All Interest Centers on the Campaign in New York.

FOUR PARTIES TALK OF VIOTORY

Georgeites Declare That Their Canatdate Will Receive All of His Dead Father's Vote-The Ohio Democrats Point to Past Elections.

New York, Nov. 1,-The most sensational political campaign in the history of New York ended last night. Not a day for the past month has been devoid of excising incidents. A few months ago it seemed as though there would be a straight fight between the Republicans and Democrats, with the odds in favor of the latter on account of the opposition to the Raines liquor law, a Republican measure which requires saloons to pay a high license, to remain closed from 1 to 5 a. m., and to remain closed on Sundays. The law is highly unpopular among the foreign been inhabitants of this city.

Four events have occurred which have in turn upset the calculations of the political leaders. The first was the formation of the Citizens' Union, which drew its strength chiefly from the Republican party, and whose leaders were so flercely hostile to Senator Platt and his methods of directing the regular Republican organization that a coali-tion of all the anti-Tammany forces, an end that Mr. Platt repeatedly de-clared he destred, was impossible. The Cluzens' Union leaders asserted that the regular Republican organization and its manager were quite as offensive to good citizens as those of Tammany. leader, Richard Croker, or rather his immediate assumption of the management of Tammany Hall. He swept aside all opposition, dictated the nomination of Robert A. Van Wyck for mayor, and carried matters with such as high her carried matters with such as the same transfer of the second of the party that is in power. The Democrats are claiming Hamilton county by a large claiming that he carried matters with such as the carried matters with the carried matters are carried matters. mayor, and carried matters with such a high hand as to lead to serious de-

fections from the wigwam.
The third epoch of the campains began with the call of Henry George to the Democrats who believed in Thomas Jefferson to join him in a fight for honest government. His veterans in the without Hamilton county, campaign of 1868, when he pollled 68,-100 votes, flocked to his standard as the soldiers of France did to the banner of Napoleon returned from Elba, and in a few days Henry George, apparently lacking none of the resources of war, was waging a fight that amazed all the other political parties. From the Battery to the Bronx, from Staten Island to Rockaway, he preached the rights of man and denounced the so-called party "bosses" with a fierce energy that electrified the city Last Thursday night the tide seemed to be flowing irresistfuly to George On Friday came his death, an event that moved New York as nothing has

since the civil war.

At the campaign headquarters each party professes the utmost confidence of victory. The betting favors Van Wyck, the Tammany candidate for mayor, Seth Low ranking next. Old politicians are quoted as saying that the vote for young George will not be

The George platform is in spirit very similar to that of the regular Democ-

racy. The law was passed by a Re-publican legislature, and is one of a number which, according to the Democratic party idea, infringes the principie of home rule, being carried through the legislature by the pre-pondering rural vote, which preponderince is established under the constitutional provision regarding legislative apportionment.

The potent candidates for the office mayor are four in number, thoug there are four additional candidates for the people's suffrages. Benjamin F. Tracy, secretary of the navy in the cabinet of President Harrison, is the Republican nominee; Robert-A. Var Wyck, chief judge of the city courl, the Tammany Democratic candidate; Seth Low, president of Columbia uni-versity and twice mayor of Brooklyn, the candidate of the Citizens' Union, and Henry George, son of the late advocate of the single tax theory, the independent or Thomas Jefferson Democ racy nominee.

Three of the parties indicated oppose in their platforms or in the letters of their mayoral nominees the present excise law; the Republican platform de-clares that statute "the best that could be devised."

Father Ducey was requested to address the meeting. He

did so, and during his remarks said:

Cincinnati, Nov. 2.-The last day of the Ohio campaign was so inclement that most of the meetings were abandoned. This is what is known as an "off year" in Ohio. Following the election of Hayes, in 1876, the Demo-crats carried Ohio in 1877 for Diehop for governor and a legislature that made George H. Pendleton, Democrat. sonator. Following the election of Cleveland in 1884 the Republicans carried the state in 1885 for Fornker for governor and Sherman for senator Following the election of Harrison is 1888 the Democrats, in 1889, elected Campbell governor, and secured a leg-

Islature that made Brice senator, Following the re-election of Cleve-land in 1892 came the great triumph of McKinley for governor and the re-turn of Sherman to the senate. And of the legislature they also claim a majority in that body for the election of United States senator.

The Republicans claim a large plurality on their state ticket, and that they will have a majority in the legislature

Seih Low wrote upon the same point:

"I think legislation should be had, however, that will enable the city to trassic every consent to a change of power by street ralifonate as a new franchise."

The Georgetic platform is in terms as strong as the strongest of those quoted upon the subject of public franchises. The Republican platform directs particular attention to the fact that the adoption of these principles of compensation for tranchises of the change was largely due to the strenuous efforts of the chairman of the charter commission, General Tracy.

Tammany Hall was dark and deserted fast night. The lieutenants had received their final instructions during the afternoon, and the lines were closed up for today's battle. From Chief Croker to the humblest worker of the lot, Tammany Hall was confident of a sweeping victory for every candidate under its standard.

The George headquarters were deserted as a new for the presence of several members of the campaign committee.
