There are one or two Democrats in this county, not by any means prominent in the party's councils.

Congress will convene on Monday, and it may be said that President Wilson has the office-seekers "on his hands."

The fifteen Republican majority in the Ohio legislature on joint ballot, which the revised count reveals, shows that the Buckeye state did well in the recent canvass.

A silver Republican has to do some line tight rope balancing to keep himself in line with his party in this county, nevertheless, some of them appear to be equal to the emergency.

SOMEBODY has taken the trouble to investigate the subject, and reports that while in London one person out of 45 receives charity, in New York city the proportion is about one in 400.

The Herald and the Courier, two of Tanawaga's bright newspapers, are generally in line with the people on subjects of interest to the latter. They are to be commended for the enemies they have made—back-number politicians and discredited "statesmen."

A TOWNSHIP of four thousand inhabitants (Hoopstown, Ill.) has never had a saloon. The mayor receives a salary of fifty cents a year, the remuneration of the Councilmen is half that amount, and no fees are accepted.

MISSISSIPPI, too, is going to have an educational qualification for the suffrage and some of her newspapers want the Mississippi plan to be followed. An educational qualification is all right if it bears equally on both races.

DREYFUS AND ESTERHAZY.

Alleged Letter from the Comte Bismarck Denouncing Frenchmen. Paris, Nov. 28.—The Figaro has caused a sensation in connection with the Dreyfus affair by publishing several letters purporting to have been written by Comte Ferdinand Waldin Esterhazy, who had been accused by M. Schœner-Kesner, one of the vice presidents of the senate, of being the author of the unsigned letter which led to the condemnation of Dreyfus.

In one of them, after expressing his intention to enter the Turkish service, Comte Esterhazy is represented as saying: "I shall not leave without having played a trick of my own on those scoundrel Frenchmen." Other passages illustrating the character of the letters follow.

"Our cowardly and ignorant great chiefs will go down to people German prisons." "I should be perfectly happy if I were told I was to be killed tomorrow as a captain of Uhlans entering Frenchmen."

"I would not harm a little dog, but I would have a hundred thousand Frenchmen killed with pleasure." Comte Esterhazy proceeds to say that "Frenchmen are not worthy of the cartridges intended to kill them," and he continues on a "feared" of Frenchmen as a "plague of the villages of Paris by a hundred thousand drunken soldiers."

When interviewed by reporters Comte Esterhazy displayed great indignation and declared that the letters were forged by the friends of Dreyfus.

A DEFIANT "BOOMER."

Declares He Will Resist Federal Troops if Necessary. Wichita, Kan., Nov. 29.—Captain E. L. Howe has designated Jan. 1 as the day for his "boomers" to move upon the Wichita reservation if no action toward opening it shall have been taken by Congress to that date.

"I'm the Indian police," said Howe, in advising his men. "All we want is our right according to law, and the law allows us to go into the Wichita mountains. We shall wait a reasonable time, and if our petition to Congress is not granted we shall move upon the land. I have got the men to do it, and if these Indian police or agents interfere they will be treated as such."

Howe is regarded by many as a visionary crank, but he is enjoying followers by the score.
