The Home of Hood's Sarsaparilla - A Wonderful Cure.  
"A swelling as big as a large marble came under my tongue. Physicians said it was a semi-transparent tumor and must be operated upon. I felt I could not stand it, and as spring came began to take my favorite spring tonic, Hood's Sarsaparilla. The tumor gradually decreased and finally disappeared. I have had no sign of its return. I am glad to praise Hood's Sarsaparilla." Mrs. H. M. COBURN, 8 Union St., Lowell, Mass. Get HOOD'S.

Killed by a Bicycleist.  
Washington, Oct. 1. - Zephaniah Jones, one of the oldest and most respected builders and contractors in the city, was killed yesterday by injuries resulting from a collision with a middle aged bicyclist named Reuben E. Gray, who is employed as a clerk in one of the branches of the government printing office. Mr. Jones was arrested and held to await the result of a coroner's inquest. Mr. Jones was 53 years old, but exceedingly active and vigorous.

After serious illness Hood's Sarsaparilla has wonderful building up power. It purifies the blood and restores perfect health.

**Warning to Nervous Parents.**  
Nervous mothers and fathers make their children nervous and under these influences a good "bring up" is impossible. Excitement surrounds such children from their earliest years. The father and mother take turns in being cross, and disputes over trivial matters are frequent. The puzzle is that the household stays intact under these conditions, but it generally does and the children suffer. Do you expect such children to grow up into calm, useful men and women? Isn't it a great injustice to give young lives such a handicap? This condition of things can be remedied, but the local doctor has nothing in his cabinet that will smooth the troubled domestic sea. Such things are beyond his reach. Dr. Giveone, the great specialist, of 25 West 14th Street, New York City, discoverer of the wonderful Nervura, will give you advice that will take the cloud from your homes. His remedies soothe excited and excitable nerves quickly. They were discovered after years of research, and are of wonderful efficacy. All nervous people should consult this great specialist. He can absolutely nothing to do this. If you can't call on him write him freely, and his advice will be given free of all charge. Don't go on bringing up your children in such unwholesome atmosphere.

Why do you not let me go?"
