Prevention is always better than cure, even when cure is possible. But so many times pneumonia is not cured that prevention becomes the natural act of that instinct of selfpreservation which is "the first law of nature." Pneumonia can be prevented and is often cured by the use of Ayer's Cherry Pentoral.

"Some years ago I had a severe cold and was threatened with pneumonia I could neither eat nor sleep, and was in a west-hel condition. I procured a bottle of Ayer's Cherry Pectoral and took it according to the directions, and at the end of fifteen daws as as well and could as before the sitack. I have recommended it in many ones of promotine since, and have never been at it to fail in effecting a care."
JOHN HENRY, St. Joseph, La.
