REPUBLICAN STATE TICKET. FOR TREASURER, JAMES S. BRACOM...

FOR AUDITOR GENERAL, LEVI G. McCULLY, Of Chester.

REPUBLICAN COUNTY TICKET. FOR CLERK, HON. O. P. BIRCHTEL, Of Pottsville.

FOR SHERIFF, RICHARD S. ALDRIGHT, Of Olyphert.

FOR PROB. DIRECTOR, JOHN BOWEN, Sr., Of Treant.

FOR JURY COMMISSIONER, JOHN ANSTOCK, Of Mahanoy City.

There never was a better time for a man to advertise his business than now.

In 1887 there were only 86 miles of electric railway in the Union. In 1907 there are 14,000 miles, with more constantly coming.

Listed: An Illinois man was on Saturday appointed Consul to Rio de Janeiro. Truly, misfortunes come not singly.

Chairman Elkins expects 15,000 majority for the Republican candidates in this state. Schuykill county ought to contribute about 1500. Will she do it?

"Friday" O'Donnell's fondness for a woman—along with those of his master—are blasted. He will not go as a call boy to the Consul at Rio de Janeiro. "Friday" has his sincere sympathy.

The deadly Elbert rifle is about. In the hands of Young America the lives of pedestrians are jeopardized, and the Chief Burgess should see that the citizens are protected from these dangerous toys.

The nonchance of the Republican party, in this county, collectively and individually, are the peers of their opponents, and in some respects their superiors. There is no good reason why they should not receive the full party vote, and we believe they will. Besides, there are hundreds of Democrats who will vote the same way for the Republican candidates.

A man by the name of Thompson, with a "p" and who claims Pittsburg as his home, is running as an independent candidate for State Treasurer. He is advertising his boom in the state press through an advertising agent, and the position demanded is "top of column, next to pure reading matter." Very few papers are encouraging Mr. Thompson's efforts to circulate his currency.

We are in receipt of a lengthy communication from William Wilhelm, Esq., attacking members of the Taxpayers' Association for the part they have taken in the prosecutions against certain county officials. The letter is of a libelous character, and we are compelled to refuse it admission to our columns. The Herald has pursued the only proper course in this unpleasant affair, refraining from comment. We have published the facts as they have from time to time been made public by both sides. When the proper time arrives we shall express our opinion, but that time has not yet arrived. We are loath to believe the officials guilty of everything charged, and the court is the proper tribunal to determine that. Newspaper controversy will help neither side.

Commissioner Powderly is to be commended for his determination if possible to prevent Louise Michel, the French Anarchist, from entering the United States. It is understood that it is the purpose of that woman to visit the United States. There are several heads under which it is presumed she can be confined, the principle one being that in Paris she was convicted of crime and sentenced to a lengthy imprisonment. But she should be kept out at all hazards. She is not wanted here. Her row is far more desirable than her company. Her object is clearly understood. It is to give encouragement to the many Anarchists already here, and who are year after year becoming more and more troublesome. The proper thing to do in the case of this dangerous woman is to preemptorily exclude her from our shores. Her presence here can be promotive of evil only, as it has been everywhere else. The gov-

ernment should take a firm stand in this matter. Her attempt to thrust herself upon us will furnish a fine opportunity for a declaration of principles by the authorities in regard to Anarchists. There should, therefore, be no hesitancy in improving the opportunity that will be afforded should she carry into effect her expressed determination to visit the United States.

Amusing events, including a number of similar troubles, were through of many years ago, and may be read by using DeWitt's Little Blue Pills. It is a great cure for C. H. Hagenbach.

Counting Events. Oct. 23—Entertainment and supper, under the auspices of the M. E. church choir.

Nov. 3—Annual supper under auspices of Ladies Aid Society of the Catholic Church, in Robinson's opera house.

Nov. 23—Thanksgiving dinner to be given by All Saints' Protestant Episcopal church, corner West and Oak streets.

Small presentations often present great mischiefs. DeWitt's Little Blue Pills are very small pills to use, but are most effective in preventing the most serious forms of liver and stomach troubles. They cure constipation and headache and regulate the bowels. C. H. Hagenbach.

A small date for the month. Families who live in the John Benbow house, used by members of the Woman's Home, were surprised at 11:45 o'clock yesterday morning by William Payne, colored, in the presence of several white men.

Several hundred men were gathered in squares and are securing the country. Great indignation is felt, thousands of men are on the streets, and the mobbers probably will be lynched if caught.

The "Bicycle's Best Friend" is a familiar name for DeWitt's Little Blue Pills, a ready relief for all ailments of the bowels, it also instantly relieves and cures such ailments as cholera, dysentery, and all affections of the skin. It never fails. C. H. Hagenbach.

Care on the French Coast. Luncheon Oct. 16. A dispatch from Quantico says that a violent north-easterly gale prevails off the harbor. The United States steamer Albatross arrived off the port at 7 o'clock yesterday morning, but was unable to make the harbor until three hours later. She had great difficulty in picking up the pilot, owing to the dangerous high seas. The Albatross did not sail finally until 11:30 a. m. Advice from many points report that the steamer has safe arrival, bringing 42 of the members of the lost ship's company, of whom 13 are civilians and the rest soldiers. The whereabouts of the rest of the company are unknown.

The Triton struck a rock during a heavy rain storm. Her cargo shifted and 15 minutes later she sank in 120 fathoms of water. A scene of terrible confusion and panic ensued as soon as the passengers realized the meaning of the crash. In the struggle they rushed for the boats. The first boat that was lowered vanished immediately, and all of its occupants were drowned in the whirling waters. The next boat was struck by an enormous wave and turned over, drowning all but the frail craft's captain and eight who had been thrown overboard.

Some who were good swimmers kept themselves afloat for hours; others floated about for 24 hours on planks. A mother with twins 15 months old drifted helplessly away on the crest of a great wave. All the other ladies and children were drowned. Just as the Triton was sinking Captain Richards, her commander, committed suicide by shooting himself with his revolver. It is estimated that 150 were drowned.

Another Theater Assistant Victim. Cincinnati, Oct. 16.—Mrs. Kate White, one of the girls in the Robinson Opera House accident last Friday night, died last night. Two others are in a critical condition, but with hopes of pulling through. The accident has affected the attendance at theaters injuriously.

A PECULIAR REMEDY. Something About the New Discovery for Curing Dyspepsia.

The Rev. F. J. Bell, a highly respected minister residing at Woodport, Cayuga Co., N. Y., in a recent letter writes as follows: "There has never been anything like this taken that has relieved my dyspepsia from which I have suffered for six years except the new remedy called Stutz's Dyspepsia Tablets. Since taking them I have had no trouble at all after eating and again after being years from when Rev. F. J. Bell, Woodport, N. Y., formerly Minn.

Stutz's Dyspepsia Tablets is a remarkable remedy, not only because it is a certain cure for all forms of indigestion, but because it seems to act as thoroughly in old chronic cases of dyspepsia as well as in mild attacks of indigestion or biliousness. A person has dyspepsia simply because the stomach is overloaded, all it wants is harmless, vegetable remedy to digest the food and thus give it the much needed rest.

This is the secret of the success of this peculiar remedy. No matter how weak or how much disordered the digestion may be, Stutz's Dyspepsia Tablets will digest the food whether the stomach works or not. New life and energy is given not only to the stomach but to every organ and nerve in the body. A trial of this splendid medicine will convince the most skeptical that dyspepsia and all stomach troubles can be cured. The tablets are prepared by the Stutz Chemical Co., of Marshall, Mich., but so popular has the remedy become that Stutz's Dyspepsia Tablets can now be obtained at any drug store at 25 cents per package. Send for book and stomach diseases free.

No man or woman can enjoy life or accomplish much in this world while suffering from a torpid liver. DeWitt's Little Blue Pills, the pills that cleanse the organs

THE NAME OF Mrs. J. E. Harrell, free Jolla Emma Fleming is a familiar one in the state of Georgia. Annual experience has taught me their great worth. No remedy should be used without them. When I leave I always take one of your Anti-Dum Pills before leaving the care and thus prevent returning of the head and aches, to which I have been subject for several years."
