PLOT AGAINST NICHOLAS.

Tunnel built in Warsaw to assassinate Russia's Emperor. Warsaw, Sept. 23.—Through an official denial will be forthcoming, it has leaked out from official circles in such a manner as leaves no room for doubt that there was a deliberate and determined plot against Emperor Nicholas at the time of his recent visit to this city. Its success was only frustrated by accident. Several weeks before the arrival of the imperial party a number of persons supposed to belong to the German Socialist party determined to carry out the plot. The principal street in Warsaw, between the governor general's palace and the royal castle. As the tunnel, which had been undertaken from the cellar of a beer house, approached completion the conspirators became apprehensive of a collapse of the roadway, and called in several Polish masons to build supports. The masons, whose suspicions were aroused, notified the police, and the arrests followed. Among these in custody are four disaffected German officers, either on leave or belonging to the landwehr, which had been active in the actual work of tunneling. A number of merchants and manufacturers from the town of Lodz, Poland, are also implicated.

PITHY POINTS.

Apprentices Throughout the Country. Circled for Heavy Personal. Local will be advanced on October 1st, from two fifteen cents to twenty cents. Two students have been expelled from the State College, at Bellefonte, for leaving. A fall of coal in the Eleanor mine, near Dallas, Robert Justice was instantly killed. Mrs. T. P. Foster, wife of ex-Senator Foster, and a party of friends visited Gettysburg battlefield yesterday. Mrs. Margaret Joyce, aged 55 years, was killed by a Lehigh Valley freight train near Shamokin on Tuesday evening. The stock of J. J. Feeley, in Mahanoy City, was appraised yesterday morning, an execution of the Charles D. Kater Company, for debt. Mr. Feeley formerly resided here. Physicians are hopeful of the recovery of Kitty Joyce, the young woman from Wilkesburg, who attempted suicide in New York by swallowing sulphuric acid. One of three Chinamen held for running an opinion box in Reading gave a practical demonstration in Alderman Kirschmann's Court of "hitting the pipe." S. D. Neyland, the Bloomsburg Compositors Building and Loan Association agent, was sentenced to three years in the Eastern Penitentiary and fined \$500 for forgery yesterday. Cleared with starting the fire which last Saturday destroyed the Berks County Almshouse and all its contents, Clara Smith, employed as a servant in Reading, has been committed for trial. When you want good roofing, plumbing, gas fitting, or general smithing done call on E. F. Gallagher 15 West Centre street near Union street.

THANKS TO ENGINEER FAHL.

Was Never Late With Reading's Sixty-Minute Flyer. The splendid record made by Engineer Charles H. Fahler, of the Reading Railway's Atlantic City train, who took his train, the famous 45-minute flyer, through an time from Camden to Atlantic City on every trip during the past summer, has called forth the following appreciative and commendatory letter from Vice-President Theodore Voorhees, of the Reading: "Your performance with train No. 25 during the past two months deserves special commendation. This train, now with you for the season, was scheduled to run from Camden to Atlantic City, at the rate of 44 miles per hour. Owing to the inability of the ferry boats to touch Camden on schedule time the train always left late, the average detention from this cause being upwards of two minutes. On the other hand, you so ran the train that this loss was invariably made up, the train arriving at Atlantic City always ahead of time, this average being also two minutes, so that the record shows that for the 32 days the train ran, from July 2 to August 31, the average time consumed on the run by you was 48 minutes, equivalent to a uniform rate of speed from start to stop of 60 miles per hour.

"On 22 days the train consisted of five cars; on 30 days it was made up with six. On no occasion did it fail to arrive at Atlantic City on time. "This performance, I believe, has not heretofore been equalled in the history of railway service either in this country or abroad. It is one of which the management is proud, and is a credit to the skill and ability with which you performed the task intrusted to you. "I take pleasure in offering you my thanks for the fine service you have rendered the company."—Philadelphia Record.

Release, Not a Deed. EDITOR EVENING HERALD:—In your court notes today it is stated that I sold to Samuel G. Dixon, of the Gilbert Estate, premises in Shenandoah. This is not correct. I simply gave the Estate a release from within Jamag's corner of Lloyd and Gilbert streets. Yours truly, J. J. FRANKY, Shenandoah, Pa., Sept. 29, 1907.

NUGGETS OF NEWS.

So many children run about Washington at night that a curfew regulation is talked of. The mines of Leadville, Colo., are now producing more ore than ever before in their history. Seventeen hundred chests of tea recently brought to Tacoma have been rejected as unfit for importation. It is said the full blooded Choctaws will sell all their rights in the Indian Territory and move to Mexico. Clara Smith is under arrest at Reading, Pa., charged with having set fire to the Berks county almshouse barn. Five thousand miners are idle in the Monongahela valley because of the operators' failure to sign the differential rate. Pedro Manuel Hernandez Montes, an American citizen, who was arrested at Guines, has been released by the Spanish authorities. The schooner Buenaes was wrecked on Galapagos, near Alaska, two of her sailors losing their lives by being washed overboard. The state department is informed that last year 27,815 bicycles were registered in France, compared with 250,094 during the previous year. When Mrs. W. G. Lilly's funeral was about to take place at Portland, N. Y., her husband committed suicide. They will be buried together. Dr. Nease, the explorer, is coming to this country in October. He will receive \$45,000 for 50 lectures in addition to a percentage of the receipts. Deputy Attorney General Reeder says commissioners must enforce the Pennsylvania alien tax law until the highest court declares it unconstitutional. Chinese passengers on board the ship America, which arrived at San Francisco, hid the corpse of one of their fellow countrymen so that it would not be buried at sea. Greece Has Her Troubles. Athens, Sept. 26.—It is generally believed that the government will resign today at the sitting of the boules. In any case several of the ministers are unwilling to remain in power. On the other hand it is believed that a Delyannis ministry will not be accepted by King George and the nation at the present moment. Hence M. Ralli, the premier, hopes to retain power. In which case the cabinet will have to be almost entirely renewed. It is expected that the chamber will accept the peace treaty unanimously, public excitement on the subject having quite subsided.

Pinogree Went to Venezuela.

New York, Sept. 26.—The question of Governor Pinogree's whereabouts was satisfactorily settled yesterday when it was ascertained that the chief executive of Michigan is retaining in power. In any case several of the ministers are unwilling to remain in power. On the other hand it is believed that a Delyannis ministry will not be accepted by King George and the nation at the present moment. Hence M. Ralli, the premier, hopes to retain power. In which case the cabinet will have to be almost entirely renewed. It is expected that the chamber will accept the peace treaty unanimously, public excitement on the subject having quite subsided.

Tours to the South.

Two very attractive early autumn tours will be run by the Pennsylvania Railroad Company, leaving New York and Philadelphia September 28 and October 12. It is hardly necessary to say that these outings are planned with the utmost care, and that all arrangements are adjusted so as to afford the best possible means of visiting each place to the best advantage. The tours each cover a period of eleven days, and include the battlefield of Gettysburg, picturesque Blue Mountains, Luray Caverns, the Natural Bridge, Virginia Hot Springs, the cities of Richmond and Washington, and Mt. Vernon. The round-trip rate, including all necessary expenses, is \$65 from New York, \$63 from Philadelphia, and proportionate rates from other points. Each tour will be in charge of one of the company's tourist agents. He will be assisted by an experienced lady companion, whose special charge will be ladies unaccompanied by male escort. Special trains of parlor cars are provided for the exclusive use of each party, in which the entire round trip from New York is made. For detailed itinerary apply to Ticket Agents or to Tourist Agent, 1106 Broadway, New York, or Geo. W. Boyd, Assistant General Passenger Agent, Broad Street Station, Philadelphia.

Disappointed Liberia Emigrants.

Liverpool, Sept. 25.—Ogley Waite and five children and G. W. Farmer and wife, all colored, who belong to a party of emigrants who left Savannah for Liberia by the steamer Labrador in March, 1896, have just arrived here from Liberia. The Farmers are destitute, and the Waite has only enough money to enable them to reach the United States. All the other members of the party described the condition of those whom they left in Liberia as being most pitiable. They say the land promised them by the Liberian agents in the United States turned out to be absolutely no good. They claim that more than half the Labrador's party are dead.

MUST KEEP ON COLLECTING

Alien Tax Law Stands Until Passed Upon by Final Court. HARRISBURG, Sept. 30.—The Alien Tax law situation is further complicated by an opinion handed by Deputy Attorney General Reeder to State Treasurer Heywood yesterday, in which it is advised that County Commissioners shall insist on employees of male aliens making returns and paying the three-cent taxes as required by the Campbell act, passed by the last Legislature, until the law has been declared unconstitutional by a Court of last resort. The question was raised by the George V. Creson Company, of Philadelphia, which wrote to the State Treasurer, asking if it is proper to return to every male alien in its employ the tax which the firm has collected from him up to date in view of the decision of the United States Circuit Court, that the law is unconstitutional and that some large firms have already paid back the amount held from their pay.

The Chikassaw Nation's Gold Field.

Denison, Tex., Sept. 23.—The Chikassaw legislature, now in session at Tahomping, I. T., has passed an act placing a royalty on all gold that is hereafter mined in the Chikassaw Nation. This action was brought about by Indian ethnists who live near Purcell, in the Chikassaw Nation, taking out samples of ore. Some of the Chikassaws who have investigated the matter are under the belief that the Klondike is a small, insignificant gold field compared with the one just discovered near Purcell. The secret of the location of the gold is locked in the bosom of the discoverers and a few prominent men of the nation, who are guarding it secretly.

MAHANAOY CITY.

Robert Quinn, Charles Sullivan and T. J. McNamara entertained a number of friends at a dance in Mahanoy hall last evening. Quite a number of Shenandoah people were in attendance. The Knights of the Golden Eagle entertained visiting Knights of Delago Castle last night and conferred degrees for their benefit. An adjournment was then taken to Herrie's hotel, where an elegant spread was arranged. The suggestion of the Record that the completion of the paving be celebrated by a grand demonstration has been adopted. They will be a night bicycle parade and a ball on Oct. 8th.

Anthony Bolonis was put under \$300 bail, charged by Joseph Mechninski with larceny. Anthony walked away with Joseph's trunk and refused to give it up, or the contents. The announcement is made here by telegram from Harrisburg that William F. Richardson, of this town, assistant superintendent of the State Arsenal, will be superintendent of the institution, succeeding Major John W. Necht.

The meeting of the Mahanoy Valley Municipal Association in Gilberton was attended by Revs. W. J. Mills, Tamaqua; C. S. Mervine, Nesquehoning; John Bell, Lansford; I. M. Gallo, Mahanoy City; W. K. McNeal, Girardville; John Tyson, Wm. Penn; A. Hasler, Shenandoah; J. P. Miller, St. Clair; F. Fox, Pottsville; I. Lord, Coates; J. W. Fryer, Lewisville; J. W. Bradley, Strasburg; W. H. Zweig, Gilberton.

Hon. Volney B. Cushing, of Malat, who is to speak in this county for Dr. S. G. Swallow, Prohibition candidate for State Treasurer, passed through town yesterday to call upon Rev. W. H. Zweig, of Gilberton, the Prohibition county chairman.

Greatly Improved Its Appearance. The well-known hostility of Hon. Joseph Wyatt, of Nesquehoning, is undergoing extensive improvements. The outside has been greatly improved in appearance and today carpenters began to tear out the front of the building, which will be replaced by one of more modern design. A new flag stone pavement has recently been laid.

WILLIAMS FOR GOVERNOR.

The Massachusetts Silverite Captures the Democratic Nominations. Worcester, Mass., Sept. 23.—George Fred Williams, of Dedham, was yesterday nominated for governor of Massachusetts by the Democratic state convention on a platform that squarely endorses that adopted by the national convention at Chicago last summer. The other nominees are: For lieutenant governor, Christopher T. Callahan of Holyoke; state secretary, D. Nash of Whitman; attorney general, John A. O'Keefe of Lynn; treasurer and receiver general, T. A. Watson of Boston; auditor, J. L. Chaffoux of Lowell.

The convention was so disorderly at times as almost to require the intervention of the police. George Fred Williams was the principal figure in the convention. There was no opposition to his nomination for governor, but his insistence on the turning down of old party leaders who were lukewarm in support of himself and Bryan last fall created a tumult at the outset, before permanent organization had been effected.

Williams wanted men of his personal choice selected as members of the state committee at large, and over this the contest waged fiercely. It was not necessarily a Williams-anti-Williams controversy. The few silver advocates plainly had a great majority of the delegates in sympathy with him. But the pride of old party leaders was touched. Their personal reputation and home prestige was at stake, and they proposed to have the convention accept their pledges of loyalty, and not submit to a personal inquisition as to their sincerity.

Congressman Fitzgerald was called to order by the chairman when he branched out on the Dingley bill and free raw materials, and the congressman refused to be seated. Finally, on motion of Mr. Williams, he was given five minutes' time. Mr. Williams responded, charging the congressman with inactivity during the last campaign and disloyalty to the Chicago platform. Finally the tumult subsided and the work of the convention was proceeded with.

DEPT. COMMANDER G. A. R. Paine's Celery Compound Restores Health to Col. Frank G. Noyes.

There is a foolish, harmful notion among many elderly persons about the "inequitable" feebleness of old age. They make a serious mistake in thinking their rheumatism or their failure in strength an effect of old age instead of the sluggish circulation, impure blood and disordered nerves that are so quickly remedied by Paine's celery compound. Col. Frank G. Noyes of Nashua, N. H., who was department commander G. A. R. in 1865, made no such mistake, and today he is a vigorous man of 60. He gives his carefully considered estimate of Paine's celery compound in the following letter: "Several months ago a friend gave me a bottle of Paine's celery compound for my personal use. I was not then, and had not for some time prior, been in my customary vigor. The case may have been that I had reached and was passing the climacteric of man's life, which comes frequently after one arrives at the age of 60. At all events, I felt stronger and more vigorous after I had used for a while this compound. Consequently I have taken it regularly since then, and have consumed six or eight bottles of it. I am glad to say that, so far as I can judge, I am as well as ever, strong and vigorous. "The disheartening part of every vacation is that its good effects do not last. The encouraging gain in weight disappear as rapidly as the glow and tan from the cheeks. A vacation, with its change of scene and air, is undoubtedly a good thing, but it won't cure rheumatism, neuralgia, heart trouble, dyspepsia, nor any of those diseases that are deeply seated in the system. Paine's celery compound will do what no mere rest or vacation can do. A thoroughly worn-out, "bruised" nervous condition, brought on by months, if not years, of heedless living, depends for renewed health on purified blood, regulated nerves, sound sleep and perfect assimilation of food—this is what Paine's celery compound never fails to do. Cities and towns are full of men and women, back from their vacations, who feel even more discouraged than when they set out, because they find themselves slipping back to their old, sleepless, languid, nervous condition. Sitting in the sun is a good thing as far as it goes; but there is a world-wide difference between the sun-burned, contented appearance of health and the real purifying of the blood, and the genuine strengthening of the nerves that invariably follows the use of Paine's celery compound. If you have thus far failed to get rid of nervousness, sleeplessness, heart palpitation, or impure blood, you have not yet used Paine's celery compound. What this greatest of all modern remedies has done may be learned from any physician of good standing, or from detailed accounts in the most authoritative medical journals of the country. No remedy in the world ever had such an army of enthusiastic friends as Paine's celery compound, because no remedy ever made so many people well."
