GORMAN'S PROPOSITION.

Maryland Senator Willing to Retire from Politics.

HIS LETTER TO EDWIN F. ABELL

If the Baltimore Journalist, Will Asthe Leadership of the Democratic Party in Maryland, the Senior Senstor Says He Will Step Down and Out

Ballimore, Oct. 16.-United States

Senator Gorman lesues an open letter to Edwin F. Abell, publisher of the Baltimore Sun, in which he offers to relinquish the leadership of the Democracy in Maryland provided Mr. Abell will accept it and support the Democratic ticket in the coming state and legislative campaign. He also inti-mates that he will forego his ambition to succeed himself in the United States senate if it can be shown that such a men is necessary to Democratic success.
The letter, which is a very long one, reviews the course of The Sun in its opposition to Mr. Gorman because of his views upon civil service, tariff and ballot reform, measures. To all the charges made against him upon this score Mr. German pleads guilty, but quotes The Sun as having admitted that such questions were largely matters of opinion, and asserts that every man is free to think as he pleases regarding them. He defends his course in regard to all these questions, and

"And now. Mr. Abell, let us pass to a question touching which there can be no misunderstanding. These statements and reforts—all this petty clash of protestation and impeachment—amount to very little at the best. You have declared your undying devotion to the Democratic party, and have said that my leadership, my personal ambitions, my selfash purposes, and these only, prevent you from restoring your newspaper to the services of the loyal newspaper to the services of the loyal people who originally made it rich and powerful by their patronage, their con-fidence and their support. You have given Maryland to understand that, but for me and the bossism' you are pleased to attribute to me, you would bring back the Baltimore Sun to its old maorings and devote it to the expon-tion of Democratic principles and the tion of Democratic principles and the can rule in this state.

oncludes with the following proposi-

"You have stated, in effect-certainly with the intent of being so understoodthat you still love the Democratic party and still wish to see it predominant is yourself in a pledge to cast off your Republican affiliations, republiate your Republican alliances, and later heart and soul for the success of the Democratic party as it will remain after be-

Ing purged of me.
"If you be slucere in this the solution of the difficulty is simple enough. If my aspirations, my leadership, my make the written murantes to effect ourse in each cross to reduce the morney. Frice 50 casts per package, or at packages full treatment; for \$2.0. By small in influence, constitute the only obstacles to your return to the people who made AJAX REMEDY CO., these, the your return to the people who made your return to the people who made your newspaper and founded your foryour newspaper and founded your for-tunes and gave reality to your posttion and your power, I stand ready to remove them. Office is less to me than you suppose. Political feadership is not so necessary to my happiness as you, in your procumes of my character and motives, are pleased to say Strange as it may seem to you. I am willing to surrender every prospect of personal promotion if by as doing I c reunite the Democratic party, rests to its ranks all their pristine streng and harmony, allay the dissensions at animosities that now exist and effor the humiliating spectacle presented by yourself and men of your way of think-ing—the spectacle of the Democratic party betrayed into the hands of the enemy by these whom Democals have in the past exalted and enriched.

"I do not undertake to say how much you or any other man may tove the Democratic party, but I know how much I love it, and I know that I have Bold at 1. . . lin's drug store, Shenandoah, Pa no personal ambitions I will not say too, that I have no affiliations, no eugogements, no plans of any kind, that could by any possibility embarrass me in making the proposed arrangement. You may understand this as an over at Povinsky's drug store. Eas ture of surrender on my part-as an adture of surrender on my part—as an admission that the Democratic organization cannot hope for further life without your aid and confidence. I am prepared for that. I have been misunderstood by you so long and so unreasonably that a little more or less will count for nothing. As a matter of fact. I am satisfied that the people of Maryland have become disgusted with the two years of Republican maiadministration, which you did so much to make possible, and that they are in the hupossible, and that they are in the hu-mor to make an end of the experiment.

"Are you ready and willing and free to meet me on this ground in good faith. in all loyalty, without provises or reservations, on the bonor of a gentleman? Are you at liberty to take charge personally, and through your agents of the Democratic campaign for the mayoralty of Baltimore, for the legislaplace in the senate concerning which I have but one desire—that of seeing it filled by a Democrat whose loyalty to the party is unquestioned and proved. and who will advocate and uphold the fish and stacere devotion? If you ar I am ready to meet you more than half.

Mr. Abell declined to say what course he would pursue in the matter or to ex-press an opinion concerning the lot-ter, which appeared in the The Sun today as a paid advertisement.
