Evening Herald

MONDAY, NOVEMBER 8, 1897.

An advertisement in a widely circulated paper like the Herald is a judicious investment.

There are three times as many Sunday school teachers employed in Massachusetts as are employed in the public schools in that state.

In enforcing the ordinance in reference to prohibiting vehicles to remain upon the streets and alleys, the Chief Burgess should know no favorites in performing his duty.

An embezzler has been arrested in the Klondike region, and will be brought back to the states. Resident Klondikers who are free of crime declare that he's playing in great luck.

Shenandoah's pretty school marms will grace the thoroughfares of Mahanoy City this week, and many a sly glance will be cast in their direction from the duds youths of our sister borough, but to little avail.

The legislature of Maryland is safely Republican, and now a big fight for the Senatorship may be expected. The Republicans of that state did their unloving before the election, when they disposed Wellington from his self-assumed factional leadership.

The third Federal convention of the Brotherhood of Andrew and Philip will be held at Reading, on November 11. It is an undenominational religious society, having a membership in seventeen denominations. It was organized ten years ago by the Rev. Rufus W. Miller, of Reading.

Dyspeptics who crave bread and are afraid to eat it except when it is stale or toasted may take heart again. A prominent physician has declared bread to be the most perfect form of food available, though, of course, not by itself perfect, a very more than any form of diet. He claims, however, that weight for weight it is the most nourishing food which can be taken and that it was high time for some one to stand up for the staff of life which has been so hotly assailed in so many quarters.

Much attention is already being given by the voters of the First Legislative district to the selection of a candidate to represent them in the next Assembly. The necessity of immediate renovation in the quality of legislators is apparent to all. Unless honorable and trustworthy men shall be chosen as candidates by both parties the people will find themselves circumvented on every hand by the same disgraceful scenes that were enacted during the last session; they will find the fair name of Schuylkill county again besmeared with blot that time alone can efface. The people themselves are in a great measure to blame for this state of affairs. They have, however, been taught a lesson, and it is probable they will profit thereby. It is imperative that the Republican party push forward for these positions men of high character, if they desire success at the polls. Were there as much interest manifested at the primaries by the party voters as at the general election, things would be different. But when the party nominees are men who have little conception of the trust imposed in them, and less ability, the same disgraceful scenes will be again enacted at Harrisburg. The people, however, are aroused, and we confidently anticipate better results. The success of the party demands it.

Railway Safety Appliances. Railway officials are wondering just what action the different railway labor organizations intend taking, in regard to the appeal made by the railroad companies for an extension of time in which to comply with the law requiring them to equip all rolling stock, freight as well as passenger, with airbrakes and safety appliances.

The bill which passed Congress March, 1893, and was signed by President Harrison, requiring all railroads in the United States to equip cars with automatic couplers and power brakes, goes into effect January 1, 1898, nearly five years after passage. It is stated that the railroad brotherhoods fearing that none of the railroads have fully complied with the provisions of the law, and therefore having made an application for an extension of time, intend to take some action in the matter, and when the hearing comes before the interstate commerce commission in Wash-

ington, December 1, all the five rail way labor organizations will be represented by their executive heads, so that the interests of railway employees will be looked after under the law.

It is considered probable, however, that in view of direct promises made them by the companies that these brotherhoods will not object to an extension of the time.

WHAT DO THE CHILDREN DRINK?

Don't give them tea or coffee. Have you tried the new food drink called Grain-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about 1/4 as much. All grocers sell it. 15c and 25c.

IT IS EASY TO TELL.

People who fail to look after their health are like the carpenter who neglects to sharpen his tools. People are not apt to get anxious about their health soon enough. If you are "not quite well" or "half sick" have you ever thought that your kidneys may be the cause of your sickness?

It is easy to tell by setting aside your urine for twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate, scanty supply, pain or dull ache in the back is also convincing proof that the kidneys and bladder are out of order.

There is satisfaction in knowing that the great remedy Dr. Kilmer's Swamp-Root, fulfills every wish in relieving weak or diseased kidneys and all forms of bladder and urinary troubles. Not only does Swamp-Root give new life and activity to the kidneys—the cause of trouble, but by treating the kidneys it acts as a tonic for the entire constitution. If you need a medicine take Swamp-Root—it cures. Sold by druggists, price fifty cents and one dollar, or by sending your address and the name of this paper to Dr. Kilmer & Co., Binghamton, N. Y., you may have a sample bottle of this great discovery sent to you free by mail.

TRAIN ROBBED AND WRECKED.

After Looting the Express Car, Thieves Caused Collision and Fire. Albuquerque, N. M., Nov. 8.—Atlantic and Pacific passenger train No. 3 from the west was held up by four men near Grant's Station, 95 miles west of the city, Saturday night. After blowing open the express car's safe the robbers wrecked the train, which caught fire, the express, baggage and smoking cars being totally destroyed. The robbers, who wore false beards and wore unmarked, dynamited a safe and helped themselves to a number of packages containing gold and silver coin. Express route agents think that the robbers secured several hundred dollars.

The robbers had boarded the train at some point further west, and when near Grant's one of them boarded the engine, and covering the engineer with a gun ordered him to stop the train. The coaches were cut off and left at the stock yards. The rest of the train was then taken out a mile and a half from the station, where the engines and cars were dismantled. After robbing the safe the robbers reversed the engine and made their escape. The engine and baggage car ran at a terrific rate until they struck the coaches which were standing near the stock yards. The cars were wrecked and caught fire. The passengers were injured, and some were injured and left the coaches, and none were injured.

MORE EVIDENCE

Before the Public—A Scranton Steamer-keeper Testifies.

Scranton is greatly interested in the home testimony that is being brought forward in favor of the "little conqueror." Our representative investigated another case in that of Mr. Daniel Mohr, who has a little store at 335 Summer Avenue, Hyde Park. Mr. Mohr is a fine, muscular, well-built man, who looks as though he burden that any ordinary back is called upon to bear would prove too great for his and still a few months ago he could not lift a barrel of potatoes for a customer. Being by trade a quarryman, which takes the muscles of the body, he overtaxed them once and strained the kidneys, and catching a cold at the time, it settled there, causing kidney disorder, and with this he has been troubled more or less for the past 12 years. Cold, he says, always went right to the back, and according to the varying of the weather and his work he would have alternate sharp and dull pains in the back. Lifting heavy things or stooping positions caused pain in the back which was also always stiff in the morning. I have used all kinds of things said he, but nothing ever helped me like Doan's Kidney Pills. They have completely banished all my pains. They deserve the highest praise and are sure to be a winner when people do not what ails them, and medicine is sold at the time, it settled there, causing kidney disorder, and with this he has been troubled more or less for the past 12 years.
