REPUBLICAN STATE TICKETS

FOR TREASURER, JAMES S. BRADSON, OF Westmoreland.

FOR AUDITOR GENERAL, LEVY G. McCULLY, OF Chester.

REPUBLICAN COUNTY TICKETS

FOR JUDGE, HON. O. P. REICHEL, OF Philadelphia.

FOR SHERIFF, HENRY S. ALBERT, OF Berks.

FOR POOR DIRECTOR, JOHN ROWE, SR., OF Trenton.

FOR JURY COMMISSIONER, MOSES ANSTOCK, OF Mahanoy City.

At last accounts the Ohio Democrats were still running away from their silver platform.

REPORTS from the farming regions show that the corn is shocked. So are the free-trade advocates who note its advance in value.

WHY doesn't Mr. Bryan go on with his Mexican tour? He has been shut out of all the state campaigns and would not be missed if he should go any day.

THE appropriation of \$100 of the school funds to help defray the expense of the "new" Flynn sewer is the great stroke of statesmanship on the part of the School Board, to say nothing of the legality of the question.

THE woods are full of prospective candidates for the Senate in this district. The bone of contention seems to be the Democratic nomination, although there are several Republicans anxious to succeed John J. Coyle, who is now "playing in the kindergarten."

REV. DR. TALMAGE SAYS: "No power on earth is so strong to build up a town as a newspaper well patronized, and its power should be appreciated." Newspapers build up a town in innumerable ways—chiefly, perhaps, by building up the enterprising trade establishments, which are the pillars of a town's material and substantial development.

RECORD.

IN view of recent action by Judge Saydige, of the Northumberland county court, the Judge has his own particular views in reference to transfers of liquor licenses. He has amended the rules governing transfers, and will not hereafter transfer any license unless it is shown that the person who held the license previously had died. The Judge has undoubtedly decided to put a stop to trafficking in liquor licenses. The same rule might work to great advantage in this county.

THE school law makes it the duty of the secretary of the Board to write the tax duplicate, in these words: "The duplicate is to be made out by the secretary, under the direction of the Board." Yet Secretary Hanna not only ignores the Board and the members of the finance committee, but clearly violates the mandate of the school law in giving the work to one of his "favorites." As the Board is very short of cash, the money thus expended for this little job could have been used to better advantage.

A GRATIFYING evidence of the revival of business and prosperity is shown by the condition in Pennsylvania as set forth by the Philadelphia Press. The Press has thoroughly canvassed the state, receiving 102 communications from 47 counties relative to the industrial condition. "The answers show that business throughout the state is in a greatly improved condition; that factories have started up and increased employment all over the state and that large orders are coming in and work is plenty."

MEAN to the surprise of nearly everybody the special election held in New Jersey last week to decide upon the adoption or rejection of several proposed amendments to the constitution, resulted in the success of the anti-gambling amendment by the small majority of about 700. The first reports, which were claimed to be authentic, or nearly so, defeated the amendment by twelve or fifteen thousand majority, but the almost official returns presented a different version. There is reason for sincere congratulation in this victory. The people of New Jersey did well, a great deal better than was expected of them, for in no state of the Union

THOMAS MOORE'S APOLOGY.

The Post Lived to Regret His Harsh Criticism of Americans.

Worcester, Mass., Oct. 8.—In view of the numerous apologies for the discovery that the name of Thomas Moore was omitted from the red of poets in the Congressional Library on the ground that he had lately attacked America and Americans, particularly Thomas Jefferson, a letter written by Moore in 1818, in years after his American journey was published, to the editor of the Philadelphia Portent, is of great interest in showing the poet's change of attitude. The original letter is in the possession of Senator George F. Hoar. In the letter the poet says: "This life is just long enough to count my errors in, but too short to allow me time to repair them, and were any few of my errors I regret more sincerely than the rashness I was guilty of in publishing these crude and boyish tirades against the Americans, my sentiments, both with respect to their country and their people, would have been much changed since then, and I would blush, as a lover of liberty, if I allowed the basty prejudices of my youth to blind me now to the bright promise which America affords of a better and happier order of things than the world has ever yet witnessed. If you but continue the good Republicans, as we of Europe determined to be good royalists, the new and the old world need have no other distinction than the hemisphere of freedom and the hemisphere of slavery."

NOT ALWAYS UNDERSTOOD

A fact often overlooked, or not always understood, is that women suffer as much from distressing kidney and bladder troubles as the men. The womb is situated back of and very close to the bladder, and for that reason any distress, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake attributed to female weakness or womb trouble of some kind.

The error is easily made and may be as easily avoided by setting urine aside for twenty-four hours; a sediment or settling is evidence that your kidneys and bladder need doctoring. If you have pain or distal feeling in the back, pass water too frequently, or scanty supply, with smarting or burning, these are also convincing proofs of kidney trouble. If you have decided without benefit, try Dr. Klinger's Swamp-Root, the great kidney remedy. The mild and the extraordinary effect will surprise you. It stands the highest for its wonderful cures. If you take a medicine you should take the best. At drug stores fifty cents and one dollar. You only have a simple bottle and pamphlet, both sent free by mail. Mention EVANS & HENNING and send your address to Dr. Klinger & Co., Birmingham, N. Y. The physicians of this paper guarantee the genuineness of this offer.

PITTSBURGH HEARD FROM.

The Little Conqueror Arrives and People are Talking.

Surprise, wonder and admiration follow in the track of the little conqueror. People are talking about it everywhere, and such cases as that of Mrs. J. H. Butler, a resident of Pittsburg, are getting to be every day occurrences. Her representative called on a doctor at the house of residence, 128 North Main street, and she gave the following brief account of her case. "About a year ago I began to have severe pains in my back in the region of the kidneys. Sometimes the pain was worse than at others, and with each attack it grew more severe. The doctor failed to find the cause of my ailment, and I had any left to try, and the hardest part was to attempt to rise from any stooping position. I can only describe the pain as a continuous dull ache, interspersed with sharp piercing ones in the small of my back. If I attempted to rise from a chair after continued sitting, I felt as if I had been struck. I resorted to a box and began to take them regularly according to directions. Within three days I felt better and continued to improve every day. I must admit they have perfectly cured me, and this much sooner than I could have anticipated. I am perfectly satisfied with the results, and glad to be able to inform other sufferers about Don's Kidney Pills, so that they may know what to use when in their condition."

THE DRYEST SEASON FOR YEARS.

Kenosha, Wis., Oct. 8.—Old settlers of Kenosha say this has been the driest season for years in this part of the country. Vegetation has been parched and crops blasted. Wells and springs have dried up, and a result of scarcity of water stock has suffered greatly. Fruit trees in blossom and fruiting, caused by spring from past seasons, destroyed considerable property belonging to farmers. In some cases where the fire was apparently extinguished, it continued to burn below the surface.

THE DROUGHT IN ILLINOIS.

Masontown, Ill., Oct. 8.—In the experience of the oldest settlers in St. Clair and adjoining counties, the present drought is without parallel. For two months there has been practically no rain fall in this section, and the temperature has ranged above 90 degs. in the shade almost daily during all that time. The damage done by the drought in southern Illinois cannot be accurately estimated, but it has been great. A water famine is threatened over a large area of country.

FIREFIGHTERS EXHAUSTED.

Niles, Mich., Oct. 8.—East and north of this city the terrible marsh fires still continue. Farmers have fought the flames night and day for a week, and are utterly exhausted. They have moved their household goods to places of safety and have sacrificed their homes. Hundreds of acres of potatoes have been roasted in the hills. The fire is the worst that has occurred in this vicinity since 1871.

BANKERS CHARGED WITH EMBROIDERMENT.

Ashville, N. C., Oct. 8.—William E. Brooks, president; W. H. Phelan, cashier, and J. C. Dickinson, a director of the defunct First National bank of Ashville, were arrested here yesterday on indictments charging them with embezzlement and conspiracy. The men gave bail in \$20,000 each in National Bank Examiner Maxey has been in Ashville, and has made some startling disclosures, one of these, it is alleged, revealing the fact that \$250,000 of "accommodation notes" signed by insolvent persons and filled out by officials and some forged papers are in the bank.

HEART DISEASE CURED.

When a well known minister after suffering for years with heart disease, was cured, it is not surprising that he should publish the fact for the benefit of others. Rev. J. J. Smith, 195 Fulton st., Baltimore, Md., writes: "For years I suffered from a severe form of heart disease. I had been told that I was incurable, but I had heard of Dr. Miles' Restorative, and I bought a bottle. I began taking it, and in a few days I was cured. I am now perfectly well, and I can do all the work I wish to do. I have no more heart trouble, and I feel as if I were a new man. I have no more heart trouble, and I feel as if I were a new man. I have no more heart trouble, and I feel as if I were a new man."

TAMMANY'S TICKET COMPLETE.

Crocker's Fullest Effort to Place Grady on the Ticket.

New York, Oct. 8.—The most important political event of yesterday was the yielding of Richard Crocker to the demand of nearly all the other Tammany leaders that he make up the county ticket. Mr. Crocker spoke in favor of the nomination of Mr. Grady for district attorney. All the other members of the committee spoke in opposition, declaring that Mr. Grady would be defeated and would weaken the remainder of the ticket. Mr. Crocker then withdrew with the majority.

A GREAT SURPRISE IS IN STORE.

For those who will go today and get a package of GRAIN-O. It takes the place of coffee at about the cost. It is a food drink, full of health, and can be given to the children as well as the adults. It is made of pure grains and looks and tastes like the finest grades of Mocha or Java coffee. It satisfies everyone. A cup of Grain-O is better for the system than a bowl of oatmeal. It is permanent. What coffee looks down Grain-O. Ask your grocer for Grain-O. 15c and 25c.

HORSES DEFOUL CRISIS.

Philadelphia, Oct. 8.—A relay of six thoroughbred running horses raced daily in the city on the Troya Bicycle track against four crack bicyclists, and the horses won in 9 minutes and 22 seconds, with the wheelmen only five yards behind. The quad team was Frank Starbuck, John McCurdy, Charles Church and J. E. Stevens, while the horses were the well known Romeo, Ada, Nip, Tanager, Effie and Helen T and Miss Susan.

FOREST FIRES AND DROUGHT.

Arkansas Has Had No General Rain For Sixty Days.

Little Rock, Ark., Oct. 8.—Drought and forest fires are doing great damage in Arkansas, and the situation grows worse daily. Thousands of dollars' worth of valuable timber and other property has been burned, and stock in nearly all sections of the state is suffering from the scarcity of water, while in some places there is not even drinking water for the people. No general rain has fallen for over 60 days and in some localities the drought is of even longer duration.
