THE six days bicycle race will stand as the greatest race of wheels on record.

THEY are making a big fuss over Bryan in Mexico. When the effects strikes town there's always a high old time.

IT does not follow that because a New Jersey man put on a dress suit and white kid gloves to kill himself suicide is becoming fashionable.

THE citizen of Shenandoah is not the only one who is grumbling at the condition of the streets as the Pottsville and Hazleton papers are commenting upon a like condition in those towns.

IF the new nail trust will only rim up the price of tacks so that they will be beyond the means of the persons who scatter them on bicycle paths, it will not have been organized in vain.

THE Shenandoah Daily News celebrated its fifth birthday on Saturday last and is bright and newsworthy as ever. It is progressive and fully up to the times and is enjoying well-merited prosperity.

ADMIRAL BUNCE and Admiral Seward are at loggerheads. As long as we are not at war with any one, a little variety of this kind injects a little spice into the dull routine of the sailors' lives by furnishing food for gossip.

A RICH strike of gold is reported from Colorado in a mine which was practically abandoned a short time ago. If these strikes continue much longer Colorado will become such a golden state that Senator Teller will have to move out.

JERRY SIMPSON has at last taken his own measure properly. He says that under the despotism of Tom Reed all he can do in the house is draw his salary. We should move a vote of thanks to Speaker Reed for his success in stopping this Populist wind mill.

THE scores of the contestants in the Madison Square bicycle races last week will be revised and reduced, as the track was measured Sunday morning and found to be shorter than claimed by the managers, but just how much they have not yet divulged.

"WOMAN, woman, thy name is vanity." How true are these words in the light of the story from Lynn, Mass., of the four society women who conducted on an extensive scale a system of shoplifting. Their sole motive was to feed their voracious appetite for vain show. Each was prominent socially, and moved in the best circles.

A MAN named Dayton died near Poughkeepsie, N. Y., in 1891, who had been married five times and left 32 children, and they are now in litigation over the small estate he left. With such a lot of heirs it is probable they will have as good a time over it as tradition says the monkey and parrot once had.

THAT will be a unique parade in Chicago to-night when 5000 boot-blacks with bands with horns brightly shining and headed by a squad of 60 police will celebrate the abolition of the custom which has prevailed among merchants of giving their customers a free shine. It is safe to say there will be many shining faces in that parade.

AND now a separation and possibly a divorce for Anna Gould from her husband, Count de Castellane. Squalid are said to have been frequent on their sea of matrimony, some of them amounting to storms, due principally to the extravagance of Count Bout in whose hands the Gould millions are said to have been melting like snow before a summer sun. Anna wanted a titled husband and got him.

TIPS WRITERS will, it is said, follow the example set by bicyclists and take a tumble. We do not refer to the graceful young women who preside so majestically over that very useful machine, as most of them have already taken more than one tumble off a bicycle, but to the machine itself. Goodtype-writers of the higher grades have been held up to the price of \$100 by a combination of the makers, but the cheaper grades have been crowding them out of the market so fast that the manufacturers have decided to reduce prices 50 per cent.

THREE CENT CAR FARES.

Governor Finney Asserts They Have Not Improved Features. Detroit, Dec. 14.—Governor Finney gave out a signed statement for publication denying that three cent street car fares have proved a failure. He says: "The railway managers claim their own business by saying three cent fares do not pay, hoping to receive sympathy from the aldermen and mayor. If the \$1,000,000 bonds of the Detroit railway were sold the owners got back all they paid for constructing the road. If they were not sold they have profited upon their bonds a greater profit than have most of the manufacturing concerns of the city for three years past."

Governor Finney says that a subsequent issue of \$1,000,000 of bonds, which was made by the terms of the consolidation agreement between the rival systems, was in reality pure gifts made by the owners of the road to themselves upon which they expect the people of Detroit to pay interest and eventually the principal. The governor asserts that for the last year, after paying interest upon all "bonded bonds," there was a clear profit of more than 10 per cent to the stock.

Henry Probusso Assails.

Cincinnati, Dec. 14.—The assailing of Henry Probusso was announced yesterday. Mr. Probusso has been retired from business for more than 20 years, and has been living in one of the most elegant and costly homes in the suburbs of Cincinnati. He has been assigned to Seth C. Foster. The assets are put down at \$200,000 and the liabilities at \$100,000. No reason is given for the indictment. Mr. Probusso in 1871 gave to the city of Cincinnati the beautiful bronze fountain which is located on Fifth street, between Vine and Walnut. He has been popularly known as a man entirely beyond the vicissitudes of hard times or business depression, and hence the surprise at his failure.

Consumption Positively Cured.

M. K. Govey, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief, spent many nights sitting up in a chair, was induced by Dr. King's New Discovery, and was cured in 10 days. He has not had a cough since. He is now attending to business and says Dr. King's New Discovery is the greatest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for Coughs, Colds and Consumption. It doesn't fail. Trial bottles free at A. Wadley's drug store.

THE FIGHT IN Behemah.

Vienna, Dec. 14.—The fight continues in Behemah. Today the troops have penetrated the streets of Pragau, and special guards are stationed at the German theaters, owing to the fact that a bomb was found last Thursday evening near the Royal German theater. There are numerous arrests daily, and the prisoners are so full that it has been found necessary to discharge the minor cases. Slight collisions between the students and police have occurred at Pragau, Graz and Gabel. During the week of 1907, 1000 persons have been confined in Behemah.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach be diseased, you have a dyspeptic look; if your kidneys are ached, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alterative and Tonic. Acts directly on the stomach, liver and kidneys. Purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed sold at A. Wadley's drug store. 50 cents per bottle.

Virginia's Anti-Football Crusade.

Richmond, Va., Dec. 14.—The committee to which had been referred Senator Barkley's anti-football bill yesterday decided to report the bill favorably, the vote standing five to four. There were a number of young ladies present during the discussion of the bill by the committee, and they applauded vigorously everything that was said in football's behalf. Petitions from the Woman's Christian Temperance union and the Young Woman's Christian association were read, urging that the assembly pass the bill.

Property comes quickest to the man whose liver is in good condition.

DeWitt's Little Early Remedy are famous little pills for constipation, biliousness, indigestion and all stomach and liver troubles. C. H. Hagenbach.

Actor Mansfield's Compromises.

Philadelphia, Dec. 14.—The criminal and civil suits brought by John F. Metzger against actor Richard Mansfield have been compromised. Metzger will not prosecute in the criminal court and the suit in common pleas will be withdrawn. Metzger was Mansfield's dresser, and stood for alleged assault and battery. The charges for settlement came from Lawyer John C. Johnson, on behalf of Mr. Mansfield.

ALLEGED ATTEMPTED BRIBERY.

A Kentucky Judge Insists Upon the Charges Being Investigated. Paris, Ky., Dec. 14.—Great excitement was caused here last night when Hon. E. M. Dickson, attorney for defendant in the case of the Thomas Woodford will case, asked Judge James E. Cantrell to discontinue the trial until an investigation could be held, as he had information that there had been an effort to bribe members of the jury. The judge sent the jury out, but Mr. Dickson under oath and asked him the source of his information. Dickson stated he was in honor bound not to divulge the name of his informant. The court threatened imprisonment, and the attorney stated that W. R. Thomas, son of Senator-elect J. M. Thomas, had told him that Hon. J. John T. Hinton, member of the legislature, and J. Hale Woodford, one of the beneficiaries of the will and a prominent farmer and turfman, were charged with attempting bribery. The court issued a rule against Hinton, Woodford and Thomas, returnable today. The estate involved is estimated at \$200,000.

Canada May Prohibit Endurance Races.

Ottawa, Ont., Dec. 14.—The Dominion cabinet will consider a proposal to amend the criminal code so as to prohibit continuous bicycling races. Last week's New York race is the cause for opposition to such events in Canada.

One Minute Cough Cure cures quickly.

That's what you want! C. H. Hagenbach.

Bladder Disease.

Bladder, Kidney and Urinary diseases are dreadful afflictions. Their progress is usually slow. Men and women suffer for years, and many die at last in great agony. Dr. David Kennedy's Favorite Remedy is the one medicine that cures these diseases. It lifts people out of sick-beds, and restores them to vigorous health. Strength begins to come back as soon as the sufferer begins to take it.

"For several years," says Mr. Richard B. Brown, a commission merchant of 366 Washington street, New York, "I suffered from inflammation and ulceration of the bladder. My family physician was unable to relieve me. Specialists failed to do me any good. I kept growing weaker. I had been confined to my bed five weeks, and I didn't think there was much chance of getting out of it. Well, I tried Dr. David Kennedy's Favorite Remedy. In a week I was able to get out of bed, and in a short time I recovered completely. I can work 16 hours a day now, and to Dr. David Kennedy's Favorite Remedy all credit is due."

J., Dec. 14.—Francis Lingo was yesterday committed to jail in default of \$17,000 bail to answer to the charges of tampering with the mail, using the mail with malicious intent, abduction and forgery. Overwhelming evidence was brought to bear against him before United States Commissioner Morgan.

Two Negroes Lynched.

New Orleans, Dec. 14.—Two negroes arrested for the murder of a storekeeper named Babbin, at St. Gabriel, La., were lynched last night. The proof of their guilt was conclusive, and a popular indignation was great. Sheriff Brown, fearing a jail delivery, put the blacks on the Texas and Pacific train to be taken to New Orleans for safe keeping. The people stopped the train six miles below Plaquemine, locked up the conductor and the deputy sheriff, took the negroes off and hanged them in the woods.

J. A. Perkins, of Antiquity, O., was for thirty years needlessly tortured by physicians for the cure of his rheumatism.

He was cured by using DeWitt's Witch Hazel Salve the famous healing salve for piles and skin diseases. C. H. Hagenbach.

How to Find Out.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine, and spalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention the EVENING HERALD and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

Nashville, Tenn., Dec. 14.—One of the most important assemblies of the American Federation of Labor is the 15th annual convention, which met yesterday. President Samuel Gompers, in his call, sets forth the objects of the convention in this wise: "The activities of the industrial stagnation of the past two years have not been equalled, wrongs from which the workers suffer have not been righted; the injustice imposed upon our people remains unredressed; the overworked large mass and the unemployed many are still testimony to the folly of our age; the employment of children in our factories and workshops, though limited, lingers with us still, and the spectacle is witnessed of idle men and laboriously busy children; legislators are more concerned with the privileges to the few than the rights of the many; with public assemblies and free speech are frowned or forbidden, and the modern industrial wrong which injunction utilized in the effort to crush labor."

FORT SCOTT'S WATER WAR.

The City Cannot Get Competent Men to Run the Works. Fort Scott, Kan., Dec. 14.—Not a drop of water has been served to the consumers of this city since Mayor Hesser took charge of the water works Saturday evening. Employees of the water company refuse to work for the city, and no engineer can be found who can operate the works. The city authorities accuse the company's engineer of having "spiked" the pumps. The superintendent of the works has served notice on the city that the safety of the pumping station is in danger because of the incompetency of the men who are attempting to run it. Hotel and factories ask consumers generally are compelled to obtain water from private sources, which are insufficient to supply the needs. The trouble grows out of the city having forced the water company to sell its plant.
