REPUBLICAN STATE TICKET.

FOR TREASURER, JAMES S. BEAUM, OF Westmoreland.

FOR AUDITOR GENERAL, LEO G. McCARTHY, OF Chester.

REPUBLICAN COUNTY TICKET.

FOR JUDGE, HENRY O. P. BENTLEY, OF Pottsville.

FOR SHERIFF, HENRY S. ABERNETHY, OF Owingsville.

FOR POOR DIRECTOR, JOHN BOWEN, SR., OF Ticonderoga.

FOR JURY COMMISSIONER, JOHN ASHPOFF, OF Mahanoy City.

HENRY GEORGE will never be mayor of Greater New York. Mary Ellen Lease has joined his forces.

ON the mere rumor of the engagement of Helen Gould the newspaper accountants get out their pencils and figure out the amount of her wealth.

THE President is going to journey to Canton to vote the whole Republican ticket, an example that might be profitably followed by others of his party associates.

THE usual appointment will be again got to running at a rate that makes some would be diplomats miss more smile over a hope long deferred, while others see in the great little comfort.

PROTECTION is shown in the fact that a Canadian court has placed the value of a kix at \$50, while a New York court sets the value of the same at \$27.50. The rate in Shenandoah, where the market fluctuates, has not been definitely determined.

URSINIC ACID, the alleged new cure for consumption, is a white, crystalline, odorless substance, formerly obtained from the fragrant resin storax and oil of cinnamon, but now made from benzine. Its German discoverer claims to have treated 400 cases with favorable results.

THIRTYONE Neal Dow's party never, in any of its seven national campaigns, obtained an electoral vote. Neither did the Liberty or the Free Soil parties gain an electoral vote. Each of these three parties, however, turned the scale in a presidential election, and each did it in New York.

THE program prepared for the annual teachers' institute to be held at Mahanoy City during the week beginning November 8th, is one of much merit. The attractions offered will, it is said, surpass those of any previous entertainment held under the auspices of Schuylkill's educators.

THE Pennsylvania Railroad Company, fully recognizing the importance of the traffic between Philadelphia and Atlantic City, contemplates a great many substantial and very decided improvements, not only on the Camden and Atlantic road, but in many respects in Atlantic City itself, such as the erection of a substantial stone depot. Other improvements will be made that will involve an expenditure of not less than \$3,000,000.

MANY ladies who are strenuous advocates of the use of the individual cup at the communion celebration, on the ground that it is dangerous for entire congregations or any large portion of them to take wine from the same goblet, are in the habit of taking coins from their pocket books, and while replacing their books, putting the coins in their mouths. This filthy practice is frequently seen in the electric railway cars and in stores. Those who indulge in that practice are very un- mindful of their health.

To reach the people of a town an advertiser likes to use the paper of the best character, that goes into the best homes and is read by the best people. Many advertisers, however, believe that all things considered, the best paper is the one that sells the most copies. When the paper taken by the best people is also the one with the largest sale, that is always the one paper that an advertiser must use. It is an easy matter to designate a paper in Shenandoah that enjoys these special features. The HERALD'S subscription lists tell the tale.

PROFESSIONAL CROOKS CAUGHT

They Had Robbed Edward H. South's Home of \$10,000 Worth of Goods. Orange, N. J., Oct. 11.—The home of Francis H. South, president of the Century Automobile company, of New York, was visited by thieves on Friday and articles of several hundred dollars worth of goods were carried off. The police of New York yesterday arrested three persons in connection with the crime, and have recovered most of the property. One of them is a woman, MARY BROWN, alias "Chicago May," and when the detective broke into her room two revolvers were lying on the bed. She tried to pass them to the men, but was apprehended before she could cause any disturbance.

One of the men is Cyrus Hyland, the reputed husband of "Chicago May." He is a westerner, and was arrested here last summer at the request of the Chicago police, but was discharged. The third person is George Bennett, alias "The New York Kid," and associate of "Toody," the "Chigger," and "Jack Fitz," two criminals who are now in the Federal State prison for robbing the house of General Harrison soon after the ex-president's last birthday.

"Blackie" Hood differs entirely from a farable breaking out all over my body. It is a wonderful medicine." Mrs. Julia Kludge, Box 38, West Cornwall Conn.

Out in 5 We're a Troop! Oct. 11.—A Troop car on the Point Division of the City and Southern Railway ran down a wagon on the 3d, Carmel Hill, on Friday morning, yesterday afternoon, instantly killing Mrs. John Frederick Jones, Jr., of 421 South Washington street, this city, and injuring her husband and two boys. Mrs. Jones was on the rear seat of the covered wagon when the car ran into it, and becoming unseated in the wreckage was thrown under the car and cut completely in two. Her husband and the two children, on the front seat, were thrown to rest, but escaped with severe lacerations and contusions. The conductor and fireman were arrested.

Believing Home Klondike Gold. Seattle, Wash., Oct. 11.—The steamer Rosalie arrived here Saturday night from Sitka and Talpa, Alaska. The Rosalie brought down 100 passengers, most of them coming from Sitka. Among the passengers were six from Dawson City who came out over the Dalton trail. They were Paul Carlson and wife, Charles Thibo, C. E. Carlson, C. H. Lewis and a man named Bude. They had about \$3000 in money and some other valuables. They report that such strikes have been made on Denzler Creek, which is as rich as Bonanza or Eldorado. The total output this year will exceed any other year ever made.

Old People. Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not irritate and is perfectly safe for use in all cases. It acts as a tonic and cathartic. It acts on the stomach and bowels, adding strength and giving tone to the system, thereby aiding Nature in the performance of her functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at A. W. Slarup's drug store.

STREET CAR HELD UP. Two Men Collect an Involuntary Subscription at Portland, Ore. Portland, Ore., Oct. 11.—A car on the Oregon City Electric line was held up by two masked men at Midway station, four miles from Oregon City, last night. There were 25 passengers on board, and the high-pressure steam thruster in the pockets of all of them, getting about \$20. The motorist stopped down when he came to the switch at Midway station. One of the robbers jumped out of the front of the car, and with a revolver in his hand ordered the motorist to stop the car while the second robber climbed on the rear end.

Conductor John Anderson stepped inside and quickly turned out the lights, but he was held a prisoner by the man on the rear platform, who stood guard with a revolver. The motorist, who heard the car stop, made the motorist stop the car, and then he quietly searched each passenger, taking as he went through the car. Many of the passengers put their money and valuables in their shoes or dropped them on the floor.

TO CURE NERVOUS DYSPEPSIA. To Gain Flesh, to Sleep Well, to Know What Appetite and Good Digestion Mean, Make a Test of Stuart's Dyspepsia Tablets.

Interesting Experience of an Indianapolis Gentleman. No trouble is more common or more misunderstood than nervous dyspepsia. People having it think that their nerves are to blame and are surprised that they are not cured by nerve medicine and sedative remedies. The real seat of the mischief is not in the nerves, but in the stomach, as is shown by the following case.

Nervous dyspepsia often does not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself only in the stomach, as much as in nearly every other organ, to some cases the heart palpitates and is irregular; in others the kidneys are affected; in others the bowels are constipated, with headache, still others are troubled with loss of flesh and appetite, with accumulation of gas, sour eructations and heartburn.

Mr. A. W. Slarup, of No. 61 Prospect St., Indianapolis, Ind., writes as follows: "A notice of your gratitude prompts me to write these few lines regarding the best and valuable medicine, Stuart's Dyspepsia Tablets. I have been a sufferer from nervous dyspepsia for the last four years, have used various remedies and have not found relief without my favorable report. They sometimes gave temporary relief, but the effects of the medicine were nil. I attributed this to my indigestion habits being a bookkeeper with little physical exercise, but I am glad to state that the tablets have overcome all these obstacles, for I have gained in flesh, sleep better, and am better in every way. The above is written not for notoriety, but is based on actual fact."

Respectfully yours, A. W. Slarup, 61 Prospect St., Indianapolis, Ind.

It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, palpitation, heartburn, constipation and headache.

YELLOW FEVER IN GALVESTON.

Dr. Gutters, the Government's Expert, Feels No Serious Trouble. Washington, Oct. 11.—Surgeon General Wyman, of the Marine hospital service, received a brief dispatch from Dr. John Gutters, the yellow fever expert, informing him of the appearance of the disease in Galveston, Tex. The dispatch was as follows: "Five cases of yellow fever now here; three more have been reported. I do not apprehend serious trouble here, but dengue causes much confusion."

Dr. Wyman has been in communication with Dr. Fisher, of Galveston, and State Health Officer Swearingen, and has been advised that all necessary precautions have been taken to prevent the spread of the disease. The officials of the Marine hospital service have known for several weeks of the existence of considerable dengue fever at Galveston, but they decline to express any opinion of the development of the yellow fever at that place.

At Mobile, Ala., there were yesterday seven new cases in the city and two deaths. In the country there was one death, but no new cases. The official report of the board of health of New Orleans says: Cases of yellow fever yesterday, 27; deaths yesterday, 5; total cases of yellow fever to date, 57; total deaths from yellow fever to date, 61; total cases absolutely recovered, 240; total cases under treatment, 278.

NOT ALWAYS UNDERSTOOD

A fact often overlooked or not always understood, is that women suffer as much from indigestion, kidney and bladder troubles as the men. The womb is situated back of and very close to the bladder, and for that reason any distress, disease or inconvenience manifested in the kidney, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort.

The error is easily made and may be as easily avoided by setting urine aside for twenty-four hours; a sediment or settling is evidence that your kidneys and bladder need doctoring. If you have pain or dull aching in the back, pass water too frequently, or scanty supply, with smarting or burning, these are also continuing proofs of kidney trouble. If you have backache without benefit, try Dr. Kilmer's Swamp-Root, the great kidney remedy. The mild and the extraordinary effect will surprise you. It stands the highest for its wonderful cures. If you take a medicine you should take the best. At druggists city wide and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention EVENING HERALD and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

BRIEF FURNISHING TO THE ARMY. Chicago, Oct. 11.—The parliamentment sent out to Private Charles Hammond, of Fort Sheridan, has caused considerable amusement among the enlisted men at the post. Under orders from Captain Levering, officer of the day, Hammond was dragged feet first by four soldiers from the guard house, down a flight of stairs to the headquarters, 200 yards away, up the stairs, then down again, and to the adjutant's quarters, where he was to be given a hearing for refusing to work. The matter has been referred to Colonel Hall, commandant, but it is doubtful if any investigation will be made. Hammond's injuries were confined to bruises and scratches.

A GREAT SURPRISE IS IN STORE for those who will go to-day and get a package of GRAIN-O.

It takes the place of coffee at about 1/4 the cost. It is a food drink, full of health, and can be given to the children as well as the adult with great benefit. It is made of pure grains and looks and tastes like the finest grades of Mocha or Java coffee. It satisfies everyone. A cup of Grain-O is better for the system than a bowl of hot soup, and it is the best coffee substitute down Grain-O holds up. Ask your grocer for Grain-O, 15c and 25c.

Coming Events. Oct. 22.—Entertainment and social under the auspices of the S. E. church choir.

Moments are useless if trifled away; and they are dangerously wasted if consumed by delay in cases where One Minute Cough Cure would bring immediate relief. C. H. Ingenshutz.

Ask your grocer for the "Royal Patent" Cough Cure, and take no other brand. It is the best four made.

THE UPPER SOUTH.

Personally-Conducted Tour via Pennsylvania Railroad. The last of the early Autumn tours to the historic Upper South via the Pennsylvania Railroad will leave New York and Philadelphia Tuesday, October 12.

This tour covers a period of eleven days during the height of the season, when the Autumn foliage is most beautiful, and includes the battlefield of Gettysburg, picturesque Blue Mountain, Luray Caverns, the Natural Bridge, Virginia Hot Springs, the cities of Richmond and Washington, and Mt. Vernon.

The round-trip rate, including all necessary expenses, is \$85 from New York, \$83 from Philadelphia, and proportionate rates from other points.

The tour will be in charge of one of the company's Tourist Agents. He will be assisted by an experienced lady as Chaperon, whose special charge will be ladies unaccompanied by male escort.

Special trains of parlor cars will be provided for the exclusive use of the party, in which the entire round trip from New York is made.

For detailed itinerary apply to Ticket Agents or to Tourist Agent, 1096 Broadway, New York, or Geo. W. Boyd, Assistant General Passenger Agent, Broad street station, Philadelphia.

MAMMOTH LAND SWINDLERS.

Over 2,000,000 Acres Recorded in a County of 600,000 Acres. Wheeling, W. Va., Oct. 11.—What is believed to be a land swindle similar to that which has been worked in some western states is being operated by some parties outside of the state. In West Virginia there are enormous tracts of undeveloped timber and coal lands lying in the interior. A dispatch from McDowell county, lying in the extreme southern portion of the state, says that inside the last few months deeds which are believed to be fraudulent have been admitted to record there purporting to convey several thousand acres of valuable coal land for consideration aggregating several hundred thousand dollars. There are now over 2,000,000 acres of the land booked, and in the county only contains about 600,000 acres, all told.

The scheme has been worked by the same parties for some time. A deed is prepared for a large tract of coal land in this county, which is acknowledged before some fictitious notary public in a faraway state. It is then sent to McDowell county to be recorded, and have the clerk of the county court forward the operators certified copies of the deed from the record. This places them in a position to dispose of the pretended titles for a good price to unsuspecting parties.

It is not unusual for a stranger to turn up in Welch, which is the county seat of McDowell county, with a deed for several thousand acres of land, which is recorded on the record, but when he comes to look for the land he cannot find it. Efforts are being made to ascertain the identity of the operators.

No man or woman can enjoy life or accomplish much in this world while suffering from a torpid liver. DeWitt's Little Early Bilets, the pills that cleanse that organ.

Ex-Secretary's Misfortune. Charleston, W. Va., Oct. 11.—When Secretary of State Children retired from office on March 4 last he owned the state somewhere between \$15,000 and \$20,000 which he had collected as taxes on charters, etc. He informed the incoming state administration of the fact at the time, and asked for a reasonable time in which to settle. Seven months have elapsed and he has not paid the amount due, and an effort is now being made to force him to settle. He says the matter will be arranged within a few days. There is no effort being made to press him hard, the state officers believing that he will pay every cent without unreasonable delay.

The 150th Anniversary. Kansas City, Mo., Oct. 11.—Specials from Kansas, Missouri, Nebraska, and Arkansas points announce the breaking of the drought. The rain has been general throughout Kansas, varying from a good rain to a regular down-pour. At Wichita there was a precipitation of three inches. Other reports of good rains in Kansas come from Independence, Emporia, Hutchinson, Concordia, Greenleaf, Frankfort, Stockton and Atchison. A heavy rain fell at Springfield, Mo., and reasonably good rains are reported at Little Rock and Sioux Springs, Ark., and Nebraska City, Neb.

MURDER BY FLAME

Terrible Ending of a Family Quarrel at Canton, O. Canton, O., Oct. 11.—Residents of the tenebrous district at daylight yesterday morning heard screams and saw a column of flames in the rear yard of the home of William Depueyter. On investigation Mrs. Depueyter was found with her clothing on fire, and before aid could be rendered she was dead. The kitchen of the house was covered with oil spots and fragments of a broken lamp were found in the house and yard. Depueyter would give no explanation of what had occurred, and was placed under arrest on suspicion of murder.

Neighbors say he and his wife had been quarreling all night. Maggie Greenhouse, who was on the second floor of the building all night, was taken into custody by the officers as a witness. She could throw no light on the case beyond the starting of the quarrel shortly after midnight. She tells of a former attempt Depueyter made to kill his wife several months ago. She says that after a protracted quarrel between Depueyter and his wife she went to their room in answer to a call for help and found Mrs. Depueyter's night robe on fire and saturated with oil, which Depueyter had poured over her after breaking the lamp. He had ignited the garments of the woman. The two women fought him off and extinguished the flames.

Some of the officers believe that the plan described by the Greenhouse woman on a former occasion was the one which caused the death yesterday.

Two very attractive early Autumn tours will be run by the Pennsylvania Railroad Company, leaving New York and Philadelphia September 28 and October 12.

It is hardly necessary to say that these outings are planned with the utmost care, and that all arrangements are adjusted so as to afford the best possible means of visiting each place to the best advantage.

The tours each cover a period of eleven days, and include the battlefield of Gettysburg, picturesque Blue Mountain, Luray Caverns, the Natural Bridge, Virginia Hot Springs, the cities of Richmond and Washington, and Mt. Vernon.

The round-trip rate, including all necessary expenses, is \$85 from New York, \$83 from Philadelphia, and proportionate rates from other points.
