Evening Herald

TUESDAY, NOVEMBER IN 1807.

fline Laws of the State The recent appointment of Robert Brownles as the chief of the Bureau of Mines, is a most excellent selection, if we may be allowed to judge from the rigid requirements he let laid down for the eighteen mine in spectors of this state. The latter will have no shegure under Mr. Brownles's administration, and will no longer be their own masters. Heretofore they were not subject to the authority of any state off ful at though they were required to make the serious of the body of an annual report to the Serious of the unique the character of the law, did not constitute an annual report to the Serious of the unique that the request the protestors furnish prof of tamper-Internal Affairs. Things are different

The law passed by the last Ic isla ture creating the bureau of mines and mining places the mine inspectors under the control of the side! of this bareau, Mr. Brownles, and the latter. is preparing to rigidly enforce the law. With this object in view he had a conference with the mine inspectors recently, and the latter were given to understand they are expected to file a monthly report of the ancidents, in spections, etc., in their districts; that if they did not carry out his Instructions rigidly he would take stops to have the offending inspectors re- that he will bette the city next week moved. Some of the inspectors, it is for San Altonic, Tex., where he will sold did not take very kindly to Mr. be joined by Hen. William J. Bryan and Mrs. Bryan, and that the three Browniee's plans, but them differences were adjusted, and there is not likely to be any friction between the olief and theirspectors in the inture and the country. Mr. Bryan will make a careful study of Mexico's financial

Mr. Brownlee will issue instructions system to mine foremen, in cases of serious or fatal accidents, to limited lately selegraph to the inspector of the distriet, and report to that official the time of the accident, fatal or not fatal, the number of persons injured. their age, nationality, whether married or single, the number of children left, extent and cause of the injury. The foreman is also required to state who first reached the scene of the accident, the name and location of Shoopshoad Bay and Gravesend. He is the mine, the name of the operator, railroad to mine and the nearest railroad station.

The inspector is instructed to furnish a report showing the circumstances and responsibility of the accident to the chief of the Bureau of Mines as soon as possible after investigation. Mine operators are required to furnish the bureau with an annual report giving the name and the strike or suspension, whether it was ordered by labor organizations, ment. the extent to which it succeeded, the number of persons involved, loss of way as I have already crushed it is a source of confert to know that Dr. System Roof is the great authorities. Collins was arrested on the However least Thursday Post for months. wages to operator and employes. the numbers of native-born and alien Suptoyes and other information of a like character.

The operators are invited to furnish such other information and data as they may choose, with the understanding that it will be held strictly confidential by the bureau. The Inspectors are required to furnish, by the 4th of every month, a detailed report of the number of inspections made in their district and a vast Face, Hands and Arms Covered With amount of technical information about the mines inspected. One requirement is that they shall investigate the appliances for signaling scrotule on his tace, funds and arms. It from the bottom of the shaft or slope was worst on his chin, although the sores to the engineer in charge of the on his checks and hands were very had. holating engine, to ascortain if they It appeared in the form of red pimples are suitable and whether the cages, holsting ropes, bridle chains and they would break out again. DEATH FOR LYNCHERS.

ton Moxtean Officials Must Die For-

Monico, Mex., Nov. 13.—The greatiful of Arreyo's murderers is over, terminaths has evening with the neu-tance of death pronounced on ten of the policy officials and policemen con-cerned in the butchering of the hapless wroth whose citack on the president called so profound a sensation here. The jury was out even hours, returning its versiet at 5 p. m., and dudge Flores delivering his confirmation verdict at about 5 o'clock. The prisoners stood up and the repdarmes presented arms during the deliverence. The court room was crowded to the utmost ca-

The closing scenes in the trial were most dramatic. Villavierncio and Ca-brera took the vertilet coolly, as in fact did all the vertiletes. Bellido was senenced to it promits' imprisonment, and Smeller, who bought the knives at the order of his master, the late Inspector General Velasques, and also Bravo, were acquitted and set free.

The condemned men do not yet seem to realize their perlious position. Their Public opinion sustains the verdict.

now under the requirements of the how who obtained the release of Max-million's former prime minister.
