TUESDAY, DECEMBER 7, 1907.

That is a most striking suggestion made by United States District Attorney Beck, of Philadelphia, in his communication to the Common Pleas judges, in which he says: "A right which confers upon an alien the privilege of voting for the balance of his lifetime upon questions of public interest should be attended with at least as much formality as a license to sell liquor for a year."

Congress Reassembles. The members of Congress, on reassembling at the national capitol, find that the few months which have passed since it was called in special session by President McKinley have been extremely satisfactory in their developments. The tariff law, which was placed upon the statute books by the action of the special session, has fully justified the predictions of its framers and supporters, the Administration has made splendid progress in its work with reference to foreign affairs, while the reports which members of Congress bring from all parts of the country show vastly improved business conditions.

Increased earnings among farmers, increased earnings by railroads and railroad men, increased earnings among mine operators and mine workers, increased earnings among manufacturers—these are the reports which members bring from every part of the country. From Kansas alone comes an official report placing the value of farm products in that state this year at over \$86,000,000, an increase of more than 30 per cent, as compared with last year, while the reports of mortgages cancelled in that and all of the farming states are equally gratifying. From the manufacturing and mining sections the reports are quite as favorable.

Naturally the first effect of a protective tariff is to increase the number of people employed, and it is not until the second stage of its work has been reached that the effect is felt in the increase in wages. This is now making itself apparent, for reports of increased wages come not alone from the manufacturing centers, but from the great iron mines of Pennsylvania, Michigan, and elsewhere, and from the Ohio Valley.

One subject for which members of Congress of both parties are looking with interest is the statement of Senators Pittigrew, Mantle and Dubois, who hurried away from Washington at the close of the special session to visit Japan. It was announced that their object in making this trip was to examine into the causes which led Japan to abandon the silver standard and fall in line with the progressive gold standard nations of the world. Japan, it will be remembered, was a shining example of free-silver prosperity during the discussions of 1896, and no single incident since the defeat of 1896 so much disturbed the silver advocates as the loss of Japan from their list of silver standard countries. These gentlemen will be called upon to give a definite report or an explanation of their silence.

Another subject which interests members of Congress much on their return is the announcement that all American prisoners in Cuba have now been set at liberty. It will be remembered that this administration, when it came into office nine months ago, found that a very large number of American citizens were confined in Cuban prisons, and had been so confined, in many cases, for months. Within less than a single month many of these were released, and now Congress finds, upon reassembling, that through the firm but conservative course of the administration every American citizen who was thus confined in Cuban prisons, and had been so confined for months, if not years, has been set at liberty.

The operations of the tariff law during the four months since Congress placed it upon the statute books and left it to begin its career in the face of adverse conditions, have been very satisfactory. With a hundred million dollars' worth of surplus foreign importations upon the markets of the country, the conditions in which it entered upon its work were, of course, extremely unfavorable. In the face of that fact, however, its earnings have steadily increased, beginning with a little over \$19,000,000 in its first month, and now reaching more than \$25,000,000 in November. In each month since the tariff bill was placed upon the statute books, the earnings have increased, and the Treasury officials who have been studying the new law carefully are thoroughly satisfied with its prospects as a revenue producer.

gross, and the American people generally, have no occasion to regret the election of William McKinley and a Republican Congress.

Mrs. August Case Disgraced. New York, Dec. 7.—The action brought by Mrs. Ann Angel against her husband and others to enforce an assignment of her interest in the estate of the late Jay Gould was yesterday dismissed by a jury in the supreme court. A short time ago application was made by the plaintiff to discontinue the case, but the court denied the motion and ordered the case put on for further consideration. Yesterday counsel for Mrs. Angel produced an affidavit from her client in which she said: "I was never married to Jay Gould or to any man of that name, or to any man named Jason Gould. It has been clearly shown that Mrs. Angel made the fool of others, for the purpose of assailing the Gould millions."

The Greatest Discovery Yet. W. M. Beigel, editor Tiskilwa, Ill., "Chief," says: "We keep home with Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take the place in our home, as it is a certain and sure cure for Coughs, Colds, Whooping Cough, etc. It is safe to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and healings uncounted. It never fails to satisfy. Trial bottles free at A. W. Taylor's drug store."

OUTLAWS RUN DOWN.

Five Members of the Jennings Gang Behind the Bars.

AL JENNINGS WITH THE CAPTIVES. He and His Brother Frank Were Trying to Escape Into Arkansas in a Covered Wagon When They Were Surrounded by a Marshal's posse.

Muskogee, I. T., Dec. 7.—Four members of the Jennings gang of outlaws were lodged in jail here last night. Al and Frank Jennings, the reputed leaders of the band, are among the prisoners. The two Jennings brothers and Tom O'Malley were captured by four of United States Marshal Bennett's men while traveling in a covered wagon toward the Arkansas line. The deputies surprised them on the road, and they surrendered without firing a shot. The deputies then went to a house near Bond Switch and captured Morris O'Malley, catching him in bed. Since last Tuesday the deputies had been close upon the trail of the bandits.

ALBERT JENNINGS. For whom there are standing rewards aggregating \$8,000. On Tuesday last Marshal Bennett's men encountered the gang at a house in the western part of the Cherokee nation. The deputies then succeeded in arresting John O'Malley, but the others made their escape at that time and had evidently satisfied themselves that the officers had been eluded, as they were not prepared to resist when surrounded. The Jennings boys and their followers are charged with several crimes, but were particularly wanted for the hold up of a Rock Island passenger train in broad daylight several months ago near Chickasaw, I. T. They are also accused of having stolen 400 head of cattle from the Chickasaw nation. Al Jennings has been a leader in Oklahoma politics. He was at one time county attorney of Canadian county, and is a lawyer of considerable ability, and both Al and Frank are graduates of the University of Virginia. Another brother was killed by Temple Houston, of Texas, during a saloon row about two years ago. Al Jennings was shot in the arm during the same fracas. The brothers come of a highly respected family. Their father is private judge of Woodward county, O. T. Harvey Martin, who is believed to be a member of the Jennings train robbing gang, was captured in the Creek county, O. T., yesterday.

HOW TO FIND OUT. Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and sending pain in passing it, or had effects following use of liquor, wine or beer, and removes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet sent free by mail. Mention the EVENING HERALD and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietor of this paper guarantees the genuineness of this offer.

Congressmen Rejoice at Serious Fall. Washington, Dec. 7.—Representative Belden, of New York, one of the veteran members of the house of representatives, was seriously injured yesterday afternoon by falling down the marble stairs leading from the Capitol. When he picked up from a deep gash in the forehead and another across the nose, while it was believed he had broken the nose. Mr. Belden was conscious, but not rational, and did not know his friends about him. It was feared concussion of the brain might be brought on. The wounds were bound up and the injured man was taken in a carriage to the Arlington hotel.

Mrs. Mary Bird, Harrisburg, Pa., says: "My child is worth millions to me; yet I would have lost her by a cold if I had not used Dr. King's New Discovery. My child was twenty-five cents in a little over a week. It cured cough, colds and all throat and lung troubles. C. H. Hagenbach." Ray Keyntonofsky, Be sure that the name Linnell & Ranz, Ashland, Pa., is printed on every sack. Cascares stimulate liver, kidneys and bowels. Never sticks, weakens or grips, 10c.

THE LONG DISTANCE CYCLISTS.

Walter's Remarkable Performance for the First Twenty-Four Hours. New York, Dec. 7.—Forty men started in the big bicycle race at 12:15 yesterday morning, but at 9:15 o'clock but eight only were riding. Fifteen riders had dropped out of the race, owing to illness, accident or inability to keep up the pace. At 9:15 o'clock five of the riders had passed the 400 mile mark. Walter leading by 45 miles and 7 laps. Milton was second, nine miles behind the lead. Stephen had traveled 411 miles and 2 laps. Halo, who had left the track several times on account of his lame knee and a headache, had made 350 miles, and there were 12 other men who had passed the 200 mile mark.

The feature of the race in the present time is the form exhibited by Walter. This man's riding was superb, and called for the continual admiration of the spectators. Walter had set himself a task before starting in the contest, and he carried out what he had speed upon the plans and calculations of other competitors. The task was to cover 500 miles in the first 24 hours, and the plucky rider failed only by a narrow margin. As he rode he howled down records as well as increased his lead over opponents. At the 2nd hour he was 24 miles and 7 laps ahead of Halo's record. Walter's riding is of a character that makes many doubt his ability to stick it out. He was off the track only 21 minutes in 24 hours. Halo's record for 24 hours was passed by Walter, Miller, Brennan, G. Hagenbach, Schumacher, Pierce, Moore and Rice.

Mrs. Mack, Pleasant Ridge, O., says: "After two doctors gave up my boy to die, I saved him from death by using One Minute Cough Cure." It is the quickest and most certain remedy for coughs, colds and all throat and lung troubles. C. H. Hagenbach.

For 150 in Savings Bank. Washington, Dec. 7.—The establishment and maintenance of a postal savings bank system is provided for in a bill introduced by Representative Loomer, of Illinois. Under his scheme money order offices selected by the postmaster general are to be made postal savings banks, with an office in the department to be called the central bank. Any person may become a depositor under this act, including married women and minors above 12 years. Deposits are limited to a dollar and its multiples and not exceeding \$500 each, and may be accumulating above \$1,000 but not draw interest. Deposits will not be liable to seizure or detention under any legal process.

The Effort to Save Moore. Lincoln, Neb., Dec. 7.—Attorney for Eugene Moore, embroiling ex-state auditor, announced last Monday to eight years in the penitentiary, yesterday secured from the supreme court an order for his release on \$5,000 bail pending argument for a new trial.

J. A. Perkins, of Antiquity, O., was for thirty years needlessly tortured by physicians for the cure of eczema. He was quickly cured by using DeWitt's Witch Hazel Salve the famous healing salve for piles and skin diseases. C. H. Hagenbach.

Not Death-Playing Santa Claus. Trenton, Dec. 7.—Josephine Warden, last night from burns sustained while playing Santa Claus. Miss Warden enveloped herself in a cloak stuffed with cotton. This caught fire, and despite the efforts of her friends she was fatally burned.
