you free by mail.

His Injuries Permanent. From the Doylestown Republican. "Bryan in a collision—His train meets another and twelve are killed." This is the headline of a newspaper dispatch published the other day. Of course, it refers to a railroad smashup. Nearly a year ago Bryan was in another collision of this kind. His train ran into the people's train—result, Bryan was injured physically and many thousands of fellow travelers met their pitiful death. Bryan still manages to get about on free silver coinage crutches, but the injuries of last year are permanent. He will never recover from the collision that happened. He will never reach the White House except he goes there as a visitor.

Certainly you don't want to suffer with dyspepsia, constipation, sick headache, nervous skin and loss of appetite. You have never tried Dr. Williams' Little Early Bitters for these complaints or you would have been cured. They are small pills but great regulators. C. H. Hagenbuch.

Notwithstanding the large stocks of manufactured goods imported in anticipation of the enactment of a protective tariff the United States has had an increase in the production of all lines of trade. From the signing of the bill by President McKinley should date a new era of prosperity. Everybody, irrespective of political affiliation, should now put his shoulder to the wheel with a determination to make his country flourish and the country wax fat with richness.

All those creeping, crawling, stinging sensations that combine to make up the tortures of any itching disease of the skin are instantly relieved and permanently cured by Doan's Ointment. Take no substitute. Doan's never fail.

Was a Defaulting Bank Teller. Buffalo, Sept. 27.—Lewis E. Hill, of Buffalo, whose dead body was found in the river at Chicago yesterday, was formerly paying teller in the Elliott Square bank in this city. He disappeared a week ago with \$2,000 of the bank's money. Half of this amount Hill subsequently returned to the bank, and his brother made good the balance. The bank authorities had not asked for his arrest, as they suffered no loss.

"I have nothing in the store that sells so well or gives such satisfaction as Dr. Fowler's Ext. of Wild Strawberry. I always recommend it in cases of summer complaint or bowel trouble of any kind." C. A. West, Indianapolis, O.

When you want good roofing, plumbing, gas fitting, or general plumbing done call on E. F. Gallagher 18 West Centre street. Dealer in stoves. 147

# A GREAT SURPRISE IS IN STORE

For those who will go to-day and get a package of GRAIN-O. It takes the place of coffee at about the cost. It is a food drink, full of health, and can be given to the children as well as the adult with great benefit. It is made of pure grains and looks and tastes like the finest grades of Mocha or Java coffee. It satisfies everyone. A cup of Grain-O is better for the system than a cup of coffee, because its benefit is permanent. What coffee breaks down Grain-O builds up. Ask your grocer for Grain-O. 15c. and 35c.

A Disappointing Rye Crop. New York, Sept. 27.—A disappointing rye crop is indicated by final returns to the American Agriculturalist. Instead of some 28,000,000 bushels, expected from earlier indications, the crop of the United States now figures out about 25,000,000 bushels, or 3,000,000 more than last year, and 3,000,000 less than in 1895 and 1894. The increase is mainly in Pennsylvania, the western crop being quite disappointing.

Household Necessity. Cascarets Candy Cathartic, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, act gently and positively on kidneys, liver and bowels, cleanse the entire system, dispel colds, cure indigestion, fever, habitual constipation and biliousness. Please buy and try a box of C. C. C. today; 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

Train Robbers Fooled Themselves. Moorhead, Minn., Sept. 27.—The west-bound passenger train on the Northern Pacific railway was held up three miles east of here at an early hour in the morning. It is said that the express car carried a large sum of money which the robbers failed to secure owing to a blunder in cutting off the cars. One man climbed over the tank, and at the point of a pistol compelled Engineer Brown to apply the brakes. Three other robbers then came forward, bringing along the conductor and brakemen. All mounted the engine, which was again started west. The robbers sat on the tank and ordered the engineer to "keep the train moving." When the train reached Moorhead the robbers discovered that only the engine and mail car had been cut off from the balance of the train, leaving the express safes behind. They rapidly despoiled the mail car of valuables and money and made their escape.

WHAT DO THE CHILDREN DRINK? Don't give them tea or coffee. Have you tried the new food drink called GRAIN-O? It is delicious and nourishing and takes the place of coffee. The more GRAIN-O you give the children the more health you distribute through their systems. GRAIN-O is made of pure grains, and when properly prepared tastes like the choicest grades of coffee but costs about 1/4 as much. All grocers sell it, and it is.

Another Lurching Forward. Owensboro, Ky., Sept. 27.—Henry Richardson, colored, is in jail here for criminal assault on Julia Smith, colored, 10 years old. His trial is set for today. If not protected by militia lynching will be scarcely avoidable. Excitement is being created by yesterday's event at Hawesville, only 13 miles from here.

Small precautions often prevent great mischiefs. DeWitt's Little Early Bitters are very small pills in size, but are most effective in preventing the most serious forms of liver and stomach troubles. They cure constipation and headache and regulate the bowels. C. H. Hagenbuch.

Blind Checker Player a Pauper. New York, Sept. 27.—Charles McGuinness, a blind checker player, who has been an exhibition in different museums of this city and other cities, night stating that he had no home and no money for his wants. In a police court yesterday he was sent to the workhouse.

No man or woman can enjoy life or accomplish much in the world while suffering from a torpid liver. DeWitt's Little Early Bitters, the pills that cleanse that organ, quickly. C. H. Hagenbuch.

# A Fearful Experience

A POSTMASTER LOSES THE USE OF HIS LEGS AND ARMS.

Edwin R. Tripp, of Middlefield Center, Meets with a Hazardous Encounter Which Renders Him Helpless.

From Otsego Republican, Cooperstown, N. Y.

Mr. Edwin R. Tripp, the postmaster at Middlefield Center, N. Y., recently had a hazardous experience which left him in a helpless state. His system was so much shattered that it was feared he might never recover.

In an interview with a reporter of the Republican regarding this experience which had attracted considerable attention, Mr. Tripp stated:

"In March, 1892, I was taken with what I afterward learned was locomotor ataxia, and was unable to walk, and I kept getting worse until I lost the use of my arms. I doctored with two skillful doctors but received no benefit, and also used a galvanic battery but kept getting worse and the doctors told me they could do no more. This was in May and June, 1892. I gave up all hope of ever having the use of my limbs again, and did not expect to live very long. I was unable to dress or undress myself, and could not get around the house unless I was moved in a chair.

"I took it in June that I read of the case of a man in Saratoga Co., N. Y., who was taken very much as myself. He had taken Dr. Williams' Pink Pills for Pale People which contained, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves, and had been cured by their use.

"I learned that the pills were prepared by Dr. Williams' Medicine Company, Schenectady, N. Y., and only cost 50 cents a box or six boxes for \$2.50 at any druggist's, and sent for two boxes. I used the pills faithfully and they gave me an appetite. I then sent for four more boxes, and before I had taken all of them my feet and legs which had been cold began to warm. I continued to take Dr. Williams' Pink Pills for Pale People until I had taken sixteen boxes. I could then get around, and to-day walk a short distance from my home. A distance of one-quarter of a mile, three times a day, and attend to my duties as postmaster.

"In the spring of 1893 I was elected town clerk, which office I held for three years. I had previously been a justice of the peace for thirty-two years. I am now 70 years of age, and have lived in this town for about forty-six years. For nearly fifty years I worked at the blacksmith's trade. I am able to do work in my garden now, and am some of my wood. I consider that my restoration to health is due to the use of Dr. Williams' Pink Pills for Pale People.

Edwin R. Tripp. Subscribed and sworn to before me this 23d day of June, 1897. HOMER HANNAH, Notary Public.

# Penna. Railroad.

SCHUYLKILL DIVISION. SEPTEMBER 18, 1897. Trains will leave Shenandoah after the above times for Wiganon, Gilberton, Franklin, Day's Valley, Blair, Potteryville, Hagerburg, Reeling (Potterton), Phoenixville, Norrisstown and Philadelphia (Broad street station), N.
