CASES BEFORE JUSTICES.

Hearings on Assault and Battery and Other Cases.

Mrs. Susan Yergulawicz caused her husband to be arraigned before Justice Toomey on a charge of assault and battery and he was put under \$300 bail. The woman says she suffers from frequent beatings because her husband is jealous and unwarrantably so.

Joseph Mandour had Charles Smerick put under \$500 bail for stealing caps from him. Joe Gowils, John Kuski and Anthony Kamalus were arraigned before Justice Toomey, charged with attacking Paul Boskovic with blackjacks. Each were put under \$300 bail for trial. Kasoski and Kamalus are two of the men charged with beating a man named Sarpolis almost to death in a first ward saloon a few weeks ago. Sarpolis is still at the Miners' hospital, receiving attendance for the injuries he received at the time.

Paul Boskovic and Anthony Yulovis were charged by Joe Gowils with using an ax upon him. They cut his head badly and tried to change the location of his nose. Each of the accused furnished \$300 bail. Justice Shumaker had the following cases last night and Saturday night: John Grip against John Sunk was a case of assault and battery arising out of jealousy. The parties settled.

Joe Margowicz and Joe Trynowski were charged with using blackjacks on Frank Kerleski and committed to the lockup. Wieslak Ganas was committed to the lockup for beating Mike Szepan and damaging his shirt and hat. Ganas then prosecuted Szepan for breaking his violin and the latter also went to the lockup.

An Important Decision. Judge Stewart of Chambersburg, this state, has filed an opinion that affects all Justices of the Peace and Constables in the state, and will materially reduce their income. A Justice brought suit against the County Commissioners to recover fees in a summary case where the defendant had gone to jail for costs. The Commissioners, upon advice of the County Solicitor, refused to pay the bill, and a case stated was prepared for an appeal to the court. According to the interpretation of the law by the Court, in all cases of summary conviction for drunkenness, disorderly conduct, violations under game laws, trespass and similar offenses, where the parties are found guilty and sent to jail for non-payment of fines and costs, the county is not liable for the costs, and the magistrates and constables get nothing for their work. Lawyers hold that the effect of Judge Stewart's decision is to make imperative nearly all attempts to enforce the law in the class of cases mentioned, as the constables will refuse to venture the loss of time and expenses in making such arrests.

La Grippe Cured

This modern malady has become dreaded not more for its direct fatality than for the weakness of body and mind it leaves behind it. Prolonged debility, permanent prostration, melancholy and suicide follow La Grippe. For this disease there is no remedy superior to Ayer's Cherry Pectoral.

I dosed them with Ayer's Cherry Pectoral, and before using quite two bottles my family was restored to health. MAHANAY CITY.

A Woman Throws a Lamp With Serious Effect. MAHANAY CITY, Nov. 1.—Andrew Peashock, a prominent resident in this town, lies at the Miners' hospital in a critical condition. He is suffering from injuries inflicted by his wife. According to one report Peashock and his wife quarreled at the supper table Saturday night, when the husband went out to a neighboring saloon and got drunk. He returned at about nine o'clock and the quarrel was renewed. It is stated the wife picked up the lighted lamp and threw it at her husband's head. The lamp exploded close to Peashock's face and he was badly burned by the scorching oil. His clothing also became ignited. The wife, realizing what had resulted from her act, seized a quilt and threw it about her husband's head, and succeeded in extinguishing the fire, but before the man had been badly burned. The victim was removed to the Miners' hospital. Mrs. Peashock was arrested and at the hearing stated that her husband threw the lamp at her. She warned it off and it exploded.
