An Interview With Ex-Mayor Hewitt on the Contest.

SAYS TRACY SHOULD WITHDRAW

Meantime the Seth Low Ticket Is Filled Out and Arrangements Are Perfected For Formally Opening the Campaign of Henry George.

New York, Oct. 5.-The committee on organization of the Citizen's Union met last night and received a report from the executive committee, recommending candidates for city, county and judiciary offices on the ticket headed by
Seth Low, among them the following:
President of the council, John H. Schuman; comptroller, Charles S. Fairchild,
ex-secretary of the treasury; district
attorney, Austin G. Fox; president of
the borough, Robert M. Hoquet. The
recort was adopted. Mr. Schuman is a report was adopted. Mr. Schuman is a Republican, and was a delegate to the convention that nominated General

The politicians are easerly discussing a published interview with Abraham ! Hewitt, one of the organizers of the County Democracy in 1879, former congressman and mayor during 1887 and 1889. Mr. Hewitt is now in London, and the interview was sent by cable. Mr.

"I am an old man and a back number, but if any message from me will have influence at this crisis, the greatest in the history of the city's government, I shall gladly send it. The only issue is whether New York is fit for self government, whether a majority of her citizens are honest. Will they give the city good government by electing Mr. Low, will they turn it over to plunderers by returning Tammany to power, or will they put into effect the crasy vagaries of socialism by electing Henry The Republicans should have suffi-

cient parriotism to withdraw General Tracy. I believe in his heart General Tracy wants Mr. Low elected. Yet there he stands, the tool of Senator Platt, the only factor in the fight who can prevent the election of Mr. Low.
"I believe Judge VanWyck will poli the full Tammany vote. He is one of the so-called 'best men' in Tammany, but I consider them the worst, because they know better. On the other hand I do not think the nomination of Grady will cost Tammany any votes, because a man who would vote for public plun-der would not be deterred by a Grady on the ticket. No official can rob the city treasury, but they can rob citizens by blackmail and by forcing them to pay for legislation, and that is what

the success of Tammany Hall means.
'Henry George represents socialism When he ran against me he proposed to have the street cars carry workingmen free, but he did not explain who was to pay for the transportation. I cannot believe that he will poll more votes than before. Only the foreigners are socialists. Americans expect to support their government, and not to have the government support them.

"When I ran for the mayoralty on the Tammany ticket it was not because I was a Tammany man, but because it was necessary to beat Henry George. Many Republicans supported me, and I was elected by their votes. Afterwards when I ran as an independent the Republicans kept a candidate in the field purposely to beat me. They succeeded, and they will beat Mr. Low if they keep General Tracy in the field. That is what Senator Platt intends to do, and that is all he expects to do. I cannot understand how General Tracy can consent to be a cat's paw to pull Platt's

chestnuts out of the fire."
Arrangements have been completed for the Henry George mass meeting at Cooper Union tonight. Henry George was first nominated for mayor of New York city at Cooper Union on Oct. 5, 1886. Consequently tonight will be the 11th anniversary of the event. At the Cooper Union meeting Mr. George will make his speech of acceptance, and present a platform on which he will make the race for mayor. It was the intention to have Judge Gaynor preside at the meeting, but he has an engagement. An invitation was then extended to Ernest H. Crosby, a son of Rev. Dr. Howard Crosby, and he

will probably act as chairman.

The chairman will first tender to Mr. George a nomination in behalf of the people. This will be done, so that it can be said that Mr. George was first placed in nomination by the people, regardless of politics.

When this has been done Abraham

H. Cruikshank will convey the nomi-nation to Mr. George in behalf of the United Democracy, Then Charles Frederick Adams will tender the same nomination to Mr. George as the nominee of the Democratic Alliance. Mr. Adams is the silver party candidate for chief justice of the court of appeals. Mr. George will then be ready to accept any other nomination that may be presented to him. When this is over Mr. George will make his speech of acceptance. He will follow with his platform, and will then name his cam-

paign committee. Mr. George was officially endorsed for mayor last night at a meeting of Local Assembly 1563, Knights of La-bor. Every mention of Mr. George's me was greeted with the wildest enthusiasm. The executive committee of the People's League, the local organization of the Populist party, also nominated Mr. George last night.

of care about the important things of life.

It isn't half so much trouble to take care of yourself as it is not to. A man who follows regular, healthy habits, feels good all the time. Lafe is worth living to him. But a man who "don't want to bother" with taking care of himself has more pain and misery crowded into one day than a good healthy, hearty man who I ives right would ever know of healthy, hearty man who I ives right would ever know of in a whole year.

When a man's stomach is out of order, and his digestion don't work; when his liver gets to be shuggish and won't clear the bile out of his blood, it is time for him to look out for himself. He gets no nourishment out of his food. His blood gets thicker and thicker with impurities. His nerves get irrinted. He loses energy and fighting force. He may say, "I can stand it, I will feel better to morrow," but the chances are he will feel worse to morrow and wone still next day. He ought to put himself right at once. He needs Dr. Pierce's Golden Medical Discovery. It is made for just this condition. It rouses up the digestive and nutrifive organs, and gives them power to extract from the food all the nutritious elements and transform them into rich, nourishing blood. It enables the liver to cleane out all billous impurities and pour into the circulation an abundance of highly witalized blood. blood. New Men Called to Aid the Spanish Premier.

POLICY OF PREMIER SAGASTA.

A Member of the Cabinet Declares That Sagasta Will Carry Out the Reforms Promised by Campos-Spain Ready to Fight If Necessary.

Madrid, Oct. 5. — The new Spanish ministry is constituted as follows: Senor Sagasta, president of the coun-eff of ministers; Senor Gullon, foreign affairs; Senor Groizard, justice; Gen eral Correa, war: Admirat Bermejo, marine; Senor Pulgeerver, finance; Senor Capdopon, interior; Count Xigu-ena, public works; Senor Moret, colo-nics. The ministers, after an informal meeting, proceeded to the palace and took the oaths of office.

The cubinet is regarded as fairly strong, although some disappointment is feit that Senor Camezo, Senor Maura, Senor Armijo and others who had been looked upperas prohable mem-bers/are not included. It is understood that Senor Maura, who was the author of the first Cuban home rule bill, felt that he could not act satisfactorily with Senor Moret, while Senor Gamazo, who is a relative of Senor Maura, fearwho is a resulte of sende maters, rear-ed that his presence might imply a leaning toward the Maura scheme of reforms. Consequently Senor Sagasta was compelled to take less prominent

ten years ago. These include the grant-ing of autonomy to Cuba on condition that she shall take over the Cuban debt, including the war debt, and ac-

cept Spain's customs tariff.

The new cabinet minister declared that Sagasia would not consent to a customs union between the United States and Cuba, and that if the former were not satisfied Spain was prepared to fight, as the Spanish navy was regarded equal in strength to the navy of the United States. Further, if necessary, Spain would have recourse to

privateering. The new minister said it was improbable that Spain would consent to recognize the insurgent debt; but Premier Sagasta would not prevent the new Cuban government dealing with it.

The men had started for the pound nets, a mile and a half out, when their boat was struck and overturned by a heavy sea.
