HENRY GEORGE AND THE EXCISE.

He Declares Himself Opposed to Limiting the Liberty of the Citizen—General Tracy Speaks on Organization and Both Law Denounces Bossism.

New York, Oct. 14.—Henry George, candidate of the Thomas Jefferson Democracy for mayor, last night gave out a letter containing the record of his combination with the Citizens' Union, in which he declares that the combination with other organizations was agreed upon by a committee in whom he had utmost confidence. He continues:

"My judgment of the committee, unanimously expressed, commends itself to me and has my entire and unqualified approval. I am the candidate of whoever may choose to vote for me, and do not presume to ask him to vote for anyone else. But, since we have not the pure Australian ballot, it is necessary that I should take the most reasonable means of being presented fairly to the voters for their suffrages. I have at the same time withdrawn my acceptance of the nomination of the United Democracy, the only organization supporting me that has made a separate ticket."

In an interview regarding what he proposed to do if elected mayor of greater New York Henry George said: "I will execute the excise law according to my interpretation of the law, but I will tell you frankly what I think about excise. I think it is an injustice and an absurdity, and I am totally opposed to the existence of any excise law whatever. If I could I would abolish it along with many other laws. If elected mayor I would enforce the excise law just so far as the letter of it required, and not a step beyond."

"I believe in the largest possible liberty for the individual. I am a Jeffersonian Democrat. We have too many laws. It is one of our greatest troubles—this mass of restrictive legislation. What one does, as long as it injures no one else, is no one else's business. The moral effect of my election and also of the results of my administration would powerfully promote the acceptance of my single tax doctrine."

"That I do not feel the slightest doubt, in my opinion the issue is solely between Mr. Low and myself. I think I shall beat him. My stand in the local election is based almost entirely on national issues, and I think much of my strength comes from that very attitude. In fact, my grounds for believing that I shall be elected are to a great extent based on that very fact."

Ex-Postmaster Charles W. Dayton late last night informed the chairman of the Henry George campaign committee that he would accept the nomination for comptroller on the Henry George ticket. He will probably be nominated today by the George committee, and an effort will be made to withdraw Charles F. Fairchild, Citizens' Union candidate for comptroller, and substitute Dayton, thus making him the candidate of two parties.

General Benjamin F. Tracy, the Republican nominee for mayor, received a rousing welcome from the residents of the lower East Side when he made his appearance last night at a ratification meeting which was held in the Windsor theater, on the Bowery. Congressman John Murray Mitchell presided, and when he mentioned General Tracy's name in his opening address some one in the audience shouted: "He's got more brains than all of them," and the general laughed.

General Tracy, after describing the onerous duties which will fall upon the shoulders of the coming executive of the consolidated city, said in part: "A modern school of doctrinaires have sprung up among you, college professors, who declare that political parties must have anything to do with cannot be permitted to participate in this election in greater New York, and therefore a self appointed Citizens' Union have risen in your midst to divide the vote and throw the election to Tammany Hall if possible. They have said, 'We—these 350 candidates—will nominate your candidate, and you must elect him at the risk of being accused of throwing the election to Tammany.' They have insulted the Republican party, though its leaders over and over again sought conferences, and were turned aside with contempt. The Republicans have, therefore, nominated their own candidates and will fight to a finish. The unorganized Citizens' Union cannot succeed—cannot control even a considerable number of votes. Organization is as necessary in politics as in the army."

Sen. Low spoke at three meetings on the East Side last night. At each he was vociferously cheered. His speeches were much the same in words and in the subjects discussed. He said that Republicans ought to feel free and happy to support the cause for which he stood. Some men had changed their minds last night, and he said that changes did not occur elections would turn out all the same. He said the people this year were engaged in a great struggle in the interest of the greater New York. Men who said they would not go with the Republican organization this year because they thought the organization was wrong were men who out a thoughtful vote served their party best. Last summer, he said, 125,000 people had expressed their desire for his nomination and election. These were some of the reasons why good Republicans should endorse the Citizens' Union movement. Mr. Low denounced bossism.

The Evening Telegram has made a careful canvass of 52 representative election districts in 29 of the 36 assembly districts in the territory which constitutes the present city of New York. Of 3,500 voters 1,196 declared that they would cast their ballots for VAN DYKE, Tammany candidate for mayor. Both Low, Citizens' Union, was the choice of 825; General Tracy, Republican, of 816, and Henry George, Jeffersonian Democrat, 661. The same districts last year gave the Republican candidates for governor a plurality of 1,406. In the Telegram's canvass about one-third of all the voters were polled.

WHAT IS YOUR TRADE?

Each Trade or Occupation Has Its Special Disease.

It is well known among medical men that certain diseases are more readily developed in certain occupations than in others. That each occupation has its attendant physical weakness. Engineers, railroad men and similar occupations suffer mostly from kidney troubles and men who are often exposed to the weather suffer from rheumatism, while clerks and professional men, in fact the army of people whose business keeps them indoors, are oftentimes great sufferers from piles and constipation. In this connection the following letter is of interest to people whose occupation will not allow sufficient outdoor exercise.

Mr. A. F. Calhoun, notary public and jeweler and watchmaker of Circleville, W. Va., writes as follows:

"I had been a severe sufferer from piles for years and had tried many remedies with but little benefit, when about three years ago I saw the Pyramid Pile Cure advertised and sent for it."

"I was badly afflicted when I got them, but after only two applications the piles disappeared and from that day to this I have never felt a symptom of the disease. I feel that I cannot recommend them too highly to sufferers from piles."

The Pyramid Pile Cure is free from cocaine, opium or any mineral poison, absolutely safe, pleasant and painless; sold by druggists at 50 cents per package. If there is any constipation the Pyramid Pills should be used with the pile cure. The pills are 25 cents per package.

Any druggist will tell you that the Pyramid is the best known and most successful and popular pile cure ever placed on the market and its reputation as a safe and radical cure has only resulted from the personal recommendation of people who have been cured of this distressing ailment.

Sent to Pyramid Co., Albion, Mich., for valuable little book on cause and cure of piles.
