A

What does A stand for? When some friend suggests that your blood needs a sarsaparilla treatment, remember that A stands for AYER'S. The first letter in the alphabet stands for the first in record, first in origin, first in family. For nearly half a century

Ayer's Sarsaparilla

has been curing all forms of blood diseases—scrofula, eczema, tetter, rheumatism, erysipelas, blood poisoning, etc. There's a book about these cures—"Ayer's Carebook, a story of cures told by the cure,"—which is sent free on request, by Dr. J. C. Ayer, Lowell, Mass. The book will interest you if you are sick or weak, because it tells not what it is claimed the remedy will do, but what your neighbors and fellows testify that it has done. Will it cure you? It has cured thousands like you. Why not you?

THE KAISER CONSPIRACY. Climmer, the Last of the Conspirators, in Jail at Norristown.

Norristown, Pa., Dec. 2.—With the extradition of the arrival last night of James A. Climmer, there were no new developments yesterday in the Kaiser-DeKath-Climmer murder case. Not far from the cell in which Climmer is confined are the other two alleged conspirators in the murder of Mrs. Kaiser, the DeKath woman and Kaiser himself.

Kaiser received no visitors yesterday, and there were no signs of the confession which it is said he purposed making to the district attorney, and several of his other counsel denied that he intended making any confession. On the other hand, the request for writing paper and his broken mental and physical condition are held by many to be evidences of his pursuing such a course.

The attending physician says there is but little hope of their recovery. There had been considerable drinking previous to the shooting affray, and Yucavicz's only excuse was that Markwa and Mrs. Solomon had been teasing him. All the parties are Hungarians.
