THE UPPER ROUTE.

Personally-Conducted Tour via Pennsylvania Railroad.

The last of the early Autumn tours to the historic Upper South via the Pennsylvania Railroad will leave New York and Philadelphia Tuesday, October 12.

This tour covers a period of eleven days during the height of the season, when the Autumn foliage is most beautiful.

The round-trip rate, including all necessary expenses, is \$65 from New York, \$50 from Philadelphia, and proportionate rates from other points.

The tour will be in charge of one of the company's Tourist Agents. He will be assisted by an experienced lady as Chaplain, whose special charge will be ladies unaccompanied by male escort.

Special train of parlor cars will be provided for the exclusive use of the party, in which the entire round trip from New York is made.

For detailed itinerary apply to Ticket Agent or Tourist Agent, 1196 Broadway, New York, or Geo. W. Boyd, Assistant General Passenger Agent, Broad street station, Philadelphia.

Have you carache, toothache, sore throat, pains or swellings of any sort? A few applications of Dr. Thomas' Electric Oil will bring relief almost instantly.

Tours to the South.

Two very attractive early Autumn tours will be run by the Pennsylvania Railroad Company, leaving New York and Philadelphia September 25 and October 12.

It is hardly necessary to say that these tours are planned with the utmost care, and that all arrangements are adjusted so as to afford the best possible means of visiting each place to the best advantage.

The tours each cover a period of eleven days, and include the battlefield of Gettysburg, picturesque Blue Mountains, Lorys Springs, the National Shrine, Virginia Hot Springs, the cities of Richmond and Washington, and Mt. Vernon.

IN NICK OF TIME.

A Scranton Citizen is Fortunate—A Point of Public Interest.

In every day life we will do things in "nick of time." Of course these "narrow shaves" don't tend to lengthen life, and still it better that way than to fail.

Dr. Miles' Kidney Pills are sold by all druggists. Price 50 cents per box or 6 boxes for \$2.50, sent by mail on receipt of price.

ANGER IN SODA.

Serious Results Follow Its Excessive Use.

Common soda is all right in its place and indispensable in the kitchen and for cooking and washing purposes, but it was never intended for a medicine, and people who use it as such will soon regret it.

We refer to the common use of soda to relieve heartburn or sour stomach, a habit which thousands of people practice almost daily, and one which is fraught with danger.

The soda acts as a mechanical irritant to the walls of the stomach and bowels and causes an acid to be accumulated in the intestines, causing death by inflammation or perforation.

Dr. Harbison recommends as the safest and surest cure for sour stomach (acid dyspepsia) an excellent preparation sold by druggists under the name of Stuart's Dyspepsia Tablets.

De Woeerth states that he invariably uses Stuart's Dyspepsia Tablets in all cases of stomach derangements and finds them a certain cure not only for sour stomach, but by properly digesting the food they create a healthy appetite, increase flesh and strengthen the action of the heart and liver.

They are not a cathartic, but intended only for stomach diseases and weakness and will be found reliable in any stomach trouble except cancer of the stomach.

A Mother and Four Children Dead as a Result.

Schuyler, Neb., Oct. 4.—During the forenoon Frank Steindl came hastily in from Shell Creek precinct, nine miles northward, to announce a tragedy at the home of Frank Davis, where he said the whole family had been poisoned.

It is easy to tell by setting aside your urine for twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys.

TO PREVENT MARINE DISASTERS.

Secretary Wilson's Charts For the Guidance of Sea Captains.

Washington, Oct. 4.—It is the policy of Secretary James Wilson to extend the operations of the department of agriculture along all useful lines authorized by law.

The chart shows the normal wind direction for the coming month at each one of the weather bureau stations, and about the number of foggy days that may be expected on different portions of the several lakes, as determined by the records of the past 27 years.

The text printed on the back of the chart shows the location of the danger signals of the weather bureau—about 125 in number—and such other information useful to vessel masters.

A little study of the diagram of the storm center in connection with the wind barometer table will enable captains who have left port to determine the probable course of storm centers later noted on the weather bureau charts on shore.

People who fail to look after their health are like the carpenter who neglects to sharpen his tools.

It is easy to tell by setting aside your urine for twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys.

There is satisfaction in knowing that the great remedy Dr. Kilmor's Swamp-Root, falls every year in relieving weak or diseased kidneys and all forms of bladder and urinary troubles.

W. M. Repine, editor Titkiva, Ill., "Chief," says: "We won't have with any other remedy can take its place in our home, as in it we have a certain and sure cure for Coughs, Colds, Whooping Cough, etc."

DEATH OF NEAL DOW.

For Seventy Years He Was a Leader in Temperance Work.

Portland, Me., Oct. 4.—Neal Dow, the veteran Prohibitionist, died at 3:30 o'clock Saturday afternoon.

It was on the 25th of last March that the whole temperance world celebrated the 95th birthday of General Neal Dow.

For half a century previous he had held a unique place in the public eye, and for 70 years of his long life he had been a leader in temperance work.

he induced the local authorities of Portland, Me., where he was born, to abstain from ringing the old town bell at 11 and 4 o'clock for the citizens to take a drink.

The biography of Neal Dow deals with what may be large figures. At 29 years of age he raised the Thirtieth Maine, and led it to the front, was shot four times, and landed in Libby prison.
