THE DROP IN COTTON PRICES.

haif a century, is partly due to em-barrassments caused by the fever, but haif a century, is partly due to embarrassments caused by the fever, but also indicates the prevailing belief that the quantity to come forward is large. For two months more cotton has come into sight than from the greatest crop ever grown, in spite of delays caused by quarantines, but the unfavorable conditions about the time of maturity render it less likely than usual that the top crop will be satisfactory, so that receipts may drop off earlier than

usual On the other hand it is to be noted that extensive labor troubles threaten that extensive labor troubles threaten is the great health restore. As the great health restore, the manufacture in England, while the fering womankind it is a priceless lowest price ever known here for print blessing. How sad is the sight of a cloths reflects a heavy accumulated fading woman! Who has not seen cloths reflects a heavy accumulated stock of other goods as well. The increase in production by the mills has been over 40 per cent in ten years, far beyond the increase in population, and they consumed almost as much cotton in the last crop year, with materially diminished demand for goods, as in the most progressing. They shall grow man was the single of a diding woman! Who has not seen the sparkling eyes lose their lustre, the roses and illies fade from the cheeks, and elasticity of step and gracefulness of figure give way to repulsive haggishness! With departing beauty go sweetness of temper and charm of speech, and nothing is left of the sufferer but the ghastly contrast

operations. Both buyers and manu-facturers find it prudent to limit engagements ahead, and the period of adjustment will make the industry safer for some time to come.

Bradstreets' review says: General trade retains most of the features of a week ago, with a continued check to At larger eastern and central western cities sales of seasonable goods have not equaled expectations, and at none se points has the volume of business increased. At Chicago, St. Louis, Baltimore, New York and Providence there has been a decrease in the volume of business in some lines, due in part to unseasonable weather and in Instances to the continued quarantine of yellow fever districts. Some jobbers at cities which supply southern merchants have delayed sending out travelers and in instances have re-

called travelers. The northwest continues to make relatively more favorable reports as to trade, although at Milwaukee and Minneapolis mild weather has checked distribution. Nearly all southern cit-les, except a few in Texas, Arkansas and Georgia, continue to feel the in-fluence of the yellow fever quarantine, the extremely low price of cotton and delayed collections.

### The Grandest Remedy.

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to dis, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; remedies he could hear of, but got no relief; spont many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for Coughs, Colds and Consumption. It don't fail. Trial bottles free at A. Wasley's drug store.

Young George to Wed. Chicago, Oct. 30 .- Unless the death of Henry George causes a postpone Henry George, Jr., and Miss Marle Hitch, of Chicago, will be married on next Thanksgiving Day. Miss Hitch yesterday received a telegram from Henry George, Jr., notifying her of his father's death. She denied the report that Mr. George had asked for a postponement, and unless her flances should later make such a request the ceremony will take place in Chicago on the date originally agreed upon.

# FINANCE AND TRADE. TEN YEARS YOUNGER.

A Happy Husband's Story.

"My wife," writes a fond husband, "looks ten years younger since she began to take Dr. Greene's Nervura. It is Partly Due to the Yellow Fever.

But Also indicates Bellef in a Heavy
Crop—Baying of Iron and Steel Propagato to take Dr. Greene's Nervina.

She was in a terrible condition. She began to be nervous several years ago. I did not notice it at first, but she gradually grew worse. After a little she could not sleep. She lost her appeties. Then she became irritable and morose, and from the sweetest and best tempered woman in the worldshe became shrewish and laysterical. Plugling continued mild weather, and also by the fever in southern districts. Even from that quarter some large orders lately received show better distribution than was yet expected. In spite of uniscasonably warm weather, which greatly hinders retail dealings in winter goods at all points east of the plains, the large number of supptementary orders with urgent pressure for quick delivery make it clear that the sales is many branches have exceeded the expectation of dealers, so that replenishment of stocks is not yet finished. Meanwhile wholesale trade and orders to manufacturers have been smaller than when the rush was greatest, but have nevertheless been large for this stage, even in a year of general prosperity.

The fall of cotton to 8 cents for spot and 5.85 for January making the price. The fall of cotton to 6 cents for spot and 5.88 for Jaunary, making the price the lowest since March 14, 1895, and not half a cent above the lowest for nearly myself."

THE GREAT BLOOD AND NERVE REMEDY.

Is the great health restorer. To sufdiminished demand for goods, as in the most prosperous year heretofore.

The buying of iron and steel products, though smaller than of late, continues to keep works well engaged ahead, and induces others to resume operations. Both buyers and manufacturers find it prudent to limit engaged in the formal products. The world would be gloomy indeed were there no light in this dark picture. Nature is forgiving. In fir. Greene's Nervura she has founded a means by which women may regain their lost health and beauterness and its prudent to limit engage.

may regain their lost health and besuty, and assume their rightful positions in the spheres in which they move, as both ornaments and inspirations,
Dr. Greene's Nervura acts directly upon the nerves and blood, which are the life. Exhaustion, Irritability and moroseness are banished, and the circulation is strangthened and purified like a mountain stream. Dr. Greene is most happy when relieving the miseries of others, and if you feel the need of a wise counselor, do not health to call on or write to him. His advice is none the less
