HENRY GEORGE NOW A NOMINEE.

Selected by Silver Democrats-Tammany May Name Sommer-Republicaus Will Nominate Tracy-Alleged Letter From William J. Bryan.

New York, Sept. 28 .- The most Important development in the greater New York political situation yesterday was the unanimous nomination of Henry George for mayor by the united Henry George for mayor by the anneal Democracy, composed of numerous free silver and Bryan clubs which were ac-tive in the campaign of hast fall. Mr. George once polled 68,000 votes as a labor candidate for mayor of New York. His strength, if he should ac-cept, would be drawn principally from the Theoremilie mate. the Democratic vote. The convention nominated John G. Boyd for comp-troller and Winfield S. Overton for president of the municipal council. A belief is current that Mr. George will not accept the nomination if Tammany indorses the Chicago platform. So the Democrats are as much worrled over

Henry George as the Republicans are over Seth Low. The Chisens' Union yesterday raised a large Seth Low banner in front of their headquarters, as if to answer their headquarters that the union is populations for the withdrawal of their negotiating for the withdrawal of their candidate. The Republican city convention meets in Carnegie Hall today. The talk of the Republican leaders is all in favor of the unanimous nomina-tion of General Benjamin F. Tracy for mayor, The Democratic city conven-tion will meet Thursday evening. Will-iam Sohmer, a leader among the Ger-mans, a cillef in Tammany Hall, and at present register of New York, seems to be the most promising of the can-didates for the Tammany nomination

TRAINS FOR SHENANDOAH.

The indications are that Boecker first dispatched his wife with the shotgun and then used the revolver on the baby, first shooting it and then knock-ing out its brains with the built end. Apparently Boecker then went upstairs where the five children were sleeping and killed them. He must have used a light, for his alm was effective, each victim bein shot in the forehead. All but two children met with instant death, for the blood clots were under their heads, and two lay as calmiy as if in sleep. All except Henry, who is not yet dead, were attired in night robes. Boecker had reloaded the wea-

Inden Medical Discovery for the blood and think it is the best blood-purifier in existence." One of the best known of American med-ical men said : "If you want to reform a man, begin with his grandfather." That would be wise if it could be done. Since it cannot be done, try something else. Reform the future grandfathers and grandmothers. Do this through education. The greatest thing for a man or woman to know is him-self or herrself. To know one half the capa-bilities and disabilities of the human body is a liberal education. A good shart for this education is Dr. Pierce's Common Sense Medical Adviser.
